Dividends are paid quarterly, March (15), June, September and December. In June, 1893, dividends were increased from the rate of 6 per cent. to 8 per cent. per annum. In June, 1899, owing to the reduction of gas prices caused by competition, the company reduced the quarterly dividend to 1½ per cent. and in the following September to 1 per cent., which rate was maintained until September, 1900, when 2 per cent. was paid and continued to be the regular rate until December, 1904, when the quarterly dividends were raised to 2½ per cent., making the annual rate 10 per cent., which continued to be paid until June, 1905, when it was reduced to 2 per cent., which was the quarterly rate until March, 1906, inclusive. The June, 1906, and

subsequent dividends were 1 per cent. quarterly until December, 1910, when the quarterly rate was increased to 1½ per cent., or 6 per cent. per annum.

CONSOLIDATED GAS ELECTRIC LIGHT & POWER CO. OF BALTIMORE.

A corporation formed under the laws of Maryland, February 14, 1905. The company was a consolidation of the United Electric Light & Power Co., Baltimore, and the Wenstrom Electric Co. The company also acquired a majority of the stock of the Consolidated Gas Co. of Baltimore City, and merged with that company June 20, 1906. The charter specifically empowers the company to engage in the gas, electric light and power business in the City of Baltimore and all other parts of Maryland. Its operations now extend throughout the City of Baltimore and into the adjacent counties, namely, Baltimore, Anne Arundel and Howard Counties.

The company owns the entire capital stock of the Northern Electric Company, and practically the whole of the Mount Washington Electric Light and Power Company's stock. In January, 1907, the company acquired the stock of the Roland Park Electric & Water Company.

In November, 1907, the Baltimore Electric Company was leased for a term of 999 years. Almost all the common stock of that company is owned by the Maryland Securities Company, and the latter company's stock is owned entirely by the Consolidated Gas Electric Light & Power Company of Baltimore. Under the lease, this company guarantees the bonds of the Baltimore Electric Company, both principal and interest, and dividends of 5 per cent. on its $1,000,000 (par $50) of preferred stock.

The company has a contract with the Pennsylvania Water & Power Co. for power transmitted from the Susquehanna River, at McCall's Ferry, to Baltimore.

The company controls the entire gas and electric lighting business of the City. Its franchises are perpetual.

COPPER RANGE CONSOLIDATED CO.

A corporation formed under the laws of New Jersey, December 2, 1901, to acquire the stocks of the Copper Range Co. and the Baltic Mining Co., both Michigan corporations. Details of the plan for this combination were given in the MANUAL for 1905. The company has interest in the Trimountain Mining Co. and a one-half interest in the Champion Copper Co.

The Copper Range Co. was formed under the laws of Michigan in 1899 to construct and own a railroad in the upper Michigan copper mining district and to acquire and develop the mineral lands lying along the line of the road.

The company acquired the rights and franchise of the Northern Michigan Railroad Co., which was reorganized under the title of the Copper Range Railroad Co. The latter company's road extends from Calumet, Mich., to Mass City, Mich., with branches 82 miles, mileage including side tracks, 115 miles.

See below for the capitalization and funded debt of the railroad company.

Stock.....Par $100.....Authorized, $40,000,000.....Issued, $38,433,500

Transfer Agent, American Trust Co., Boston. Registrar, Old Colony Trust Co., Boston.

The first dividend paid by the present company was 1 per cent. quarterly, April 1, 1905, and similar dividends were paid in July, September and December, 1905. In March 1¼ per cent. was paid, the same rate being paid in July. In October, 1906, 1½ per cent. was paid and in December, 1906, 1½ per cent. and ½ per cent. extra. The April, 1, 1907, dividend was also 1½ per cent. and ½ per cent. extra, the same rates being paid in July and October, 1907. In 1908, 1909 and 1910, the quarterly dividends were 1 per cent. each.

The Copper Range Railroad Co. has an authorized share capital of $5,000,000, of which $4,244,300 has been issued, $1,639,200 being owned by the Copper Range Consolidated Co. The railroad company, in 1899, created a 1st mortgage for $5,000,000, American Trust Co., Boston, trustee, the bonds being at 5 per cent. due, October, 1949, April and October, to be issued at the rate of $20,000 per mile. The outstanding bonds are $2,280,000 in amount, of which in 1909, $870,000 were in the treasury of the Copper Range Consolidated Co.

The Copper Range Consolidated Co.'s report for 1909 showed receipts, $1,758,704; expenses and taxes, $59,822; net income, $1,698,881; dividends, $1,536,930; balance surplus, $161,951.

CORN PRODUCTS REFINING CO.

A corporation formed under the laws of New Jersey, February 21, 1906. The company was organized to effect a financial reorganization of the Corn Products Co. and to unite the control of that company and of other concerns. See below for details of plan. In 1908, the Corn Products Co. was formally merged with the company. The Corn Products Co. was a combination in 1902 of the National Starch Co., the Glucose Sugar Refining Co. and other organizations. See statement of the Corn Products Co. in the MANUAL for 1906.

The company acquired, in addition to the Corn Products Co. and the New York Glucose Co., the entire capital stocks of the Warner Sugar Refining Co., Waukegan, Ill., and the St. Louis Syrup Preserving Co. It also controls Corn Products, Limited, a British corporation, and a German company of the same title.

CRUCIBLE STEEL CO. OF AMERICA

A corporation formed under the laws of New Jersey, July 21, 1900. The company purchased the plants and goodwill of a number of concerns engaged in the manufacture of crucible and high-grade steel and products thereof, a list of the plants being given in the MANUAL for 1904.

The Park Steel Co., one of the chief constituent companies, was formed in 1899. Full details of its organization and finances will be found under its own title in the MANUAL for 1903.

In 1901, this company organized the St. Clair Furnace Co. and St. Clair Steel Co., which built large plants at Clairton on the Monongahela River. In 1902, this company formed the Clairton Steel Co., which took over the St. Clair companies. In May, 1904, the United States Steel Corporation acquired the Clairton Steel Co., assuming its bonds.

In February, 1911, this company organized the Pittsburg Crucible Steel Co. to acquire the property of the Midland Steel Co., Midland, Pa., and to improve and extend that plant. It has also organized the Crucible Coal Co. to acquire 2,000 acres of coal land, with mines sufficient to supply the parent company and its subsidiaries for twenty-five years.

The first regular quarterly dividend of 1¾ per cent. on the preferred stock of the Crucible Steel Co. of America was paid December 29, 1900, and regular dividends of that amount were paid quarterly in March (31), June, September and December, until the directors in December, 1903, decided to suspend the payment of dividends on the preferred stock. The December, 1903, quarterly dividend was accordingly passed, and no further dividends were paid until November, 1905, when 1 per cent. was distributed and continued to be the regular quarterly rate to February, 1906, when the quarterly rate was increased to 1½ per cent., which was maintained until November, 1907, when 1 per cent. was paid, subsequent payments being passed. In 1909 paid 1 per cent. in March; 1¼ per cent. in June; 1½ per cent. in September; and 1¾ per cent. in December. In March, 1910, paid 1¾ per cent.; in June, 1¾ per cent. and ⅝ per cent. extra, with 10 per cent. in scrip bearing 3 per cent. interest and redeemable up to 1920; in September and December, 1910, and in March, 1911, paid 1¾ per cent. The cumulative dividends due on the preferred January 1, 1911, were 16 per cent.

In January, 1907, the issue of collateral 6 per cent. bonds authorized in 1903 for $5,000,000 was cancelled.

THE DENVER UNION WATER CO.

A corporation formed under the laws of Colorado, October 14, 1894. The company owns and operates, under various franchises extending to 1910, the waterworks of Denver and the adjacent towns. The population served is 200,000. The company has a system of about 500 miles of mains and some 3,250 fire hydrants and 38,860 taps. It controls the South Platte Canal & Reservoir Co., which in 1904 completed a large storage reservoir. In 1907, negotiations were begun for a sale of the company's property to the City without result, however. In 1910, the electors of the City voted a bond issue of $8,000,000 for a municipal water plant, but the issuing and sale of the bonds were stopped by injunction at the suit of the trustee of the mortgage, and the cross-bill of the Water Company, from which injunction the City appealed to the United States Circuit Court of Appeals. The appeal was heard in January, 1911, and taken under advisement. The claim of the trustee is that the City is bound, under its contract of 1890, to buy the plant at the appraised valuation, $14,400,000, and the claim of the Water Company is that, as the City did not buy at the appraised valuation it is bound under the contract to extend the company's franchise for an additional twenty years.

DETROIT, MACKINAC & MARQUETTE RAILROAD LAND GRANT

Land grant 7 per cent. income bonds to the amount of $4,560,000 were created and issued by the Detroit, Mackinac & Marquette Railroad Co., which about 1881 built a line from St. Ignace, Mich., to Marquette, Mich. The company received from the State of Michigan a land grant of some 1,307,129 acres in the upper peninsula, situated in the counties of Chippewa, Mackinac, Marquette and Schoolcraft. These lands, under certain conditions, were pledged as security for the land grant bonds. The Detroit, Mackinac & Marquette Railroad was sold at foreclosure October 20, 1886, and was acquired and reorganized by the syndicate which constructed the Duluth, South Shore & Atlantic Railway. It now forms part of that system. Under the reorganization the holders of the land grant bonds retained their lien upon the lands.

Land grant income bonds, registered, due October, 1911, April and Oct..... $1,378,000

Under the instrument securing the bonds only 25 per cent. of the proceeds of lands sold were applicable to the payment of interest, the balance being applied to the expenses of the trust and redemption of bonds. Under this provision and the provision for locating land, with bonds, $2,846,000 of the bonds have been retired by purchase, and $336,000 retired in payment for lands, leaving the above amount outstanding.

Interest payments upon the bonds have been as follows: In 1892, 2 per cent.; in 1893, 2 per cent.; in 1894, 2 per cent.; in 1895, 2 per cent.; in 1896, 2 per cent.; in 1897, 2 per cent.; in 1898,

2 per cent.; in 1899, 2 per cent.; in 1900, 2 per cent.; in 1901, 2 per cent. The payments were semi-annual of 1 per cent. each in April and October at the Central Trust Co., New York. The October, 1902, payment was increased to 1½ per cent. In 1903, the payments were 3½ per cent. each, in April and October, or 7 per cent. for the year. In 1904 and 1905, 7 per cent. was also paid. In April, 1906, paid 3½ per cent., but the October, 1906, rate was 1 per cent. No interest payments were made in 1907. On April 6, 1908, 1 per cent. was paid, but no dividend was then paid until 1 per cent. was distributed in October, 1909.

In August, 1902, a sale was made of 1,000,000 acres for $1,250,000, payable in four instalments, the first payment having been made in June, 1902. During 1903 and 1904, the Trustees purchased and retired over $1,100,000 bonds with the proceeds of the above and other sales. The unsold lands, January 1, 1911, were 176,687 acres.

DISTILLERS SECURITIES CORPORATION

A corporation formed under the laws of New Jersey, September 18, 1902. The company was organized to acquire the stocks and property of the Distilling Co. of America and to readjust and simplify the capital of that company. See full statement of the Distilling Co. of America and its constituent concerns in the MANUAL for 1902.

The Distillers Securities Corporation acquired 94 per cent. of the preferred stock and 97 per cent. of the common stock of the Distilling Co. of America. The companies controlled by the Distilling Co. of America are engaged in the manufacture, distribution and sale of spirits, alcohol, Kentucky or Bourbon whiskey, rye whiskey, and their compounding and blending. The spirits and alcohol business is conducted by the American Spirits Manufacturing Co. and the Standard Distilling & Distributing Co. The Bourbon whiskey business is conducted by the Kentucky Distilleries & Warehouse Co., and the rye whiskey business by the Hannis Distilling Co. In October, 1906, a new subsidiary company was organized under the title of United States Industrial Alcohol Co. to manufacture denaturized alcohol in the interest of this company. The Distillers Securities Corporation controls the organization in question and guarantees the dividends of 7 per cent. per annum on its $6,000,000 of preferred stock, which has no voting power.

DOMINION COAL CO., LIMITED

A corporation formed under charter of the Province of Nova Scotia, February 1, 1893, to lease and operate bituminous coal deposits on Cape Breton Island. The company has a grant of same for a term of 99 years under a royalty of 12½ cents a ton. It owns and operates the Sydney & Louisburg Railway, 40 miles.

It owns extensive shipping facilities and docks at Louisburg, Sydney, Montreal, Quebec, Three Rivers, Halifax, and St. John, N. B., together with 5 steamships, 2 tugs and 5 barges.

In June, 1902, this company was leased to the Dominion Iron & Steel Co., Limited, for 99 years at a rental of $1,600,000 per annum, payable quarterly, and a royalty of 7½c. per ton on all coal mined in excess of 3,500,000 tons per annum. In 1903 this lease was annulled, the coal company paying to the steel company $2,380,000, net, for the immediate possession of its property, with all improvements made during the period of the lease, amounting to $1,600,000, also its liquid assets, etc., and for certain important modifications in the contract for supply of coal to the steel company. This contract called for from 600,000 to 1,000,000 tons of coal yearly for 92 years at $1.28 per ton, the price being subject to readjustment in 1909 and at the end of every 5 years thereafter. Disputes occurred over the contract, resulting in litigation, which in January, 1908, was decided in favor of the Iron & Steel Co. by the lower courts, which was affirmed on appeal.

In December, 1909, the Dominion Iron & Steel Co. were reported to have acquired an interest in the stock of this company, and in April, 1910, a proposition was submitted to the holders of this company's common stock to exchange same for an equal amount of common stock of the Dominion Steel Corporation, Limited, with a cash bonus of $4 per share, to be paid in four instalments of $1 each, beginning July 1, 1910. Under this offer $14,648,200 of this company's common has been acquired by the Dominion Steel Corporation, Limited. See statement of the latter company.

The coal output of this company has been as follows in the years ending February 28: 1900, 1,739,374 tons; 1901, 2,044,877 tons; 1902, 2,651,263 tons, and for the calendar year 1902, 3,174,277 tons; 1903, 3,147,766 tons; 1904, 3,023,522 tons; 1905, 3,189,657 tons; 1906, 3,552,746 tons; 1907, 3,541,253 tons; 1908, 3,505,068 tons; in 1909, 2,735,000 tons.

The preferred stock has a cumulative preference of 7 per cent., and at any time within five years from May 1, 1905, could be exchanged at the holder's option for common stock at par, and the company can redeem the preferred stock after May 1, 1910, at 125 and accrued dividends. The company had $3,000,000 of 8 per cent. preferred stock which was called and paid off May 1, 1905, at 115, a syndicate having at that time subscribed for the $3,000,000 of new preferred at 115.

Transfer Agents, American Trust Co., Boston; Royal Trust Co., Montreal; National Trust Co., Toronto. Registrar, Old Colony Trust Co., Boston.

The dividends on the old 8 per cent. preferred stock were regularly paid, 4 per cent. semi-annually, in January and July. The first dividend on the new 7 per cent. preferred was 3½ per cent. semi-annual, August 1, 1905, and similar dividends have since been paid in February and August.

Dividends on the common stock, under the lease, were 8 per cent. per annum, 2 per cent. quarterly, the dividend periods being January (1), April, July and October. In 1903, the dividends paid in January, April and July were 2 per cent. each, paid out of the rental. In January, 1904, 3 per cent. for the half year was paid on the common out of earnings. After that no dividends

were paid on the common until April 2, 1907, when payments were resumed at the rate of 1 per cent. quarterly or 4 per cent per annum, which has since been the regular rate. See above regarding quarterly payments under the amalgamation plan.

DOMINION IRON & STEEL CO., LIMITED

A corporation formed under the laws of Nova Scotia, June 22, 1899. The company has established large iron and steel plants at Sydney, Cape Breton, with a capacity of from 1,000 to 1,200 tons of steel per day. The company has 700 acres of land at Sydney and other real estate. In addition to the steel mills the plant comprises four blast furnaces with a capacity of 1,000 tons daily and 500 coke ovens producing 1,600 tons of coke per day. The company also owns extensive iron ore properties at Belle Island, Newfoundland. Construction was begun in the summer of 1899, and the furnaces and other departments began operating in the early part of 1901. The rail mill, with a capacity of 800 tons of steel rails per day, was completed in June, 1905.

This company made a contract with the Dominion Coal Co. by which the latter agreed to supply it with coal at $1.24 per ton for its requirements. In June, 1902, this company leased the Dominion Coal Co. for 99 years. This lease was annulled in 1903, the coal company paying this company $2,635,000 for its advances, and a new contract was made for the supply of coal for 92 years. Disputes and litigation arose and the suit was finally decided in favor of this company on appeal in January, 1909. In 1908–09, this company received $2,750,000 from the Coal Co. on account of the claim.

In December, 1909, this company acquired large holdings of stock of the Dominion Coal Co. In April, 1910, a proposition was submitted to the holders of this company's common stock to exchange same for an equal amount of common stock of the Dominion Steel Corporation, Limited, with a cash bonus of $4 per share, to be paid in four quarterly instalments of $1 each, beginning July 1, 1910. Under this offer $19,776,300 of this company's common stock has been acquired by the Dominion Steel Corporation, Limited. See statement of the latter company.

Stock...Par $100...Authorized { com., $25,000,000 / pref., 5,000,000 } Issued { com., $20,000,000 / pref., 5,000,000 } $25,000,000

The preferred stock is 7 per cent., cumulative. It was created in January, 1901, and was issued to provide additional funds for construction work. The preferred stock may be called and retired at 115, or holders may convert it into common stock at any time.

The common stock was increased from $15,000,000 to $20,000,000 in April, 1902, the increase of $5,000,000 being sold to the stockholders at 60.

Transfer Agents, American Trust Co., Boston; National Trust Co., Limited, Montreal and Toronto.

The first dividend on the preferred stock was 3½ per cent., October 1, 1901. Dividends on the preferred were 3½ per cent., semi-annual, in April and October. The October, 1903, dividend was passed, and none were paid until May, 1909, when 10½ per cent. was distributed. In October, 1909, paid 3½ per cent. regular and 3½ per cent. on account of back dividends. In October, 1910, paid 31½ per cent., including 28 per cent. for all accumulated dividends. In October, 1910, paid 3½ per cent. regular.

The preferred stock is 6 per cent., cumulative. Transfer Agent and Registrar, Corporation July 1, but 1 per cent. was the rate January 1, 1904, making 3 per cent. for the year. In July, Trust Co., N. J., Jersey City.

The common stock outstanding was reduced from $2,281,400 to the present amount in November, 1907, stockholders surrendering 45 per cent. of their holdings.

The first dividend of 3 per cent., semi-annual, on the preferred stock was paid July 1, 1899, and similar dividends were paid regularly, January and July, until January 2, 1901, when 1½ per cent. was paid, the reduction being due to expenditure for additions and improvements, and the semi-annual dividends on the preferred continued at the same rate. In 1903, 2 per cent. was paid

1904, 1½ per cent. was paid which continued to be the semi-annual rate during 1905 and 1906, but the January, 1907, rate was increased to 3 per cent., placing the stock on a 6 per cent. annual basis, and such dividends were paid July, 1907, and January and July, 1908. The January, 1909, dividend was 1½ per cent., but 3 per cent. was paid in July, 1909, and January and July, 1910. The January, 1911, dividend was 2 per cent. There was then 20½ per cent. accumulated dividends on the preferred.

GENERAL CHEMICAL CO.

A corporation formed under the laws of New York, February 15, 1899, to carry on the business of the manufacture of heavy chemicals. It operates twenty-five plants situated in the East and West. The company began business March 1, 1899.

Stock....Par $100.....Authorized { com., $12,500,000 / pref., 15,000,000 } Issued { com., $8,151,300 / pref., 12,500,000 } $20,651,300

The preferred stock is 6 per cent., cumulative. In August, 1910, the authorized preferred stock was increased from $12,500,000 to $15,000,000.

Stockholders, both common and preferred, in September, 1910, subscribed at par for $1,250,000 7 per cent. cumulative preferred stock of the General Chemical Co. of California, convertible until October 1, 1920, into General Chemical preferred at par.

Stock is transferred at the office of the company, New York. Registrar, Title Guarantee & Trust Co., New York.

The company began the payment of dividends on its preferred stock July 1, 1899, and has since regularly paid 1½ per cent. quarterly, in January (1), April, July and October.

In February, 1900, the company began the payment of dividends at the rate of 4 per cent. on the common stock, payable 1 per cent., quarterly, March (1), June, September and December, the dividends for 1901 and 1902 being on that basis. On February 18, 1903, a dividend of 5 per cent. on the common stock out of the earnings of 1902 was declared, payable quarterly during 1903. It was, however, decided to pay no dividends on the common stock in 1904 and 1905, the intention being to devote surplus earnings to the extension of the company's business. In 1906, 1907 and 1908, paid 4 per cent., the payments being semi-annual in 1906, and quarterly in 1907 and 1908. The March, 1909, dividend was 1 per cent. which was the quarterly rate during 1909. In 1910, paid 5 per cent., and on March 15, 1910, the common received a 10 per cent. stock dividend in common stock to represent the dividends omitted in 1904 and 1905. A quarterly dividend of 1½ per cent. was declared payable March 1, 1911.

GEORGIA RAILWAY & ELECTRIC CO.

A corporation formed under the laws of Georgia, January 28, 1902. It is a consolidation of the Atlanta Railway & Power Co., Atlanta Rapid Transit Co., Georgia Electric Light Co. and Atlanta Steam Co.

The company controls the street railway, electric light, power and steam-heating facilities of the City of Atlanta and Fulton County, Ga., and has a contract with the City for street lighting for five years, beginning in April, 1908. Its railway system comprises 176 miles of track. By the terms of the ordinance granted by the City of Atlanta the company paid $50,000 in cash to the municipality, and agreed to pay a tax of 1 per cent. on its gross receipts for the first three years, 2 per cent. for the next twenty years and 3 per cent. thereafter. The company obtains some electric power from the plant of the Atlanta Water & Electric Power Co., which was completed in 1904.

In July, 1903, this company acquired control of the Atlanta Gas Light Co. It also owns the stock of the Atlanta Northern Railway Co., an electric line from Atlanta to Marietta, Ga., of which fifteen miles is owned and three miles is trackage on the city track of the parent company.

GREAT NORTHERN IRON ORE PROPERTIES.

A trust created under an agreement dated December 7, 1906, between the Great Northern Railway Co. and the Lake Superior Co., Limited (a subsidiary and controlled organization of the Great Northern Railway Co.), whereby control of certain iron ore lands and other properties, title to which had been vested in the Lake Superior Co., Limited, were transferred to trustees under the terms and for the purposes stated below. The subsidiary companies, where stocks are held in the trust, control by ownership or lease iron ore lands in Minnesota aggregating 60,091 acres.

The lands and leases were, by the agreement of December 7, 1906, transferred to trustees to be held for the benefit of the stockholders of the Great Northern Railway Co., of record December 6, 1906, or their assigns. In October, 1906, it was announced that the owners of the $150,000,000 share capital of the Great Northern Railway Co., of record December 6, 1906, would receive certificates of a beneficial interest in the ore properties at the rate of one share of said certificates (the same having no par value), for each $100 share of Great Northern Railway stock they held. See separate statement of the Great Northern Railway Co., in the Railroad Section of the MANUAL.

In August, 1906, a lease was made of a portion of the lands to the Great Western Mining Co., a subsidiary company of the United States Steel Corporation. This lease covered 39,295 acres. See below for the terms of lease of the ore lands.

Certificates of ben. interest...Par (none)...Authorized, 1,500,000 shares..Issued, 1,500,000 shares.

Certificates are transferred at the office of the Trustees, New York.

The first distribution was $1 per share paid September 16, 1907. Further distributions of $1 per share each were paid March 16, 1908 and September 15, 1909. On March 15, 1910; September 15, 1910; December 1, 1910, and March 15, 1911, distributions of 50 cents per share each were paid.

The lease of ore lands to the Great Western Mining Co. is guaranteed by the United States Steel Corporation. It provides that the lessee shall mine and ship from the properties a minimum of 750,000 tons of ore in the year 1907, and that the amount shall increase by 750,000 tons each year until it reaches 8,250,000 tons, the annual minimum to be thereafter that amount until the ore is exhausted, unless the lease is terminated on January 1, 1915, under an option reserved to the lessee. Under the lease, the royalty to be paid for the ore is $1.65 per gross ton for ore containing 59 per cent. of metallic iron, the royalty to be increased or decreased on a fixed scale, as the ore may be higher or lower in grade than the above percentage of iron. The royalty of $1.65 per ton applies to ore mined and shipped in 1907, and the base price increases at the rate of 3 4–10 cents per ton each succeeding year. The lease of the ore properties to the Great Western Mining Co. is guaranteed by the United States Steel Corporation.

HOUSTON OIL CO. OF TEXAS

A corporation formed under the laws of Texas in July, 1901. The purposes of the company are to acquire, deal in and develop oil and lumber lands in Texas. The company acquired about 1,000,000 acres of oil and timber lands in the Beaumont region of Eastern Texas. It also acquired oil wells in the Corsicana, Tex., field and an interest in the Higgins Oil & Fuel Co. It contracted to sell to the Kirby Lumber Company about 8,000,000,000 feet of standing yellow pine timber of 12 inches and upwards, to be paid for semi-annually. This contract was assigned to the Maryland Trust Company, Baltimore, as trustee, which company issued $7,025,000 of 6 per cent. certificates of beneficial interest in said contract, redeemable in February and August instalments of each year. These certificates were guaranteed by this company and secured by a mortgage on its property. The February, 1904, instalment of the timber certificates and interest were defaulted, and in the same month both this company and the Kirby Lumber Company were placed in the hands of Receivers. Protracted litigation ensued.

In July, 1908, a compromise was effected and a decree entered with the assent of all parties. Under the settlement the amount of timber to be cut by the Kirby Lumber Co. was reduced from 8,000,000,000 feet to 6,400,000,000 feet; the minimum semi-annual payments to be ⅝ of the amount required by the original contract. The Houston Oil Co. was authorized to create a second series of 6 per cent. timber certificates for $3,500,000, in order to discharge its floating debt, the same to be issued in series of $500,000 each, redeemable every 6 months after the last of the first issue of certificates has been retired in 1913.

On April 16, 1909, the Receiver was discharged and the company returned to its own management.

The preferred stock is 6 per cent. cumulative. No dividends have been paid since 1903, and at the end of 1909 the accumulated dividends on the preferred amounted to 42 per cent. Stock is transferred at the office of the company, New York.

Of the certificates of beneficial interest, the series maturing up to February 1, 1911, have been paid off. In February, 1911, it was reported that a new bond issue to refund existing indebtedness and provide additional capital was under consideration.

HUDSON & MANHATTAN RAILROAD CO.

HUDSON RIVER TUNNEL SYSTEM.

A corporation formed under the laws of New York and New Jersey, December 5, 1906, as a consolidation of the Hoboken and Manhattan Railroad Co., of New Jersey, New York and Jersey Railroad Co., of New York, and Hudson & Manhattan Railroad Co., of New York. By virtue of such consolidation the company owns and operates a double-tube tunnel system extending from the Hudson Terminal at Cortlandt and Church streets, New York, under the Hudson River to the Pennsylvania Terminal, Jersey City, from thence making connections with the Erie station, at Pavonia avenue, and continuing to the Hoboken Terminal, adjoining the Delaware, Lackawanna & Western Railroad station. About midway between the Erie and Lackawanna Terminals, connection is made with a second double-tube tunnel under the Hudson River to Christopher street, from whence the line proceeds via Sixth avenue to Thirty-third street, New York. Operation was begun from Nineteenth street and Sixth avenue, New York, to the Delaware, Lackawanna & Western Railroad Terminal, Hoboken, on February 26, 1908. On July 19, 1909, train service was commenced between the Hudson Terminal and the Pennsylvania station at Jersey City, and on August 2, 1909, the service was extended to the Erie Terminal at Pavonia avenue and to the Delaware, Lackawanna & Western station at Hoboken. In November, 1910, the line on Sixth avenue was opened to Thirty-third street. The total line in operation, as of January, 1911, is 7¼ miles.

A branch will also be constructed from Sixth avenue under Ninth street to a connection with the subway at Fourth avenue.

An extension is also under construction from the Pennsylvania Railroad station, Jersey City, westwardly to a connection at Summit avenue with the present main line of that system (of which ½ mile to Henderson street was opened in September, 1910), and, upon its completion, through train service will be established between the Hudson Terminal Buildings, New York, and Newark, N. J., trains running through the tunnels and over the Pennsylvania's present main line into Newark, under a traffic agreement with the two companies. The Pennsylvania, Lehigh Valley, Erie and New York, Susquehanna & Western Railroads have ticket offices in the Hudson Terminal Buildings.

The company's lines are operated with electric power, and its equipment is composed entirely of steel cars. Passenger cars, 190; service cars, 3.

The Hudson Terminal Buildings, the largest office buildings in the world, were opened May 1, 1908. The tunnel trains land passengers at the station in the basement of these buildings.

HUDSON RIVER ELECTRIC POWER CO.

A corporation organized under the laws of New York, December 27, 1903. The company controls, through stock ownership, the Hudson River Water Power Co., Hudson River Electric Co. and Hudson River Power Transmission Co., together with various sub-companies constituting a group of properties supplying Central and Eastern New York State with electrical power.

The company owns a masonry dam at Spier Falls, 90 feet high and 1,600 feet in length. The power house adjoins the dam, from which transmission lines convey the current to Albany, Troy, Saratoga, Schenectady, Watervliet, Ballston, Fort Edward, Glens Falls, Sandy Hill, Amsterdam, and other points. At Utica the company owns and operates an auxiliary steam turbine station of 10,000 horse-power capacity, which will be connected with the Spier Falls water-power generating plant. Contracts for power have been made with the Utica & Mohawk Street Valley Railway, the General Electric Co., at Schenectady, the United Traction Co., supplying street railway facilities to Troy and Albany, the lighting companies of the same cities and with various users of power.

Interest on the 1st mortgage bonds due August 1, 1908, having been defaulted, the company was placed in the hands of Receivers in November, 1908. Up to March, 1911, no plan of reorganization had been agreed upon.

Following the default in August, 1908, and the receivership, a committee was formed to represent the bondholders: Chairman, James R. Hooper, Boston; Depositaries, New England Trust Co., Boston; Standard Trust Co., New York; Fidelity Title and Trust Co., Pittsburg.

Stock.....Par $100.....Authorized, $5,000,000.....Issued $4,400,000

Stock is transferred at the office of the company, Chicago. Registrar, Continental & Commercial Trust & Savings Bank, Chicago.

The company's authorized stock consisted of $5,000,000 common, and $4,000,000 6 per cent. cumulative preferred, of which $4,350,500 common and $3,550,500 preferred were issued.

In 1905, it was proposed to reduce the company's stock to $4,000,000, all of one class. The plan included the cancellation of the treasury stock, the purchase at $60 per share of $125,300 preferred stock and its cancellation, and an exchange of the old stocks remaining for the new, the preferred dollar for dollar and the common on the basis of six shares of old for one of the new stock. This plan was ratified in May, 1905, and carried out. In February, 1910, the authorized stock was increased to $5,000,000, and in March, 1910, $600,000 new stock was offered to the stockholders at par.

For the nine months of 1900, after the formation of the company, a dividend of 4½ per cent. was paid on the old preferred stock in April, 1901. In November and December, 1901, paid 3 per cent. each, or 6 per cent. for that year. In November and December, 1902, paid 3 per cent. each, or 6 per cent. for that year. No dividends were paid in 1903. In July, 1904, October, 1904, and December, 1904, dividends of 2 per cent. were paid, making 6 per cent. for the year. In April, 1905, 2 per cent. was again paid on the old preferred stock.

The first dividend on the $4,000,000 of new stock was 1½ per cent., paid July 15, 1905, and similar dividends were paid October 15, 1905, January 15, 1906, and April 19, 1906. The July, 1906, dividend was, however, not paid. In October, 1906, 1 per cent. was paid, which was also the rate of subsequent quarterly dividends to January 15, 1908, inclusive. In October, 1908, 1 per cent. was also paid. In January, 1910, the quarterly payment was increased to 1½ per cent. and in April, 1910, to 2 per cent.. which has since been the regular rate.

The company's net earnings in 1907 were $105,394. In 1908, net, $34,551; in 1909, $114,116; in 1910, $574,794. On December 31, 1910, the total surplus was $272,702.

INTERBOROUGH-METROPOLITAN CO.

A corporation formed under the laws of New York, January 24, 1906. The company was formed in pursuance of the plan for a combination of the subway, elevated and surface traction interests in New York City represented by the Interborough Rapid Transit Co., including its leased property, the Manhattan Railway Co. and the Metropolitan Securities Co., the Metropolitan Street Railway Co. and the New York City Railway Co. See separate statements of those companies. For terms of merger and the exchange of the above companies' stocks for the securities of this company, see below. The plan became effective in March, 1906.

At the end of 1909, this company had acquired the following amounts of the constituent companies' stocks:

	Total Amount	Amount Acquired
Interborough Rapid Transit Co.....	$35,000,000	$33,912,800
Metropolitan Street Railway Co..	52,000,000	42,740,000
Metropolitan Securities Co.....	30,000,000	29,392,000

Stock..Par $100...Authorized { com., $100,000,000 / pfd., 55,000,000 } ....Issued { $93,262,192 / 45,740,000 } $139,002,192

The preferred stock is 5 per cent. cumulative, and has a preference as to assets. Dividends are payable quarterly on January (1), April, July and October. The preferred cannot be increased without the consent of two thirds in amount of its holders, and no stock having prior rights can be created. The preferred has no voting power except in the event of a default in the payment of dividends and as long as such default shall continue.

All the common stock was deposited in a voting trust which terminated March 6, 1911. A new voting trust for both the common and preferred stock for five years from March 6, 1911, was created and about 90 per cent. of the common and 75 per cent. of the preferred stock were deposited under the same. The voting trustees are: August Belmont, Edward J. Berwind, Andrew Freedman, Theodore P. Shonts and Cornelius Vanderbilt. Secretary, B. Ludlam, 23 Nassau Street, New York.

On July 2, 1906, the first quarterly dividend of 1¼ per cent. was made on the preferred stock, and like payments were made in October, 1906, and in January, April and July, 1907, after which dividends ceased.

Funded Debt

Collateral trust 50 year gold bonds, 4½ per cent., due April, 1956, Apr. and Oct...	$67,825,600
6 per cent. extended collateral notes, due June, 1911	2,549,400
Total	$70,375,000

The 4½ per cent. collateral trust bonds are to be secured by the deposit with the Windsor Trust Co., New York, trustee of all the stock of the Interborough Rapid Transit Co. acquired by this company under the plan given below, there being $100 par value of stock against each $200 par value of the bonds. Coupon and registered bonds are interchangeable. Interest is paid at the Windsor Trust Co., New York.

The Manual for 1908 gives full details of the plan for the merger and exchange of stocks.

INTERBOROUGH RAPID TRANSIT CO.

(Controlled by Interborough-Metropolitan Co.)

A corporation formed under the laws of New York, May 6, 1902. The company was organized to operate the Rapid Transit Subway in New York City. It acquired all the stock of the Rapid Transit Subway Construction Co. The latter company was a New York corporation, formed in February, 1900, an account of which was given in the Manual for 1902. The Rapid Transit Subway Construction Co. took an assignment of the contract awarded by the Rapid Transit Commission and the Municipality of New York in 1900 to John B. McDonald for the construction and operation of a subway in that city.

The subway is a four-track line of road, operated by electricity, extending from the City Hall via Park avenue and 42d street and Broadway to 103d street, with two-track extensions, partly viaduct, to Van Courtlandt Park and to Bronx Park. It also has a two-track extension from

the City Hall, New York, southward to the Battery and thence by tunnel under the East River to a connection with the Long Island Railroad at Atlantic avenue, 2½ miles. The section of the road from City Hall, to as far as 145th street on the west side, was opened October 27, 1904, the line to Kingsbridge being completed in February, 1906, and the east side extension, as far as 145th street, in November, 1904, and in July, 1905, to West Farms. The tunnel to Brooklyn was completed and opened for traffic in January, 1908. Total of the subway lines operated, 82 miles. In January, 1911, the company made a proposition to the City authorities, wherein it offered to build additional subway lines supplementing its present lines.

The company, in 1904, acquired control of the New York & Queens County Railway Co., owning all its capital stock, this system including 74½ miles of electric surface lines in Long Island City. It is also joint owner with the Long Island Railroad Co. of the New York & Long Island Traction Co., 30 miles, and the Long Island Electric Co. See separate statement of the New York & Queens County Railway Co. The surface lines controlled aggregate 154.03 miles of track. The New York & Long Island Railroad Co., which has completed a tunnel from 42d street and 4th avenue, Manhattan, to Long Island City, is controlled. Operation of this tunnel has been delayed on account of a controversy with the City regarding the franchise, and up to February, 1911, the same was still unused.

The arrangement with the City, under the contract entered into in January, 1900, which contract was assigned to the Rapid Transit Subway Construction Co., included provisions that the City should issue bonds to the amount of $35,000,000 to pay for the construction of the tunnel, and that the contractor should give a bond of $5,000,000 for the construction and equipment of the road and a continuing bond of $1,000,000, four and a half years being allowed for the completion of the work. Under the terms of the agreement the contractor acquired a lease of the road for fifty years, with the right to renew the same for twenty-five years additional. The rental provided for is the amount of interest paid by the City on its bonds, issued for the purpose, including interest during construction, and in addition 1 per cent. per annum on such cost of construction, there being provisions in regard to an increase of the rental when the gross earnings of the property exceed $5,000,000 per annum. In case of a renewal for twenty-five years, the rental shall be not less than the average amount paid by the company for the last ten years of the original lease. The company agreed to provide and pay for the electrical equipment, rolling stock and other accessories of the road, the estimated cost of which was about $20,000,000.

The arrangement in connection with the construction of the line between the City Hall, Manhattan, and Atlantic avenue, Brooklyn, was that the company should build the same for $3,000,000, supplied by the City, but this part of the work cost considerably more than that sum.

The bonds created by the City in connection with the construction of the subway are both 3 per cent. and 3½ per cent., and were issued as the work progressed, payments by the City to the contractor being made by instalments as the work progressed.

In December, 1902, the company made a lease of the property of the Manhattan Railway Co. for 999 years, from April 1, 1903. The rental under the lease is 6 per cent. per annum on the stock of the Manhattan Railway Co. from the date of the lease to January 1, 1906, and 1 per cent. additional if earned. After January 1, 1906, the rental became 7 per cent. per annum on the stock of the leased company and is now paid at that rate. See the separate statement of the Manhattan Railway Co. in this edition of the MANUAL.

Stock.....Par $100.....Authorized, $35,000,000.....Issued, $35,000,000

At the end of 1910, the Interborough-Metropolitan Co. held $33,912,500 of this company's stock. See statement of the company in question.

Transfer Agents, August Belmont & Co., New York. Registrar, Guaranty Trust Co., New York.

The 1st dividend paid on the stock was 2 per cent., July 1, 1904. On January 2, 1905, 3 per cent. was paid. These dividends, it was understood, represented surplus profits derived from the lease of the Manhattan Railway Co. In January, 1905, it was announced that dividends would henceforth be paid quarterly, and the dividend paid April 4, 1905, was 1¾ per cent. quarterly. The July, 1905, dividend was, however, 2 per cent., which was also the rate paid in October, 1905, and January and April, 1906. The July, 1906, and subsequent quarterly dividends have been 2¼ per cent each.

In August, 1902, the authorized stock of the Interborough Rapid Transit Co. was increased from $25,000,000 to $35,000,000 in order to provide for the construction of the subway extension from the City Hall, Manhattan, to Atlantic avenue, Brooklyn. The additional stock, as well as the amount of the original authorized stock ($6,400,000), which remained unissued when the company was formed, were also, it was understood, subscribed for by the stockholders.

FUNDED DEBT

Gold mort. bonds, 5 per cent., due Nov., 1952, May and Nov.....	$30,552,000
Convertible notes, 6 per cent., due May, 1911, May and Nov.....	4,584,000
Total.....	$35,136,000

The convertible 6 per cent. notes were issued in 1908. They are $25,000,000 authorized, and are secured by $30,000,000 of the mortgage bonds described in the following paragraph. They were convertible into the bonds at 99 for the latter at the holder's option up to November 1, 1910, and $17,389,000 of notes were converted by that date, leaving the above amount to be retired at maturity.

The 5 per cent. mortgage bonds were authorized in 1908 for $55,000,000. They are subject to purchase at 105 and interest, there being a sinking fund of $300,000 per annum beginning November 1, 1910.

It was stated in December, 1910, that a new mortgage of $150,000,000 was being considered to refund the existing bonds and provide for additional constructions in case the company obtained the franchises from the city to build new subways.

INTERNATIONAL HARVESTER CO.

A corporation formed under the laws of New Jersey, August 12, 1902. The company purchased the following agricultural machinery manufacturing plants:

McCormick Harvesting Machine Co.
Plano Manufacturing Co.
Milwaukee Harvester Co.
Deering Harvester Co.
The Warder, Bushnell & Glessner Co.

The company also owns or controls timber land, coal, ore, blast furnaces and steel properties, In 1904, acquired D. M. Osborne & Co's. works, at Auburn, N. Y. In 1905, acquired Weber Wagon Co's. works, Chicago; Aultman & Miller Buckeye Works, Akron, O.; Keystone Works, Sterling, Ill.; and Minnie Harvester Works, St. Paul. In 1906, purchased the J. S. Kemp Manufacturing Co's. works, Newark Valley, N. Y. In January, 1910, the International Harvester Co. in Russia was incorporated under the laws of Maine, as a subsidiary company to do business in Russia.

Stock....Par $100... Authorized { com., $80,000,000 / pref., 60,000,000 } Issued { com., $80,000,000 / pref., 60,000,000 } $140,000,000

The stock was originally $120,000,000 all common. In January, 1907, the stockholders voted to divide the stock into $60,000,000 of common and $60,000,000 7 per cent. cumulative preferred stock, the latter to carry dividends from February 15, 1907. The arrangement in carrying this out was that for each two shares of the old stock, holders would receive one share of new preferred and one share of new common.

In January, 1910, the common stock was increased from $60,000,000 to $80,000,000, and the additional $20,000,000 stock distributed as a stock dividend of 33⅓ per cent. to the common stockholders, representing profits theretofore withheld from dividends on that class of stock.

The stock is held in a voting trust, until August 1, 1912, or prior thereto at the will of the trustees who are George W. Perkins, Charles Deering and Cyrus H. McCormick.

The first dividend on the old common stock of $120,000,000 was 3 per cent., paid November 10, 1903. A second dividend of 4 per cent. was paid November 10, 1904, and 4 per cent. was also paid November 10, 1905, and November 12, 1906.

The first dividend paid on the new preferred stock was 1¾ per cent. quarterly, June 1, 1907 and similar quarterly dividends have since been paid in March (1), June, September and December, being at the full rate of 7 per cent. per annum.

The dividend of 33⅓ per cent. in common stock was paid to common stockholders of record February 3, 1910. An initial cash dividend of 1 per cent. was paid on the common, April 15, 1910, and similar quarterly dividends were paid in July and October, 1910, and on January 15, 1911.

INTERNATIONAL MERCANTILE MARINE CO.

A corporation formed under the laws of New Jersey, June 6, 1893, under the title of the International Navigation Co., the name having been changed to the present style in 1902. The International Navigation Co. owned and operated the American and the Red Star lines of steamships. See statement of the company given in the MANUAL for 1902. This change of name, together with an accompanying increase in the capitalization of the company, was in pursuance of a plan to unite the ownership of a number of the principal companies carrying on a transatlantic steamship service. The plan was financed by a syndicate of American and British capitalists headed by J. P. Morgan & Co., New York.

The properties acquired included: 1. All the stock of the Oceanic Steam Navigation Co., Limited, and all rights in the White Star Line, name, etc.

2. All the shares of the Dominion Line (the British & North Atlantic Steam Navigation Co., Limited, and the Mississippi & Dominion Steamship Co., Limited).

3. The capital stock and assets of the International Navigation Co. (American and Red Star lines).

4. The capital stock and property of the Atlantic Transport Co., Limited, and Atlantic Transport Co. of West Va.

5. A majority of the preferred and common stocks of Frederick Leyland & Co., Limited.

The White Star Line and the Dominion Line were taken over as of January 1, 1901.

At the beginning of 1910 the company's fleet comprised 126 steamships in service, 1 training ship and 3 tenders, with tugs, barges and other floating equipment, representing a gross tonnage of 1,053,238 tons. There were also 3 steamships building with 97,800 tons capacity.

INTERNATIONAL PAPER CO.

A corporation formed under the laws of New York, January 31, 1898. It owns paper manufacturing plants in New York and the New England States, a detailed list of which is given in the MANUAL for 1903.

The company and its subsidiary companies hold fee simple title to about 1,000,000 acres of spruce woodlands in New York, New England, Michigan and Canada, and timber rights on over 3,000,000 acres in Canada. In 1901, the American Realty Co. was organized in the interest of this company to hold a portion of the company's woodlands in Maine. The plants have a developed water power of 170,000 horse-power, producing about 1,700 tons of news, wrapping and miscellaneous paper per day. The company controls the Continental Paper Bag Co. of Rumford Falls, Me.

Stock..Par $100..Authorized { com., $20,000,000 / pref., 25,000,000 } Issued { com., $17,442,800 / pref., 22,406,700 } $39,849,500

The preferred stock is 6 per cent., cumulative. The preferred may be increased to retire the company's bonds. Stock is transferred at the office of the company, New York. Registrar, Metropolitan Trust Co., New York.

The first regular quarterly dividend of 1½ per cent. on the preferred stock was paid July 11, 1898, and quarterly dividends of the same amount were paid regularly until April, 1908, when only 1 per cent. was paid, the July, 1908, dividend being also 1 per cent. In October, 1908, the rate on the preferred was further reduced to ½ per cent. quarterly which has since been the rate to January, 1911, inclusive. The first dividend of 1 per cent. on the common stock was paid December 31, 1898, and two other quarterly dividends of 1 per cent. each were paid on the common in March and July, 1899, respectively. The October, 1899, dividend on the common was, however, passed, the management stating that the increased business of the company necessitated a larger working capital, and since then no dividends have been paid on the common stock.

INTERNATIONAL SILVER CO.

A corporation formed under the laws of New Jersey, November 21, 1898. The company was organized to unite some of the leading manufactories of silver and silver-plated ware in the United States and Canada. The companies included, or since acquired, were:

Meriden Britannia Co., Meriden.
Rogers & Brother, Waterbury.
Barbour Silver Co., Hartford.
William Rogers Manufacturing Co., Hartford.
Manhattan Silver Plate Co., Lyons, N. Y.
Watrous Manufacturing Co., Wallingford, Conn.
Rogers Cutlery Co., Hartford.
Meriden Silver Plate Co., Meriden.
Wilcox Silver Plate Co., Meriden.
Rogers & Hamilton, Waterbury.
Norwich Cutlery Co., Norwich.
Standard Silver Co., Ltd., Toronto.
Holmes & Edwards Silver Co., Bridgeport.
Derby Silver Co., Derby, Conn.
Simpson Nickel Silver Co., Wallingford, Conn.
Simpson, Hall, Miller & Co., Wallingford, Conn.
Middletown Plate Co., Middletown, Conn.
Ontario Silver Co., Ltd., Niagara Falls, Ont.

In January, 1903, the company acquired by purchase the United States Silver Corporation, which contained in its treasury a large amount of the capital stock of the International Silver

Company, all the stock of C. Rogers & Bros., of Meriden, Conn., and had no liabilities of any description. The United States Silver Corporation has been dissolved and its assets transferred to the International Silver Company, the preferred and common stock of this company which it held being cancelled.

Stock....Par $100...Authorized { com., $11,000,000 / pref., 9,000,000 } Issued { com., $685,362 / pref., 6,028,587 } $6,713,949

The preferred stock is 7 per cent., cumulative. In January, 1903, $1,500,000 additional of preferred stock was issued for the acquisition of the United States Silver Corporation. Transfer Agent, American Exchange National Bank, New York. Registrar, New York Trust Co., New York. The company on December 31, 1910, held in its treasury $9,259,337 of common and $578,912 of preferred stock.

The payment of dividends on the preferred stock was commenced in 1900, a quarterly dividend on the preferred of 1¾ per cent. being declared, payable April 1, 1900, but no other dividends were paid in 1900 or 1901. On January 1, 1902, 1 per cent. was paid on the preferred, and subsequent quarterly payments were on that basis, the dividend periods being January (1), April, July and October. The quarterly dividend paid April 1, 1907, was increased to 1½ per cent. placing the stock on a 6 per cent. basis, but the April, 1908, dividend was reduced to 1 per cent. placing the stock on a 4 per cent. annual basis, and subsequent quarterly payments were 1 per cent. each until April, 1909, when 1¼ per cent. was paid, which was the quarterly rate until April, 1910, when the rate was increased to 1¾ per cent., ¼ per cent. extra being paid in April, July and October, 1910, and January, 1911. On March 1, 1907, an extra dividend of 1 per cent. was paid, and on January 1, 1910, ½ per cent. extra.

There was 21¼ per cent. of unpaid cumulative dividends on the preferred on January 1, 1903, and it was decided to settle the claims of the preferred stock by an issue of non-interest-bearing scrip for the amount of the unpaid dividends, the scrip being retirable at the company's option. There is $970,763 of the scrip outstanding.

INTERNATIONAL STEAM PUMP CO.

A corporation formed under the laws of New Jersey, March 24, 1899. The company is a consolidation of several large establishments engaged in the manufacture of steam pumps for all purposes. The plants acquired outright or by ownership of at least two-thirds of their stocks embrace the following: Henry R. Worthington, New York and Harrison, N. J.; Blake & Knowles Steam Pump Works, Limited, East Cambridge, Mass.; Deane Steam Pump Co., Holyoke, Mass.; Laidlaw-Dunn-Gordon Co., Cincinnati, O.; Snow Steam Pump Works, Buffalo, N. Y.; Holly Manufacturing Co., Buffalo, N. Y.; the Clayton Air Compressor Works; the Power & Mining Machinery Co., Jeanesville Iron Works Co. In 1910, acquired F. M. Prescott Steam Pump Co., Milwaukee, and the Denver Rock Drill & Machinery Co.

The plants manufacture a diversified product, comprising among others steam pumps, pumping engines, condensers, compressors, gas engines, gas producers, mining machinery, cement machinery, stone crushers, creosoting machinery, etc.

Stock..Par $100..Authorized { com., $24,000,000 / pref., 15,000,000 } Issued { com., $17,762,500 / pref., 11,350,000 } $29,112,500

The preferred stock is 6 per cent., cumulative. Transfer Agent, Trust Co. of America, New York. Registrar, Windsor Trust Co., New York.

Of the preferred stock a sufficient amount is set aside to retire the $2,000,000, 7 per cent. cumulative preference stock of the Henry R. Worthington Co. and the $302,155, 6 per cent. debentures and $485,000, 8 per cent. preference shares of the Blake & Knowles Co. See separate statement of the Worthington Co.

In May, 1906, the authorized common stock was increased from $18,500,000 to $24,000,000, and the preferred from $12,500,000 in connection with the acquisition of the Power & Mining Machinery Co. In payment for that company's stocks this company issued $5,500,000 additional common and $2,500,000 additional preferred stock.

The payment of quarterly dividends of 1½ per cent. on the preferred stock began August 1, 1899, and have been paid regularly at that rate in February (1), May, August and November. A dividend of 4 per cent. on the common was declared out of the earnings of the year ending March 31, 1901, payment to be in quarterly instalments, beginning July 1, 1901, and the same rate was declared for 1902 and 1903, the dividend periods for the common stock being January (3), April, July and October. In 1904, 1 per cent. was paid in January, April and July, but the October, 1904, dividend on the common was ½ per cent. and ½ per cent. was also paid in January, 1905, and April, 1905, but the July, 1905, dividend was passed, and none has since been paid.

Funded Debt

The International Traction collateral trust mortgage is $30,000,000 authorized, an amount of $11,685,000 being reserved to take up previous liens, $360,000 being still held in the company's treasury to provide for improvements, etc. Bonds can be called at 110 and interest on any interest date. Trustee of the mortgage, Guaranty Trust Co., New York. Interest is payable at office of J. P. Morgan Co., New York. See below regarding default in interest.

The company has $360,000 of 4½ per cent., $175,000 of 6 per cent., and $25,000 of 5 per cent. car trust obligations outstanding.

In addition to the bonds outstanding and included in the above table, $518,000 1st mortgage 6 per cent. bonds of the Niagara Falls & Suspension Bridge Railway Co., $100,000 4 and 6 per cent. bonds of the Tonawanda Electric Railroad Co. and Tonawanda Street Railway Co. and $22,500 1st mortgage 5 per cent. bonds of the Niagara Falls, Whirlpool & Northern Railway, three of the constituent companies of the International Railway Co., are owned by the International Traction Co.

The July, 1910 interest in the collateral trust was defaulted. A committee was previously formed to represent the bondholders; Chairman, Robert L. Fryer, Buffalo. Secretary, A. H. Gillard, 23 Wall street, New York. Depositary, J. P. Morgan & Co., New York. The committee, under date of June 21, 1910, submitted a plan which proposed the formation of a new company to take over the property and issue a new mortgage bearing 5 per cent. interest to be exchanged for the old collateral trust bonds at 70 for the latter. This provision was subsequently changed by making the rate of interest on the new bonds 4 per cent. and giving holders of the old the same par value in the new bonds. An arrangement was made whereby the amount of the July, 1910 and January, 1911 coupon was advanced to depositing bondholders.

The International Railway Co. also owns $350,000 of the Crosstown Street Railway Co.'s 1st mortgage bonds, which are not included in the amount of that issue given in above table.

INTERSTATE RAILWAYS CO.

A corporation formed under the laws of New Jersey, December 3, 1902. The company's charter gives it power to deal in or operate railways, electric and other plants. It controls the United Power & Transportation Co., having purchased in December, 1902, all of the $3,593,750 stock of the latter company, paying $75 per share in its own collateral trust 4 per cent. bonds for each share of United Power & Transportation stock, the par of the latter being $25 per share. See statement of the United Power & Transportation Co.

Default on the company's bonds occurred in February, 1910. A reorganization was proposed but delay ensued, and it was finally arranged to lease the underlying companies in four groups known as the Wilkes-Barre, Reading, Wilmington and Trenton systems to corporations which would provide the capital for betterments and assume the fixed charges of the underlying companies, and pay rentals for same sufficient to provide for interest on the bonds of the United Power & Transportation Co. and of the Interstate Railways Co. and leave a surplus applicable to dividends on the latter's stock. To provide for unpaid coupons and other obligations, this company created $1,000,000 of 6 per cent. cumulative preferred stock and the Interstate Railway's bondholders were invited to exchange their coupons for 1910 and 1911 for the preferred stock at par, the preferred not so exchanged to be offered for subscription.

The local subsidiary companies formed to lease the underlying properties are The Wilkes-Barre Railway Co., Reading Transit Co., Trenton & Mercer County Traction Co., Southern Pennsylvania Traction Co. and the Wilmington & Philadelphia Traction Co., the two last named being under the same management.

The preferred stock is 6 per cent. cumulative, its par value being $10 per share and was authorized November 11, 1910. It has a preference as to assets, but no voting power. The dividends are payable January 1 and July 1, the first dividends being due July 1, 1911.

Stock is transferred at the office of the company, Camden, N. J.

Funded Debt

Collateral trust bonds, 3 to 4 per cent., due Feb., 1943, Feb. and Aug..... $10,776,600

The collateral trust bonds are secured by the deposit with the Real Estate Title Insurance & Trust Co., Philadelphia, trustee, of the stock of the United Power & Transportation Co., referred to above, which was purchased with the bonds. The bonds are subject to call at 105 and interest after February, 1913, on thirty days' notice. They bear interest at the rate of 3 per cent. per annum for the first year, from the date of issue, February 1, 1903, 3½ per cent. for the second year, and 4 per cent. for the third and subsequent years. Interest is payable at the office of the trustee.

The February, 1909, coupon was defaulted, but was paid in May, 1909. The August, 1909, coupon was also defaulted but was paid in November, 1909.

LACLEDE GASLIGHT CO.

A corporation formed by a special Act of the Legislature of Missouri, March 2, 1857. Its charter is perpetual, and confers upon the company the perpetual right to use the streets of St. Louis for its pipes and any appliance for conducting a substitute for gas. In 1889 the company secured control of all the other gas organizations in that city. Its plants have a capacity of about 20,000,000 feet per day, with about 863 miles of street mains, 239,827 consumers' meters and 19,000 lamp services and lamp posts. The company also sells electricity.

The North American Co. had an interest in this company but in June, 1909, control was acquired by St. Louis capitalists.

Stock...Par $100....Authorized { com., $17,500,000 / pref., 2,500,000 } Issued { com., $10,700,000 / pref., 2,500,000 } $13,200,000

The preferred stock is 5 per cent., cumulative. The common stock was increased from $7,000,000 to $8,500,000 in 1900, and in 1904 a further increase of $9,000,000 was made in the authorized amount.

Stock is transferred at the office of the company, New York. Registrar, Central Trust Co., New York.

In January, 1911, the company declared a dividend of 10 per cent. in common stock to holders of both the preferred and common of record March 27, 1911, including $1,000,000 of new common offered to stockholders of record March 2, 1911 for subscription at $110 per share. These transactions increased the common stock issued $10,700,000 in April, 1911.

On February 8, 1898, the company paid in full all accumulated back dividends on the preferred stock. The dividends on the preferred are paid semi-annually, 2½ per cent. each, in June (15) and December.

The initial dividend on the common stock was 1½ per cent., semi-annual, in February, 1898, and it continued such payments on the common at the rate of 3 per cent. per annum in 1898 and 1899. In March, 1900, the semi-annual rate was increased to 2 per cent., putting the common on a 4 per cent. basis. The semi-annual dividends on the common were in March (15) and December, but in 1904 the payments were made quarterly of 1 per cent. each, beginning June 1 of that year. The dividend paid March 15, 1905, was increased to 1¼ per cent. or 5 per cent. per annum, which was the regular rate until March, 1909, when it was increased to 1½ per cent., the rate being further increased in September, 1910, to 1¾ per cent. quarterly, or 7 per cent. per annum.

THE LEHIGH COAL & NAVIGATION CO.

A company incorporated in Pennsylvania, February 13, 1822, with a perpetual charter.

This company owns the Lehigh Canal, the Lehigh & Susquehanna Railroad and branches, 163 miles, the Nesquehoning Valley Railroad, 17 miles, and the Delaware Division Canal, besides having an extensive anthracite coal property. It leases the Tresckow Railroad, 7 miles, and Wilkes-Barre & Scranton Railroad, 4 miles; in all, 11 miles leased. These railroads are leased to The Central Railroad Co. of New Jersey at a rental of one-third of gross earnings. In 1904, the company acquired an interest in the Lehigh & New England Railroad Co.

This is the oldest of all the anthracite companies, having been organized in 1822. The first shipments of anthracite coal were made from its property.

Stock.....Par $50.....Authorized, $24,173,000.....Issued, $24,146,950

In 1902 the company issued and sold $1,436,665 of new stock to provide for improvements, and in November, 1904, the stockholders subscribed at par for $1,577,200 new stock. In March, 1908, the stockholders had the right given them to subscribe at par for $1,734,500 new stock in the proportion of 10 per cent. of their holdings. Stockholders of record April 30, 1909, were offered the right to subscribe for 10 per cent. of their original holdings in new stock at par. On March 1, 1910, paid a scrip dividend of 15 per cent., the scrip being convertible into stock at par between March 1 and April 30, 1910, or if not, converted to be redeemed by the company at par. This called for the issue of $3,150,400 new stock. Stockholders of record April 29, 1911, were given the right to subscribe at par for 10 per cent. of new stock amounting to $2,414,650, payable between May 15 and May 27, 1911. This will increase the stock to $26,561,600.

Stock is transferred at the office of the company, Philadelphia. Registrar, Fidelity Trust Co., Philadelphia.

Dividends were formerly paid semi-annually in May and November. They are now quarterly in February, May, August and November. In May, 1900, the semi-annual rate was increased from 2 to 2½ per cent., and the dividend paid November 27, 1900, was increased to 3 per cent., putting the stock on a 6 per cent. basis, which was the rate in 1901, but the November, 1902, dividend was reduced to 2 per cent., making 5 per cent. on the stock for 1902. In 1903, the dividends were 3 per cent. semi-annually, or 6 per cent. for the year. In 1904, the dividends paid were 7 per cent., the semi-annual payments being 3½ per cent. In 1905, paid 8 per cent. or 4 per cent. semi-annually, which was also the annual rate paid in 1906 to February, 1911, inclusive. In November, 1909, paid 1 per cent. extra. See above regarding 15 per cent. scrip dividend paid March 1, 1910.

In December, 1904, stockholders were invited to deposit their stock in a voting trust to run until March 1, 1910, the trustees to have power to sell the deposited stock at $135 per share. The trustees are R. Dale Benson, Philadelphia, Edward Walter Clark, Philadelphia, George H. Earle, Jr., Philadelphia, George H. Frazier, Philadelphia, Erskine Hewitt, New York, and Lewis A. Riley, Philadelphia. A large majority of the stock was deposited with the Provident Life & Trust Co., Philadelphia, under this arrangement. In November, 1909, a continuance of the voting trust until March 1, 1915, was proposed and ratified by deposits of $16,031,750 of stock. The trustees have power to sell at not less than $175 per share.

MACKAY COMPANIES

A voluntary association formed under the laws of Massachusetts, the agreement and declaration of trust in connection with the organization being dated December 19, 1903.

The organization owns the whole or part of the capital stock of cable, telegraph and telephone companies, including the entire capital stock of the Commercial Cable Co., $23,000,000, and the various companies contributing to the Postal Telegraph system. It was also the largest holder of the stock of the American Telephone & Telegraph Co., but in February, 1910, it sold its entire interest in that company.

Shares..Par $100..Authorized { com., $50,000,000 / pref., 50,000,000 } Issued { com., $41,380,400 / pref., 50,000,000 } $91,380,400

The preferred shares are 4 per cent., cumulative. Shares are transferred at the office of the company, New York. Registrar, American Exchange National Bank, New York.

The first dividend on the preferred shares was 1 per cent., paid April 10, 1904, and quarterly dividends of 1 per cent. each have since been paid regularly, the dividend periods being January (1), April, July and October. The first dividend on the common stock was a semi-annual payment of 1 per cent., January 10, 1905, and similar payments were made in July, 1905, and January, 1906. In July, 1906, a quarterly dividend of 1 per cent. was paid which continued to be

the regular rate, the dividend periods being January, April, July and October. The January 1910 dividend was increased to 1¼ per cent. which has since been the quarterly rate.

The income of the subordinate companies is largely in excess of the amount required to pay the dividends, but it is the policy of The Mackay Companies to obtain from the subordinate companies only enough money to meet the dividends of The Mackay Companies' shares, all surplus earnings being left in the treasuries of the subordinate companies for extensions and the development of the business and the increase of reserves.

MANHATTAN RAILWAY CO.

(Leased to Interborough Rapid Transit Co.)

A corporation formed November 24, 1875. Road owned, 37¾ miles of double-track elevated road in Manhattan and Bronx Boroughs, New York City, including sidings and third track; total track, 118 miles. In 1901–02 the road was equipped with electric power. Passenger cars, 1,591; service cars, 52.

On August 1, 1884, this company merged with it the Metropolitan Elevated Railway Co., and the New York Elevated Railroad Co. The present company assumed all liabilities and obligations of the consolidated lines.

In December, 1902, the company's property was leased to the Interborough Rapid Transit Co. for 999 years from April 1, 1903. The rental was 6 per cent. per annum on the stock from April 1, 1903, until January 1, 1906, with 1 per cent. extra if earned. Since the latter date the guaranteed dividends have been 7 per cent. per annum.

Stock.....Par $100.....Authorized, $60,000,000.....Issued, $60,000,000

Stock is transferred at the office of the company, New York. Registrar, Mercantile Trust Co., New York.

The stock of the company was originally $26,000,000, authorized. In 1891, $4,000,000 new stock was issued for the acquisition of the Suburban Rapid Transit line. On February 1, 1899, it was decided to install electric power instead of steam, and $18,000,000 new stock was authorized to meet the expenses of the change of power. Stockholders were offered the privilege of subscribing for the additional stock at par to the extent of 60 per cent. of their holdings. Prior to the lease to the Interborough Rapid Transit Co., the stock was increased to $60,000,000, and $7,200,000 of the same was offered to the stockholders at par, being 15 per cent. of their original holdings. It is provided under the lease that the remaining $4,800,000 of stock could be issued after January, 1906, the proceeds to be applied to improvements. This amount of stock was sold at auction in New York on November 28, 1906, at from $141 to $143 per share, raising the issued stock to $60,000,000.

Dividends on the stock are 7 per cent. per annum, paid quarterly, 1¾ per cent. each., in January (1), April, July and October.

MASSACHUSETTS ELECTRIC COMPANIES

A voluntary association organized in Massachusetts in 1899. The association is managed by a board of fifteen trustees, who hold title to its assets. The declaration of trust contains provision against the creation of any indebtedness whereby shareholders can become personally liable. The association acquired through ownership of all or a majority of their stock, thirty-six railway and electric lighting companies in Massachusetts, New Hampshire and Rhode Island. The trustees have, however, procured the merger of many of these companies, so that their number has been reduced to the following:

Boston & Northern Street Railway Co.
Old Colony Street Railway Co.
Hyde Park Electric Light Co.

The following companies are controlled through lease:

Boston & Chelsea Railway Co.
Boston & Revere Electric Street Railway Co.
East Middlesex Street Railway Co.
Winnisimmet (Street) Railroad Co.
Nashua Street Railway Co.
Newport & Fall River Street Railway Co.

The companies which are owned have a total share capital of $21,131,500, practically all being held by the trustees of this organization except the preferred stocks of the Boston & Northern, and of the Old Colony Street Railway Co's. The system comprises 888.46 miles of track, of which 63.45 miles are leased. Their power stations have an aggregate capacity of 60,275 horse-power.

The organization since its formation has provided a large amount of cash to extinguish the floating debts of the various companies and to improve the properties, and has, by consolidation of various companies it controls and in other ways, economized their expenses and increased their earnings. The aggregate funded debt of the constituent companies, including notes, on September 30, 1910, was $21,704,000. In 1903 the Boston Elevated Railway Co. leased the portion of the Old Colony Street Railway in the city of Boston for 99 years at an annual rental of 6⅛ per cent. on an appraised value of $353,000.

Stock ...Par $100... Authorized { com., $14,293,100 / pref., 20,557,400 } Issued { com., $14,293,100 / pref., 20,557,400 } $34,850,500

The shares are in the form of certificates issued by the trustees and representing proportionate participation in the organization. The preferred shares are 4 per cent., cumulative.

Transfer Agent, Old Colony Trust Co., Boston. Registrar, American Trust Co., Boston.

The first dividend on the preferred shares was 2 per cent., semi-annual, paid December 1, 1899. A second dividend of 2 per cent. was paid June 1, 1900. In December, 1900, the dividend period was changed to January and July, and 2⅓ per cent. was paid on the preferred January 1, 1901; 2 per cent. was subsequently paid on the preferred, in July (1) and January, until January 1, 1905, when the dividend was passed, and none were paid until 1 per cent. was distributed January 1, 1909. In July, 1909, 1½ per cent. was paid, in January, 1910, 1¾ per cent. and in July, 1910, 2 per cent., which was also the rate paid in January, 1911.

In January, 1909, the Boston & Northern Railway Co. issued and sold $723,600 of 6 per cent. cumulative preferred stock and in 1910 it sold $588,300 additional. The Old Colony Railway Co. in 1909 issued and sold $372,600 6 per cent. cumulative preferred stock and in 1910, $404,100 additional. In both cases the preferred stock is subject to call at 120 and the dividends of 6 per cent. are paid semi-annually in February and August.

MERGENTHALER LINOTYPE CO.

A corporation formed under the laws of New York, December 16, 1895. The company is successor to the Mergenthaler Linotype Co. of New Jersey, which had a capital of $5,000,000, and which was a consolidation of several smaller companies. The company owns the patents covering the linotype machine, which does away with the ordinary printer's type and with the old processes of composition and distribution in printing. These machines are now in general use throughout this country. The company has a large factory in Brooklyn, N. Y., for the manufacture of the machines, and both sells and leases them to printers and newspapers.

In 1909, the company acquired a controlling interest in the British Linotype & Machinery, Limited (including the business and property of the Canadian-American Linotype Corporation of Canada, the factory of which is at Montreal), and in the Mergenthaler Setzmaschinen-Fabrik, G. m. b. h. of Germany.

METROPOLITAN SECURITIES CO.

A corporation formed under the laws of New York, February 14, 1902. The purpose of the company was to acquire, own or sell the securities of other companies. It owns all the stock of the New York City Railway Co., originally the Interurban Street Railway Co., which is $20,000,000 authorized and $9,361,500 issued, to which company the Metropolitan Street Railway Company's system of roads was leased for 999 years, from February 14, 1902. See statement of the latter company. This company also acquired holdings (the amount of which is not definitely known), of the stock of the Third Avenue Railroad Co. In 1909, it was understood that the holdings of Third Avenue stock had been sold.

This company acquired the stock and bonds of the New York, Westchester & Connecticut Railway, the People's Traction Co., all the stock of the Edenwald Street Railway Co., the Jerome Park Railway Co. and the Wall & Courtlandt Street Ferries Railway Co. It has an interest in the New York Transportation Co., which controls the Fifth Avenue Coach Co. and the Park Coach Co.

In January, 1906, a plan was formulated whereby this company's stock was to be sold to the Interborough-Metropolitan Co. See statement of the latter company. Under the terms of the plan Metropolitan Securities stock, 75 per cent. paid, was to be exchanged for 93½ per cent. of its face in common stock of the Interborough-Metropolitan Co. At the close of 1907 the Interborough-Metropolitan Co. had acquired $29,373,100 of this company's stock.

In September, 1908, the New York City Railway Co. obtained a judgment for $4,964,000 and interest against this company. In September, 1909, a Receiver was appointed for this company. In July, 1910, the Court approved a settlement of the suit against this company involving payment of $5,500,000.

Stock.....Par $100.....Authorized, $30,000,000.....Issued, $30,000,000

The entire stock was subscribed, and there was paid in on the same $25 per share at the inception of the company, a second payment of $25 being called and paid June 10, 1903, making the stock $50 paid. In connection with the sale of this company's stock to the Inter-borough-Metropolitan Co. it was provided that this stock should be 75 per cent. paid, and a further call of 25 per cent. was accordingly made, payable January 30, 1906, making the stock $75 paid.

Transfer Agent, Guaranty Trust Co., New York. Registrar, Mercantile Trust Co., New York.

The plan for the formation of this company provided that the property of the Metropolitan Street Railway should be leased to the New York City Railway, the latter to assume the fixed charges of the Metropolitan Street Railway Co. and guarantee dividends of 7 per cent. per annum on the entire amount of the capital stock. The stockholders of the Metropolitan Street Railway Co. were given the right to buy $23,400,000 of the stock of the Metropolitan Securities Co. at par. This company agreed to pay $23,000,000 cash into the treasury of the Interurban Street Railway Co., receiving in return stock of the Interurban Street Railway Co. at par and debentures bearing interest at a rate not exceeding 4 per cent. per annum.

The New York City Railway Co. has 10-year 3 per cent. notes outstanding to the amount of $1,761,000 and had loans and bills payable December 31, 1906, $10,865,000.

Receiver—Sidney Smith, New York.

President, Herbert H. Vreeland, New York. Vice-President, R. W. Meade, New York. Secretary and Treasurer, Edward W. Sayre, New York.

Main office, 115 Broadway New York. Annual meeting, second Wednesday in December, at New York.

METROPOLITAN STREET RAILWAY CO.

NEW YORK CITY RAILWAY CO.

The Metropolitan Street Railway Co. is a corporation formed under the laws of New York November 12, 1893. The company prior to the Receivership, controlled all the important street railway lines in Manhattan, New York City. An organization known as the Metropolitan Traction Co. was formed in 1891, under the laws of New Jersey, in order to purchase the Broadway Surface Railway Co. In September, 1892, the Metropolitan Traction Co. reorganized under the New York law. The Metropolitan Street Railway Co. was organized in 1893 to operate the roads, and all of its stock was owned by the Metropolitan Traction Co. In 1896, the stock of the Metropolitan Street Railway Co. was increased from $16,500,000 to $30,000,000, and in October, 1897, it was exchanged for the stock of the Metropolitan Traction Co., the latter being dissolved.

On October 1, 1907, Adrian H. Joline, New York and Douglas Robinson, New York, who had in September, 1907, been appointed Receivers of the New York City Railway Co., were appointed by the United States Circuit Court, Receivers of the Metropolitan Street Railway Co. In July 1908, William W. Ladd, New York, was appointed by the Court sole Receiver of the New York City Railway Co.

The Metropolitan Street Railway Co. was originally a consolidation of four roads controlled by the Metropolitan Traction Co., viz.: Broadway Railroad Co., South Ferry Railway Co., Houston, West Street & Pavonia Ferry Railroad Co., and Chambers Street & Grand Street Ferry Railroad Co. In 1894 and 1895, it also formally absorbed the Columbus & Ninth Avenue Railroad, Metropolitan Crosstown Railway and the Lexington Avenue & Pavonia Ferry Railway Companies. Other companies, in which the Metropolitan Traction Co. had a controlling interest, were also leased to the Metropolitan Street Railway Co., viz: Broadway & Seventh Avenue Railroad Co., Sixth Avenue Railroad Co., Ninth Avenue Railroad Co., Twenty-third Street Railway Co., (including its leased line, the Bleecker Street & Fulton Street Railroad), Forty-second Street & Grand Street Ferry Railroad Co., Central Park, North & East River Railroad Co. (Belt Line). Control of the Eighth Avenue Co. was also acquired in November, 1895, and that road was leased to the Metropolitan Street Railway, and in 1896 the Fourth and Madison Avenue surface line of the New York & Harlem Railroad was leased. In 1897, the company acquired a controlling interest in the Central Crosstown Railway Co., including Christopher & Tenth Streets Railroad Co., and in the Second Avenue Railroad Co., the latter being leased. The roads leased and controlled through ownership of part or all of their stocks included the Thirty-fourth Street Crosstown Railway Co., the Twenty-eighth & Twenty-ninth Street Crosstown Railroad Co. and the Fulton Street Railroad Co.

A joint reorganization committee has been formed for the refunding and the general collateral trust bonds composed of: Donald Mackay, New York; W. P. Dixon, New York; C. E. Tripp, New York; and Otto H. Kahn, New York. There is also a protective committee for the minority stockholders: Chairman, John I. Waterbury, New York. The Guaranty Trust Co., New York, is Depositary for the general collateral trust 5 per cent. bonds, and the Farmers' Loan & Trust Co., New York, is Depositary for the refunding 4s. A decree of foreclosure was granted in March, 1909, in the suit brought by the trustees of the general collateral trust mortgage. The time of sale has been postponed from time to time on account of there being no definite reorganization plan.

See above in statement of the Metropolitan Securities Co., in regard to the lease of the Metropolitan Street Railway to the Interurban Street Railway Co., now the New York City Railway Co., which was made in April, 1902, the terms of the lease including the guarantee of 7 per cent. per annum on this company's stock. The Interurban Street Railway Co., was incorporated under the laws of New York, November 25, 1901, and on February 10, 1904, its name was changed to the New York City Railway Co. Its stock is $9,361,500, and there are $1,761,000 of 3 per cent. notes, due April, 1912, together with some $10,000,000 of bills payable and loans. All the above were held by the Metropolitan Securities Co.

In January, 1906, a plan was announced for the sale of this company's stock to the Interborough-Metropolitan Co., the provision of the plan being that this company's stock should be exchanged for 100 per cent. of new 5 per cent. cumulative preferred stock of the Interborough-Metropolitan Co. and 55 per cent. of the latter's common stock. See statement of the Interborough-Metropolitan Co. Under this offer the Interborough-Metropolitan Co. acquired $42,740,000 of the Metropolitan Street Railway Co.'s stock.

In 1898, the Metropolitan Street Railway Co. increased its capital stock to $45,000,000. Out of the increase of $15,000,000 the stockholders were allotted $10,000,000 at par, and of the proceeds $6,000,000 were used to retire $6,000,000 of 5 per cent. debentures and $4,000,000 to changing the power on various lines to electricity. The remaining $5,000,000 of stock was sold

to stockholders at par in August, 1899. In May, 1900, the stock was increased from $45,000,000 to $52,000,000. In December, 1900, this $7,000,000 additional stock was allotted to the stockholders at 160.

In May, 1900, the Metropolitan Street Railway Co. leased the Third Avenue Railroad Co., and guaranteed that company's issue of $50,000,000 4 per cent. bonds. The New York City Railway owned $4,500,800 of the Third Avenue Co's stock, and the Metropolitan Securities Co. also acquired an interest in the Third Avenue stock. In 1909, it was understood that these interests had been sold. For terms of the lease see the Third Avenue Railroad Co's statement. Also as to separate Receivership of that company, which, with its controlled properties, was thus severed from the Metropolitan Street Railway System and the exchange of free transfers between the lines of the two companies abolished.

The Receivership has resulted in defaults in rentals on leased lines and a practical disruption of the system. The Third Avenue Railroad Co. was placed in the hands of F. W. Whitridge as separate Receiver in September, 1907. The Central Park, North & East River Railroad Co's lease was cancelled in June, 1908, and that road returned to its stockholders. In June, 1908, the Receivers discontinued operating the Fulton Street Railroad. The rental of the Second Avenue Railroad Co. was defaulted in March, 1908, and on September 30, 1908, George W. Lynch was appointed separate Receiver for that company. The Twenty-eighth & Twenty-ninth Street Crosstown Railway also has a separate Receivership.

See below regarding plan for a reorganization submitted tentatively in December, 1910.

Total miles of track operated June 30, 1906, 516.80 miles. This included 424.27 miles operated with electric power and 92.53 miles with horses.

In connection with the installation of electric power on its lines the company acquired a water-front property on the East River at Ninety-sixth and Ninety-seventh streets, where it erected a large power station.

Stock.....Par $100.....Authorized, $52,000,000....Issued, $52,000,000

* Interest upon issues thus marked is in default.

The Receiver's certificates have a prior lien to both the general collateral trust and the refunding mortgage bonds.

The general collateral trust mortgage created in 1897 was to provide for changes in motive power, power-houses, etc. The interest on these bonds, due February 1, 1908, was defaulted.

In connection with the formation of the Metropolitan Securities Co. and the lease of this company to the Interurban Street Railway Co., the Metropolitan Street Railway Co. in April, 1902, authorized the creation of a refunding 4 per cent. mortgage, due 2002, with which to retire prior liens and provide for improvements and extensions. The authorized amount of the refunding mortgage is $65,000,000. Trustee, Farmers' Loan & Trust Co., New York. Interest on the bonds is payable at the office of the company. The October, 1907, coupons were paid, but in November, 1907, the trustee brought suit to foreclose the mortgage.

The Lexington Avenue & Pavonia Ferry Railroad Co. 1st mortgage 5s and the Columbus & Ninth Avenue Railroad Co. 5s were authorized in 1894 to provide for an extension of the cable system. Both issues are guaranteed and assumed by the Metropolitan Street Railway Co. Of the Broadway Surface Railroad 1st mortgage bonds $1,125,000 are guaranteed by the Broadway & Seventh Avenue Railroad Co., and $375,000 by the Twenty-third Street Railway Co.

The Metropolitan Street Railway has large stock interests in the various companies leased, amounting to $22,188,900. The following companies were leased upon a guarantee of dividends, the amounts of which and of their respective stocks are as follows. See above regarding the cancellation of leases and separate Receiverships of various companies.

*Second Avenue Railroad	9 per cent. per annum	1,862,000

——* Metropolitan Street Railway has a controlling interest in stock of roads thus marked.

The rental of the New York & Harlem Railroad's Fourth avenue surface road is $350,000 per annum for first five years from the date of the lease in July, 1896, and $400,000 per annum thereafter. The Second Avenue lease provided for 8 per cent. dividends for three years from March 1, 1898, and 9 per cent. thereafter.

1905-06	17,425,660	8,939,087	11,225,403	2,286,316

Net earnings for 1902-03 include $297,994 miscellaneous income; in 1903-04, $481,362; in 1904-05 $1,086,489, and in 1905-06, $1,089,939.

The earnings of the system for the year 1909 (excluding the Third Avenue Railroad lines as stated by the Joint Reorganization Committee, were as follows: gross earnings, $13,258,412; operating expenses and taxes, $9,775,386; net, $3,483,024; rentals and charges paid by Receiver, $2,426,176; balance net income, as per Receiver's report, $1,056,842. From this the statement

deducts (1) charges not met by Receiver, $1,643,118; (2) allowance for depreciation, $1,000,000; (3) interest on Receiver's obligations, etc., $250,000; balance deficit, $1,836,270, less income on securities owned, $212,000, leaving the deficit for 1909 approximately $1,624,270.

The earnings of the lines operated by the Receivers of the Metropolitan Street Railway Co. for the year ending June 30, 1910, were, gross, $13,217,117; net, $2,942,531; surplus over interest and rentals paid, $334,412.

The Joint Reorganization Committee for the general 5s and refunding 4s in December, 1910, submitted a tentative plan to the Public Service Commission, which proposed the formation of a new company to take over the Metropolitan Street Railway and certain of its subsidiaries. The properties and securities of the Third Avenue Railroad Co., Second Avenue Railroad Co., Central Park, North & East River Railroad Co.; 28th & 29th Streets Crosstown Railroad Co. and Fulton Street Railroad were not included in the plan. The plan provided for new securities as follows: 1st real estate and refunding, 4 per cent. bonds, $11,768,000; thirty-year adjustment income, 5 per cent. bonds, $40,000,000; capital stock, (to be held in a voting trust) $14,150,000. The distribution proposed of the new securities to creditors and holders of the old issues is as follows:

THE MEXICAN LIGHT & POWER CO., LIMITED

A corporation formed under the Dominion of Canada Companies Act of 1902. The company acquired the property and franchise of the Societe de Necaxa, a Mexican corporation, having a concession from the Government of Mexico for the utilization of the water power of the Necaxa, Tenango and Catepuxtla rivers in the State of Pueblo, Mexico, for the installation of an electric plant, and the transmission of the current to the City of Mexico and elsewhere in the Republic. It also has a franchise from the City of Mexico for the erection of sub-stations, and the distribution and sale of light and power in the city, In 1903, the company acquired control of the Mexican Electric Works, Limited, which has a plant in the City of Mexico operated by steam power and a distribution system in connection therewith. This company organized and controls the Mexican Electric Light Co., Limited, which acquired the remaining light and power companies in the City of Mexico. In 1907, the Robert Electric Co., operating in the same territory, was acquired. In January, 1910, acquired the Irrigation & Electric Co. of the State of Hidalgo, with the electric facilities of Pachuca, Mex., which are operated by the Pachuca Light & Power Co., a controlled organization.

The water powers acquired are 88½ miles distant from the City of Mexico, and the transmission line which was completed in 1905, is 95 miles long, with a branch 26 miles to the City of Pachuca. The present installations furnish 50,000 horse-power, which will be increased to 100,000 horse-power when the works in progress are completed.

In February, 1909, interests identified with the Mexican Tramways Co., acquired control of this company.

The preferred stock is 7 per cent., cumulative. It also has preference as to distribution of the assets in case of dissolution. Transfer Agent, Dayton Savings & Trust Co., Dayton, O.

In September, 1906, the common stock authorized and issued was increased from $4,000,000 to $9,000,000 and the additional amount distributed to the common stockholders as a stock dividend.

Dividends on the preferred have been paid regularly since the stock was issued, the payments being semi-annual, 3½ per cent. in January and July. In 1904, 2 per cent. was paid on the common stock; in 1905, 3 per cent.; in 1906, 3 per cent.; in 1907, 1 per cent. In April, 1908, 2 per cent. was declared payable in nine monthly instalments, the first being on April 10, 1908, and the others on the 1st of each succeeding month. In December, 1908, 2½ per cent. was declared payable in twelve instalments, beginning January 1, 1909. In December, 1909, 2½ per cent. was again declared payable likewise in twelve monthly instalments, beginning January 1, 1910. The same rate and payments were declared for 1911.

The net earnings of the company are stated to have averaged about $300,000 per annum.

NATIONAL ENAMELING & STAMPING CO.

A corporation formed under the laws of New Jersey, January 21, 1899. It is a consolidation of concerns which produce the greater part of the enameled ware made in the United States and a large proportion of the tin, galvanized, japanned and copper wares. The plants acquired were those of the St. Louis Stamping Co.; St. Louis Tin Plate Co.; Granite City Rolling Mills; Granite City Steel Works; Granite City Sheet Mills, located at St. Louis, and Granite City, Ill.; Kieckhefer Brothers Co., Milwaukee; Matthai, Ingram & Co., Baltimore; the Haberman Manufacturing Co., Berlin Village, L. I., and Brooklyn, N. Y.; American Stamping Co., Brooklyn, N. Y.; Eastern Tinware Co., Portland, Conn.; Stewart Enamel Co., Bellaire, O.; Keene & Hagerty Manufacturing Co., Baltimore; H. Haller Manufacturing Co., Limited, New Orleans. The company also acquired the rolling mills of the St. Louis Stamping Co. and its tin plate mills. In 1903, purchased the Whitaker & Weber Manufacturing Co., St. Louis, and in 1904, the National Manufacturing Co., New Orleans.

The preferred stock is 7 per cent., cumulative. Transfer agencies, New Jersey Corporation's Agency, Jersey City; office of the company, New York. Registrar, Trust Co. of America, New York.

The first quarterly dividend of 1¾ per cent. on the preferred stock was paid March 31, 1899, and regular quarterly dividends at the same rate have since been paid, the dividend periods on the preferred now being January (1), April, July and October. In December, 1904, dividends on the preferred for nine months were declared at the rate of 7 per cent. per annum, the same to be paid 1¾ per cent. each January 1, April 1 and July 1, 1905. The declaration for nine in place of twelve months was in order to make the company's dividend year coincide with its fiscal year. In August, 1905, 7 per cent. was declared on the preferred, payable 1¾ per cent. each October 1, 1905, and January 1, April 1 and July 1, 1906, and similar quarterly payments have since been paid to 1911, inclusive.

The first dividend on the common was 4 per cent., declared in 1901, out of earnings of that year and payable in four quarterly instalments of 1 per cent. each, beginning January 1, 1902. Dividends at the same rate were thereafter paid regularly on the common stock in January (1), April, July and October, until October, 1904, inclusive. In December, 1904, dividends for nine months were declared on the common, to be paid, ½ per cent. each, in January, April and July, 1905, but no further dividends have been paid on the common since the last named date.

NEVADA CONSOLIDATED COPPER CO.

(Controlled by Utah Copper Co.)

A corporation formed under the laws of Maine, November 17, 1904.

The mining properties of the company are located in the Robinson Mining District, near Ely, White Pine County, Nevada, 153 miles south of Cobre, a station on the Southern Pacific Railroad. The company owns some 800 acres of mineral land in several groups. Its principal

developments are at the Ruth and Eureka workings. The Guggenheim Exploration Co. had an interest in the company.

In November, 1909, this company's stock was increased to $10,000,000, authorized, to purchase the stock of the Cumberland-Ely Copper Co., and holders of the $6,500,000 of the latter (par $5) were offered 1 share of Nevada Consolidated for each 3¼ shares of Cumberland-Ely. Under this offer 96 per cent. of the Cumberland-Ely stock was acquired, and on August 10, 1910, the Nevada Consolidated purchased its entire property. See statement of the Cumberland-Ely Copper Co. in MANUAL for 1910.

The Nevada Consolidated Copper Co., and the Cumberland-Ely Copper Co., each owned half the capital stock of the Nevada Northern Railroad Co., and of the Steptoe Valley Smelting and Mining Co. In the fall of 1906, the 141 miles of road between Cobre and Ely was completed.

The Steptoe Valley Smelting and Mining Co's holdings include 8,000 acres, together with a water right sufficient to treat 25,000 tons of ore daily. The company has a concentrating plant and a smelter capable of handling 1,500 tons per day.

In January, 1910, the Utah Copper Co. offered to give 1 share of its stock for 2¼ shares of Nevada Consolidated Copper stock. Holders of a majority of this company's stock accepted this offer.

Stock.....Par $5.....Authorized, $10,000,000.....Issued, $9,991,175

An initial dividend of 37½ cents per share was paid December 31, 1909, and similar dividends have since been paid quarterly in March (31), June, September and December, being $1.50 per share, or 30 per cent. yearly.

The stock is full paid and non-assessable. Stock is transferred at the company's office, New York. Transfer Agent, Boston Safe Deposit & Trust Co., Boston. Registrar's, Guaranty Trust Co., New York; Old Colony Trust Co., Boston.

The company's bonds have been retired in exchange for stock or by purchase and the mortgage cancelled.

NEW ENGLAND COTTON YARN CO.

A corporation formed under the laws of Massachusetts, November 27, 1903. The company was organized to take over the property of the New England Cotton Yarn Co. of New Jersey, in pursuance of the plan of reorganization, referred to below. The statement of the old company was given in the MANUAL for 1903.

In November, 1909, it was decided to lease the property of the company to the Union Mills, or 99 years, the terms including a guarantee of 6 per cent. dividends on the preferred and 7½ per cent. per annum on the common stock of the company.

Stock..Par $100..Authorized.. { com., $3,900,000 / pref., 2,000,000 } Issued { com., $3,900,000 / pref., 2,000,000 } $5,900,000

The preferred stock is 6 per cent., non-cumulative, and is subject to call at the company's option, after January 1, 1904, at 140 and accrued dividends. The preferred stock represents cash paid in under the reorganization plan. Transfer Agents, Kidder, Peabody & Co., 115 Devonshire street, Boston. Registrar, National Shawmut Bank, Boston.

The first dividend on the preferred stock of the present company was 1½ per cent. paid November, 1905, and similar quarterly dividends have since been paid, the dividend periods being February, May, August and November.

The initial dividend on the common was 1½ per cent., paid September 3, 1907. At the same time 6 per cent. was declared on the common, payable quarterly 1½ per cent. each September 3 and December 3, 1907 and in March and June, 1908. Similar quarterly dividends were paid until the lease went into effect. After the payment of 1½ per cent. quarterly February 1, 1910, the 7½ per cent. common dividends under the lease have been paid $3.75 per share, each, in April (1) and October.

Funded Debt

NEW YORK & QUEENS COUNTY RAILWAY CO.

(Controlled by Interborough Rapid Transit Co.)

A corporation formed under the laws of New York, June 26, 1896. The company is a consolidation of the following organizations:

Steinway Railway Co.
Newtown Railway Co.
Flushing & College Point Railway Co.
Riker Avenue & Sandfords Point Railway Co.
Long Island City & Newtown Railway Co.
Queens Railway Co.

The company controls the entire street railway system of Long Island City, N. Y., and also has a line to Flushing, N. Y. It has 40.24 miles of lines, comprising 74.47 miles of trolley track, with a power station at Astoria, L. I. The company has a franchise to run cars over the new Queensboro Bridge to New York.

In 1904, control of this company was acquired by the Interborough Rapid Transit Co., which owns nearly all the capital stock. A tunnel was constructed under the East River to connect this company's lines with the New York Subway, at Forty-second street, Manhattan. This work was completed in 1908. Its operation was, however, delayed by dispute with the City regarding the validity of the franchises, and negotiations were instituted for the sale of the tunnel to the company, but without success. In March, 1911, the matter was still unsettled, and the tunnel not operated.

NEW YORK STATE RAILWAYS.

A corporation formed under the laws of New York, March 22, 1909, as a consolidation of the Rochester Railway Co., the Rochester & Eastern Rapid Railway Co. and the Rochester & Sodus Bay Railway Co. Road owned, 137.50 miles; leased, 11.59 miles; total operated, 149.09 miles, of which 157.50 miles are owned and 11.59 miles leased. The mileage comprises the electric railway service in the City of Rochester, N. Y., together with interurban lines to Sodus Bay, N. Y.; Geneva, N. Y.; and Canandagua, N. Y. The company has a long term contract for power with the Rochester Railway & Light Co. The company was formed in pursuance of a plan to combine under one ownership the stocks of various electric railroads in New York which had been acquired by, or in the interest of, the New York Central & Hudson River Railroad Co., and which were vested in the Mohawk Valley Co. The latter reassigned these interests to the New York Central and they were conveyed to the present company after the consolidation. The properties thus controlled through ownership of all or a majority of their stocks, comprise the following:

	Miles
Utica & Mohawk Valley Railway Co	78.70
Syracuse Rapid Transit	51.83
Oneida Railway	49.52
Schenectady Railway (controlled jointly)	69.36
Rochester & Suburban Railway	10.43
Rochester Electric Ry	4.80
Ontario Light & Traction Co	2.23
East Side Traction Co	6.44

The Oneida Railway, in addition to above mileage, has trackage over the West Shore Railroad between Utica and Syracuse and operates over a total of 114 miles.

This company controls the Rochester Electric Co. and the Ontario Light & Traction Co., the latter controlling the Canandaigua Gas Light Co.

The Schenectady Railway's $4,000,000 stock is owned ½ by this company and ½ by the Delaware & Hudson Co. The New York State Railways owns all the $7,500,000 stock of the Utica & Mohawk Valley Railway Co. It owns 96 per cent. of the $7,500,000 stock of the Oneida Railway Co. and 58 per cent. of the $4,000,000 stock of the Syracuse Rapid Transit Co. See separate statements of the latter and of the Schenectady Railway Co.

It is proposed to merge the Rochester & Suburban Railway Co., the Rochester Electric Railway Co. and the Ontario Light & Traction Co. with this company, and application has been made for authority to acquire those companies.

The New York Central & Hudson River Railroad Co. holds $8,866,507 common and $4,498,050 2d preferred stock and $5,911,193 common is held by the Central Railway Syndicate, which is affiliated with the Railroad Co.

See statement of the Rochester Railway & Light Co., which formerly held control of the Rochester Railway Co., through ownership of the majority of its capital stock.

Stock...Par $100....Authorized { com., $19,997,700 / pref., 3,862,500 } Issued { com., $19,952,400 / pref., 3,862,500 } $23,814,900

The preferred stock is 5 per cent., cumulative, and can be called at 116 upon any dividend day. The company originally had $4,500,000 of 5 per cent. 2d preferred stock, exchangeable for common stock, all of which has been exchanged.

An initial dividend of 1¼ per cent. paid on the preferred stock in July, 1909, and similar payments since have been made quarterly in January (10), April, July and October.

THE NIAGARA FALLS POWER CO.

A corporation formed under special acts of the State of New York in 1886, and having authority by later statutes to use the water of Niagara River, and to transmit any power, heat or light developed from such water to any point in the State. Its hydraulic works include 7,481 feet of tunnel, extending from its power-house to the level of the river below the Falls, and two plants with an aggregate capacity of about 105,000 electrical horse-power, in addition to a plant on the Canadian side with 63,000 horse-power which is to be increased to 125,000 horse-power. The American and Canadian plants are inter-connected. The Canadian plant was constructed by The Canadian Niagara Power Co., the stock control of which is held by this company.

The company owns 1,070 acres of land in the city of Niagara Falls, N.Y., devoted to sites for factories using its power. Power is supplied to tenants of the company on its lands in the city of Niagara Falls and to customers in Niagara Falls, Buffalo and Tonawandas.

Commercial service from the first two units installed in the American plant was begun in August, 1895. Approximately 135,000 electrical horse-power and 8,000 hydraulic horse-power is now being supplied to upwards of three hundred-power users, at distances varying from one-quarter of a mile to thirty-five miles, at Niagara Falls, N. Y.; Niagara Falls, Canada; Buffalo, North Tonawanda and Tonawanda.

The company owns a majority of the stock of the Cataract Power & Conduit Co., its Buffalo distributing agency, also the Tonawanda Power Co., its distributing agency in the Tonawandas, and it owns all the shares of the Niagara Junction Railway Co., a terminal switching railroad at Niagara Falls, N. Y., and of the Niagara Development Co., which has built and owns aresidential section in Niagara Falls, N. Y.

The 1st mortgage is $10,000,000. The coupon bonds are for $1,000 each. Registered bonds are $500 each or multiples of $500. Interest on the bonds is payable at the office of Winslow, Lanier & Co., New York. Trustee of the mortgage, Central Trust Co., New York. The mortgage securing the company's bonds covers its property in the City of Niagara Falls, and all franchises, transmission lines, etc.; also a majority of the stock of the Cataract Power & Conduit Co. and of the Tonawanda Power Co.

The 6 per cent. debentures Series A are secured by debentures of the Canadian Niagara Power Co. in the treasury of the Niagara Falls Power Co., and are termed Canadian Collateral debenture Series A. Coupons are payable at the office of Winslow, Lanier & Co., New York

The ten-year debentures, Canadian Collaterial Series B and C, were created to provide for the completion of the Canadian plant. Coupons are payable at the office of Winslow, Lanier & Co., New York.

In June, 1909, a 6 per cent. refunding and general mortgage of $20,000,000 was authorized, due January, 1932, interest April and October. Trustee, Bankers' Trust Co., New York. In March, 1910, holders of the $3,000,000 6 per cent. debentures, due April 1, 1910, and of the Series A, B and C 6 per cent. debentures, aggregating $6,076,000, were given the privilege of exchanging said debentures for 6 per cent. refunding and general mortgage bonds. All of the $3,000,000 of debentures due April, 1910, have been retired under this arrangement or paid off and a large proportion of the debentures Series A, B and C were also converted into the new bonds.

NILES-BEMENT-POND CO.

A corporation organized under the laws of New Jersey, August 11, 1899. The company was formed to combine the business of the following manufacturers of machinery and machine tools:

Niles Tool Works Co., Hamilton, O.
Bement, Miles & Co., Philadelphia.
Pond Machine Tool Co., Plainfield, N. J.
Philadelphia Engineering Co., Philadelphia.

In January, 1901, the Pratt & Whitney Co., of Hartford, Conn., was acquired, and in 1904 the Milwaukee Machine Tool Co. In 1905, acquired control of John Bertram & Sons, Limited, Dundas, Ontario, and Pratt & Whitney Co., of Canada Limited and in 1906 bought the works of the Ridgway Machine Tool Co., Ridgway, Pa.

Stock...Par $100....Authorized { com., $8,500,000 / pref., 3,000,000 } Issued { com., $8,500,000 / pref., 2,000,000 } $10,500,000

The preferred stock is 6 per cent., cumulative, and was subject to call at 105 in 1911. In December, 1910, the date for such redemption was extended to January, 1921.

In November, 1906, the authorized common stock was increased from $5,000,000 to $8,500,000. Of the increase $2,000,000 was distributed as a stock dividend on the common shares and $1,500,000 was sold at par in January, 1907.

Transfer Agent, Corporation Trust Co., Jersey City. Registrar, Colonial Trust Co., New York.

The first dividend paid on the preferred stock was 1½ per cent., quarterly, November 29, 1899. Dividends at the same rate have since been regularly paid on the preferred, quarterly, February, May, August and November. The first dividend on the common was declared in August, 1900, and was 3 per cent. half-yearly, payable in two instalments of 1½ per cent. each on September 20 and December 20, 1900. In 1901, 6 per cent. was paid on the common in quarterly payments of 1½ per cent. each in March, June, September and December. In addition to the regular dividend of 1½ per cent. on the common in March, 1902, the company declared an extra 1 per cent. dividend, payable May 15, 1902. The September, 1902, dividend on the common was 2 per cent., or 8 per cent. per annum, which continued to be the regular quarterly rate until June, 1904, inclusive. The September, 1904, dividend was, however, reduced to 1½ per cent., which has since been the regular rate. On January 2, 1907, the common received a stock dividend of 40 per cent.

There was outstanding $1,225,000 preferred stock of the Pratt & Whitney Co., on which this company guaranteed dividends of 6 per cent. per annum, payable quarterly, February, but reserved the right to call the same at par in 1911. In December, 1909, it was decided to call the original Pratt & Whitney preferred on January 1, 1911, and to issue $2,000,000 of new preferred entitled to 6 per cent. dividend and redeemable January, 1921. The preferred stock of the Niles Tool Works is $1,000,000, not guaranteed, but 6 per cent. is paid thereon, the dividend being quarterly, March. The Ridgway Machine Co., has $429,000, 6 per cent. cumulative preferred, on which the dividends are guaranteed, and $126,000 of 5 per cent. bonds redeemable at par.

NORTH AMERICAN CO.

A corporation formed under the laws of New Jersey, June 14, 1890. The company was organized to succeed the Oregon & Transcontinental Co. and purchased the securities owned by the latter.

The company is largely interested in street railway, gas and electric enterprises, controlling the Milwaukee Light, Heat and Traction Co., the Milwaukee Electric Railway & Light Co., the Union Electric Light & Power Co. of St. Louis, St. Louis County Gas Co., and the United Railways of St. Louis and the West Kentucky Coal Co. The company had an interest in the Laclede Gas Co. of St. Louis, but sold same in July, 1909, to local capitalists.

Stock.....Par $100..... Authorized, $30,000,000.....Issued, $29,793,300

On January 23, 1901, the stockholders ratified a reduction of the stock from $50,000,000 authorized to $12,000,000. The amount of old stock outstanding was $39,789,200, which was reduced to the amount given above.

In March, 1903, the stock was increased from $12,000,000 to $17,000,000, the stockholders subscribing at par for the same. The purpose of the increase was to acquire control of the Laclede Gas Co.

In February, 1905, the company acquired the minority interests in the Laclede Gas Co. and the Union Electric Light, Heat & Power Co. of St. Louis. An increase of the authorized stock from $17,000,000 to $30,000,000 was made, the stockholders subscribing at par for $5,100,000 of new stock.

The West Kentucky Coal Co. was acquired in May, 1905. That company owns about 22,000 acres of coal lands and has an issue of $5,000,000 5 per cent. bonds of which $1,994,000 are outstanding. In 1905, also acquired a majority of the stock of the United Railways of St. Louis. In August, 1906, the St. Louis and Suburban Railway Co. was purchased. In 1907, the company sold its holdings of stock of the Milwaukee Electric Railway and Light Co. to the Milwaukee Light, Heat & Traction Co., receiving that company's stock and bonds in payment therefor.

Stock is transferred at the office of the company, New York. Registrar, Farmers' Loan & Trust Co., New York.

The company began the payment of dividends on its stock on March 1, 1903, paying 1 per cent. quarterly, or 4 per cent. per annum, the rate being increased to 1¼ per cent., or 5 per cent. per annum, March 1, 1904, which was thereafter the regular rate, the dividend periods being March (1), June, September and December. The December, 1907, dividend was, however, passed and none were paid until 1¼ per cent. in April, 1909, which has since been the regular quarterly rate in January, April, July and October.

FUNDED DEBT

THE ONTARIO POWER CO. OF NIAGARA FALLS

A corporation organized June 23, 1887, under a special charter of the Dominion of Canada, which authorizes the company to use the water of the Niagara River for power purposes and to export electric power to the United States. It has agreements with the Commissioners of Queen Victoria Niagara Falls Park, covering a period of 110 years from 1900, for placing its power house and other structures within the limit of the park. The company's works will have an ultimate capacity of about 200,000 horse-power. The company owns all the stock of the Ontario Transmission Co.

Commercial service began on November 6, 1905, with only part of the plant. Power is now being furnished throughout the Niagara Peninsula in Ontario, and as far East as Syracuse, N. Y. and as far South and West as Lackawanna and Dunkirk, N. Y. The company has a contract with the Niagara, Lockport & Ontario Power Co. for the sale of power. See statement of that company. The present capacity of the plant is 100,000 horse-power, but an addition to the plant is now in process of construction which will carry the capacity to 140,000 horse-power in 1911.

ONTARIO SILVER MINING CO.

A corporation formed under the laws of Utah in 1877. It owns and operates the Ontario and Daly mines, near Park City, Utah. The company owns also the Park City Water Co., the Weber Coal Co., with 811 acres of coal lands, and has considerable interests in other mining properties, also in the Ontario Drain Tunnel about 4 miles long.

Stock.....Par $100.....Authorized, $15,000,000.....Issued, $15,000,000

Stock is transfered by the Assistant Secretary, New York.

The company's mines are among the largest silver producers in the United States. From its incorporation to December 31, 1901, it paid in dividends $13,737,500. Owing to the low price of silver, it did not pay a dividend from 1897 until April, 1900, when 30c. per share was paid. In 1901, 50c. was paid for the year. In 1902, paid 90c. for the year. No dividends have since been paid.

OSCEOLA CONSOLIDATED MINING CO.

A corporation formed under the laws of Michigan in 1873. It owns a mineral property near Hancock, Houghton County, Mich., adjoining the famous Calumet & Hecla, the conglomerate lode of which crosses and outcrops on its estate. In 1879 consolidated with the Opechee Mining Co. Mining began in 1873, and in 1875 the Osceola mill was completed. In 1897 this company purchased the property of the Kearsarge Mining Co., including the Iroquois Copper Co. and the Tamarack, Jr., Mining Co., issuing in payment for the former 25,000 of its own shares and for the latter 16,000 shares. In 1906, the Calumet & Hecla Mining Co. acquired a large interest in this company's stock.

In January, 1911, a proposition was submitted to merge this company with the Calumet & Hecla Mining Co. and other subsidiary companies of the latter, the offer being to give ½ share of the stock of the new consolidated company for each share of Osceola Consolidated. A minority shareholder obtained a temporary injunction against the carrying out of this plan as regards the Osceola Co. though the merger was ratified by the Osceola stockholders at a special meeting held March 9, 1911. See statement of the Calumet & Hecla Mining Co.

The Pacific Gas & Electric Company's collateral trust mortgage is $10,350,000 authorized and is secured by deposit of stock of the San Francisco Gas & Electric Co. and the stock of the California Gas & Electric Corporation. Trustee of the mortgage and agent for the payment of interest, Union Trust Co., San Francisco. Interest is also payable in New York.

The Pacific Cas & Electric Company's new debentures of 1907 are $4,000,000 authorized. They can be called at 100 and interest. Trustee, Trust Co. of America, New York,

The general and collateral trust mortgage of the California Gas & Electric Corporation is $10,000,000, authorized, secured by practically all the shares of the constituent companies as collateral. Of the total mortgage $2,450,000 was reserved for acquisitions and betterments. The bonds are subject to call on any interest day at 110 and interest. A sinking fund is provided as follows: March 1, 1904 to 1908, $150,000 per annum; 1909 to 1913, $200,000 per annum; 1914 to 1918, $250,000 per annum; 1919 to 1923, $300,000 per annum; 1924 to 1928, $350,000 per annum; 1929 to 1933, $400,000 per annum. The sinking fund will also provide for the sinking funds of the constituent companies and for the redemption of their bonds. The bonds redeemed will be kept alive and bear interest, except where their cancellation has been expressly provided for. Trustee of the mortgage and agent for the payment of interest, Mercantile Trust Co., San Francisco.

The California Gas & Electric Corporation unifying and refunding 5 per cent. mortgage was authorized in 1907 for $45,000,000, having a lien upon all the property and franchises of the Corporation owned or hereafter acquired. It is also a lien through a supplementary mortgage to be executed by the Pacific Gas & Electric Co., prior to any other mortgage of the Pacific Gas & Electric Co., upon all the properties of that company except the stock of the San Francisco Gas & Electric Co., but includes the properties of the California Central Gas & Electric Co., Fresno Gas & Electric Lighting Co., and the Vallejo Gas Co., subject, however, to underlying mortgage of the California Central Co. $30,282,000 par value of the new bonds were reserved to retire prior liens. Balance will be issued in carefully restricted amounts for refunding floating debt and for 85 per cent. of new improvements, betterments, etc. The bonds are callable at 110 and interest upon any interest date after November 1, 1912, upon 60 days' notice.

The mortgage provides that a sinking fund be created and maintained as follows: 1912 to 1916 inclusive, $450,000 per annum; 1917 to 1921 inclusive, $550,000 per annum; 1922 to 1926 inclusive, $700,000 per annum; 1927 to 1936 inclusive, $900,000 per annum. This sinking fund will be applied as far as necessary toward making the sinking fund payments required by underlying mortgages and the balance to purchase for the sinking fund of the bonds issued under the new mortgage.

The total amount of the 1st mortgage of the Sacramento Electric, Gas & Railway Co. is $2,500,000, of which amount $265,000 are for Central Electric Railway bonds. Bonds may be retired as follows: 1902 to 1906, $5,000 per annum; 1907 to 1911, $10,000 per annum; 1912 to 1916, $20,000 per annum; 1917 to 1921, $30,000 per annum; 1922 to 1926, $40,000 per annum. Trustee, Mercantile Trust Co. of San Francisco. Interest is paid at the company's office, San Francisco, and at the office of N. W. Halsey & Co., New York.

The 1st mortgage of the Central Electric Railway is for $265,000. Trustee and agent for the payment of interest, Mercantile Trust Co. of San Francisco. Interest is also payable by the Union Trust Co., New York. The 2d mortgage bonds of the Bay Counties Power Co. are subject to call at any time at 105.

The total amount of the 1st mortgage of the Valley Counties Power Co. is $2,500,000. A sinking fund, beginning in 1905 with 1 per cent. of the outstanding bonds and increasing to 3 per cent. in 1925 and thereafter, is provided. Trustee, Mercantile Trust Co. of San Francisco.

PENNSYLVANIA STEEL CO.

A corporation formed under the laws of New Jersey, April 29, 1901. The company acquired and owns the stock of the following companies:

The Pennsylvania Steel Co., of Pennsylvania.
Maryland Steel Co.
The Spanish-American Iron Co.
Baltimore & Sparrow's Point Railroad Co.
Penn-Mary Coal Co., Indiana County, Pa.

The plant consists of large works at Steelton, Pa., for the manufacture of steel rails, railway material, bridge and structural work, railroad crossings and special work, and that of the Maryland Steel Co., at Sparrow's Point, Md., where rails are manufactured in large quantities, and which also operates a modern shipyard and the Baltimore & Sparrow's Point Railroad, a terminal road. In April, 1901, the company acquired the stock of The Spanish-American Iron Co., Oriente Province, Cuba; it also owns the Lebanon Blast Furnaces, Lebanon, Pa., has a controlling interest in the Cornwall ore banks, at Cornwall, Pa., and increased its holdings in 1909. It also controls the Cornwall & Lebanon Railroad Co.

The control of this company was acquired in June, 1901, by the Pennsylvania Railroad Co., in conjunction with the Reading Company. This transaction involved the acquisition of $10,000,000 each of common and preferred stock.

Stock..Par $100..Authorized { com., $25,000,000 ; pref., 25,000,000 } Issued { com., $10,750,000 ; pref., 20,560,800 } $31,310,800

The preferred stock is 7 per cent., non-cumulative. Stock is transferred at the office of the company, Philadelphia. Registrar, Girard Trust Co., Philadelphia.

The stock of the old company consisted of $5,000,000 of common and $1,500,000 of 7 per cent. preferred stock. Under the plan of reorganization a syndicate acquired $10,000,000 of new common and $10,000,000 of new preferred and furnished $9,000,000 in cash. In August, 1910, the stockholders of both classes subscribed for $4,060,800 new preferred.

The company paid 1¾ per cent. on the old preferred stock in October, 1899, and paid dividends at the same rate regularly in January, April, July and October.

The payment of dividends on the new preferred stock began November 1, 1901, with a half-yearly dividend of 3½ per cent., which has since been the regular rate, the dividends being paid in May (1) and November.

PENNSYLVANIA WATER & POWER CO.

A corporation formed under the laws of Pennsylvania, January 13, 1910. The company acquired the property of the McCall Ferry Power Co., which was sold at foreclosure in December, 1909, and was purchased by a committee representing the bondholders, in persuance of a plan of reorganization, the present company having been organized to take over and complete the plant. The latter comprises a hydro-electric installation with a dam in the Susquehanna river.

Of the five units comprising the initial installation, three were in operation in March, 1911, and the fourth and fifth units were nearing completion. The company owns a strip of land 100 feet wide, from the Susquehanna River to the transformer station in the outskirts of Baltimore, on which it has erected a double transmission system. Contracts have been made with the Consolidated Gas, Electric Light & Power Co., and the United Railways & Electric Co., of Baltimore, calling for amount of about 25,000 horse-power. The company in March, 1911, was delivering about one-half of this amount and it is expected that not later than July 1, 1911, it will be delivering the entire amount. The revenue from these contracts will be sufficient to pay operating expenses and fixed charges, and leave a considerable surplus.

PEOPLE'S GAS LIGHT & COKE CO.

A corporation formed under a special charter granted by the Legislature of Illinois, February 12, 1855, and amended February 7, 1865. It was one of the companies whose stock was owned by the Chicago Gas Trust Co. In July, 1897, an act was passed by the Illinois Legislature allowing the consolidation of all the properties with this company. In addition to the companies, which were owned by the old organization, this company, in November, 1897, purchased the property of the Mutual Fuel Gas Co. The Mutual and the Hyde Park companies were consolidated with this company in January, 1898. In January, 1899, the company acquired the Calumet Gas Co., operating in South Chicago. In October, 1900, a contract was made by which the property of the Ogden Gas Co. is to be purchased by this company when its franchise expires in 1945. In February, 1907, the stockholders of the company ratified a proposition to lease the Ogden Gas Co. A lease of the Universal Gas Co. was also authorized. The Northwestern Gas Light & Coke Co. is controlled by interests identified with this company. In 1906, entered into arrangements with the Indiana Natural Gas & Oil Co. by which it obtained an increased supply of natural gas and as part of the arrangement agreed to guarantee the stock and bonds of that company. See the MANUAL for 1906 for details of the consolidation effected in 1897.

On December 31, 1910, the company had 2,568 miles of mains, 522,536 meters in service, 305,279 gas stoves, 18,060 public lamps and 87,261 gas arc lamps.

In November, 1898, stock was increased from $25,000,000 to $30,000,000 and $3,750,000 offered to stockholders for subscription at par. In September, 1901, there was a further increase to $35,000,000, and $4,300,300 was taken by the stockholders at par. In February, 1909, $2,030,000 new stock was offered to stockholders of record at par.

Transfer Agent, Lawyers' Title Insurance & Trust Co., New York.

The consolidated company paid its first dividend November 24, 1897, and thereafter paid dividends at the rate of 6 per cent. per annum, the quarterly payments being 1½ per cent. each in February (25), May, August and November. In January, 1906, the dividend payable February 25, 1906, was reduced to 1¼ per cent., putting the stock on a 5 per cent. basis, but the February, 1906, dividend was increased to 1½ per cent., restoring the stock to a 6 per cent. dividend basis. In May, 1909, the quarterly rate was 1¾ per cent., thus putting the stock on a 7 per cent. dividend basis.

PHELPS, DODGE & CO.

A corporation formed under the laws of New York, December 14, 1908. The company was organized to combine the copper mining interests controlled by the firm of Phelps, Dodge & Co. of New York. It has power to conduct mining operations of all kinds, to purchase, hold and sell mines, town sites, power, water and other properties, to mine and treat metals and minerals of all descriptions.

The company acquired, under a proposal made December 10, 1908, to their stockholders, all the stocks (except shares to qualify the directors) of the following companies:

Copper Queen Consolidated Mining Co. — Moctezuma Copper Co.
The Detroit Copper Mining Co. of Arizona. — Stag Cannon Fuel Co.

The mines of the Copper Queen Consolidated Mining Co. are located near Bisbee, Arizona. Those of the Moctezuma Copper Co. are in the State of Sonora, Mexico. Those of the Detroit Copper Mining Co. of Arizona are in the Clifton Mining District, Morenci, Arizona. The Stag Canon Fuel Co. owns 11,000 acres of coal lands, and it also owns and controls the Dawson Fuel Co. which has 23,000 acres of coal lands and has coal rights on 17,500 acres additional. In 1909, the company acquired an interest in the Greene Cananea Copper Co.

Stock.....Par $100.....Authorized, $50,000,000.....Issued, $45,000,000

Of the authorized stock $5,000,000 is reserved for future requirements.

In 1909, the company paid four quarterly dividends of 2½ per cent. in March (31), June, September and December, and an extra 2 per cent. paid December 31, making 12 per cent. for the year. The same course was followed in regard to dividends in 1910, the extra 2 per cent. being paid December 30.

Stock is transferred at the office of the company, New York. Registrar, Farmers' Loan & Trust Co., New York.

Neither Phelps, Dodge & Co. nor its copper mining companies have any bonded indebtedness. The Dawson Fuel Co. has $1,000,000 5 per cent. bonds, due July, 1951, which were pledged as collateral for two mortgages on portions of the El Paso & Northeastern Co., formerly the New Mexico Railway & Coal Co. The equity in the stocks and bonds of the Dawson Fuel Co. was acquired by the Stag Canon Fuel Co.

The following gives the amount of stock outstanding of each of the subsidiary companies of Phelps, Dodge & Co., their copper production in 1908, gross and net earnings for 1908, and the amount of the dividends paid on the respective stocks in 1908:

PHILADELPHIA COMPANY

A corporation formed under the laws of Pennsylvania, May 24, 1884. It originally operated as a natural gas company. In January, 1899, control was acquired for the purpose of a general consolidation of lighting and traction organizations in Allegheny County, Pa., and its environs. The object was to bring under one organization the natural and illuminating gas interests of this company, together with the traction and electric light and power business of Pittsburg and the

surrounding district. See the MANUAL for 1902 for a detailed account of the various consolidations and acquisitions.

The company is controlled by the United Railways Investment Co. See below.

The company owns or controls by lease the following street railway properties:

Pittsburg Railways Co.	Consolidated Traction Co.
The United Traction Co.	Pittsburg & Birmingham Traction Co.
Monongahela Street Railway Co.	Pittsburg & Charleroi Street Railway Co.
Suburban Rapid Transit Street Railway Co.	East McKeesport Street Railway Co.
Washington & Canonsburg Railway Co.	The Beaver Valley Traction Co.
Allegheny, Bellevue & Perrysville Railway Co.	Mount Washington Street Railway Co.
Pittsburg & Castle Shannon Railroad Co.	Pittsburg & Beaver Street Railway Co.

It also owns or controls by lease the following electric and lighting companies:

Allegheny County Light Co.	Consolidated Gas Co.
Southern Heat, Light & Power Co.	Allegheny Illuminating Co.
South Side Gas Co.	Ohio Valley Electric Co.
Monongahela Light & Power Co.	Braddock Gas & Light Co.

Through its own lines and those of a number of companies controlled it supplies nearly all the natural gas consumed in Pittsburg and Allegheny and the adjacent towns. The principal fuel gas concerns included in the system are:

Philadelphia Co.	Chartiers Valley Gas Co.
Equitable Gas Co.	Pennsylvania Natural Gas Co.
Union Gas Co. of McKeesport.	Allegheny Heating Co.
Fairmont & Grafton Gas Co.	

The total mileage of the street railways owned and controlled is about 640 miles. Statements of the separate traction companies will be found under their own titles in this edition of the MANUAL. For convenience and economy they are all operated, under agreement, by the Pittsburg Railways Co., one of the constituent concerns. The Beaver Valley Traction Co., 35 miles, was acquired in July, 1905, and with the Pittsburg & Beaver Street Railway, 15 miles, is operated separately.

The electric and illuminating gas properties are the only ones supplying the cities of Pittsburg and Allegheny with such facilities. They are operated by the Allegheny County Light Co. and the Consolidated Gas Co. of the City of Pittsburg.

In connection with its natural gas business the company leases 610,562 acres of gas lands in Pennsylvania and West Virginia.

In February, 1906, a plan was formulated for the acquisition of control of this company by the United Railways Investment Co. A proposition was submitted to this company's common stockholders to sell 16-30 of their holdings to the United Railways Investment Co., receiving for each $50 share $37.50 in collateral trust bonds secured by the stock acquired and either $20 in stock of the United Railways Investment Co. or $10 in cash. Under this arrangement $21,000,000 of the common stock was acquired. In April, 1907, $3,200,000 additional of the stock was acquired. See statement of the United Railways Investment Co.

Stock...Par $50...Authorized { com., $41,000,000 / pref., 6,000,000 } Issued { com., $38,551,000 / pref., 6,000,000 } $44,551,000

The preferred stock is 5 per cent., non-cumulative. In December, 1901, the authorized common stock was increased from $15,000,000 to $30,000,000. This company issued $10,600,000 new common in exchange for the stocks of the Consolidated Traction Co. and the other companies acquired at that time, and also issued for the same purpose $1,800,000 of the preferred stock held in the treasury. In 1906, the authorized common stock was increased to $36,000,000, and in September, 1906, $3,240,000 of common was allotted to shareholders at par. The authorized common was further increased to $41,000,000, in 1909, to provide for the conversion of the 5 per cent. debentures. In December, 1909, stockholders and holders of the convertible debentures had the right to subscribe to the extent of 6½ per cent. of holdings for $2,760,000 new common at par.

Transfer Agents, Union Trust Co., Pittsburg; Central Trust Co., New York; Guarantee Trust & Safe Deposit Co., Philadelphia. Registrars, Fidelity Title & Trust Co., Pittsburg; Mercantile Trust Co., New York; Land Title & Trust Co., Philadelphia.

Full 5 per cent. dividends on the preferred stock have been paid since the consolidation. On the preferred the dividends are 2½ per cent. half-yearly, in March (1) and September. The common stock received 4¾ per cent. in 1899, 5 per cent. in 1900, 5¾ per cent. in 1901, and 6 per cent. in 1902, to 1908 inclusive. On the common dividends of 6 per cent. per annum are now paid quarterly 1½ per cent. each in February (1), May, August and November.

stock of the United Traction Co. on which 5 per cent. per annum is guaranteed and paid January and July.

The 1st mortgage 5 per cent. bonds were authorized in February, 1899, for $6,500,000, for the purpose of carrying out the consolidation. Trustee of the mortgage, Maryland Trust Co., Baltimore. Bonds are secured by deposit of the securities of constituent companies.

The consolidated mortgage and collateral trust was created in 1901 to provide for the acquisition of the Consolidated Traction Co. and other properties. The authorized amount of these bonds is $22,000,000, of which $12,000,000 was to be issued in exchange for the Consolidated Traction securities, $6,500,000 was reserved to take up prior lien bonds, and $3,500,000 was available for extensions and betterments.

In 1910, convertible 5 per cent. sterling debentures were authorized, of which $2,500,000 were issued subject to call at 102½ and interest and convertible into common stock at par. These debentures were converted into stock in 1911.

PHILADELPHIA ELECTRIC CO.

A corporation formed under the laws of New Jersey, October 5, 1899. The company acquired the stock of the Pennsylvania Manufacturing Light & Power Co. and of the National Electric Co., with the control of practically the entire electric light and power facilities in the City of Philadelphia.

The Pennsylvania Manufacturing Light & Power Co. was a New Jersey corporation formed in 1898, which acquired control of the Pennsylvania Heat, Light & Power Co., a corporation which had acquired the Edison Electric Light Co. of Philadelphia, the Brush Electric Light Co. of Philadelphia, the United States Electric Light Co. and the Philadelphia Electric Lighting Co. The Pennsylvania Manufacturing Co. and the Heat, Light & Power Co. also acquired a number of smaller electric companies in Philadelphia and its suburbs. See statement of Pennsylvania Manufacturing Co. in the MANUAL for 1899. In 1901, acquired the Kensington Electric Light Co., paying for the same in cash. The company also controls the Electric Light Co. of Chester, Pa.

FUNDED DEBT

Edison Electric Light, col. trust cert., 5 per cent., subject to call 1946, April and Oct.	$1,994,300
Pennsylvania M. L. & P. col. trust certificates, 5 per cent., due 1948, April and Oct.	11,268,060
Philadelphia Electric Trust certificates, 4 per cent., due Oct., 1949, Jan. and July....	15,014,142
Total.....	$28,276,502

The Philadelphia Electric Co. 4 per cent. trust certificates are $17,500,000 authorized. Of the certificates issued, $2,000,000 are held in the company's treasury, having been purchased in the market in 1900. They are secured by the deposit of the shares of the Pennsylvania Manufacturing Light & Power Co. and of the National Electric Co., acquired by this company. Each share of Pennsylvania Manufacturing Co. stock deposited received $35 in the trust certificates and each share of National Electric received $13 in certificates.

The Edison collateral trust certificates were issued in 1896 by the Pennsylvania Heat, Light & Power Co., and are secured by the deposit of the stock of the Edison Electric Light Co. of Philadelphia, acquired by the Pennsylvania Heat, Light & Power Co. The Edison company had $2,000,000 stock, and $50 cash and $100 in trust certificates was offered for each $100 share. Nearly all the Edison stockholders accepted these terms.

The Pennsylvania Manufacturing collateral trust certificates, created in 1898, are secured by a deposit of stock of the Pennsylvania Heat, Light & Power Co. and other stocks. The Pennsylvania Heat, Light& Power Co. had $5,000,000 full-paid common stock, par $50, and $5,000,000 6 per cent., cumulative, preferred stock, par $50, on which $35 per share had been paid. The Pennsylvania Manufacturing Light & Power Co. acquired control by exchanging the collateral trust certificates for Pennsylvania Heat, Light & Power stock at the rate of $66 per share for the preferred and $24 per share for the common.

PHILADELPHIA RAPID TRANSIT CO.

A corporation formed under the laws of Pennsylvania, May 1, 1902. The company acquired by lease the Union Traction Railway system, comprising the lines of the Philadelphia Traction Co., the Electric Traction Co. and the Peoples' Traction Co. See statement of the Union Traction Co. It also acquired the capital stock and franchises of various companies, a list being given in the MANUAL for 1909.

A number of companies originally acquired have been consolidated with the Market Street Elevated Passenger Railway Co. Additional companies were formed in the interest of this company to build new lines of about 119 miles.

The company has a subway and elevated railway in Market street, Philadelphia. The subway extends from Second street to Twenty-third street, and the elevated structure from Twenty-third street over the Schuylkill River to Sixty-ninth street, also elevated structure on Delaware avenue from Arch street to South street.

On July, 1907, an agreement authorized by an ordinance of the City Council was made between the company and the City of Philadelphia providing for a readjustment of the relations between the City and company. The plan conferred upon the City the right to purchase after June 30, 1957, all leases, franchises and property of the company at the company's actually paid-in capital, with the right to assign or sell this option. A sinking fund is to be established, to be taken out of the gross receipts of the company, which, calculated at 4 per cent., would amount to at least $30,000,000 at the expiration of 50 years, to enable the City to acquire the property at that time. Beginning January 1, 1907, the City was to share equally in the net profits after stockholders had received 6 per cent. per annum, cumulative from January 1, 1907, on the capital actually invested by them. All franchises for further surface, elevated or underground railroads within the City are to be first offered the Philadelphia Rapid Transit Co. The City is also to have three members on the board of directors. The present rate of fare is not to be changed except with the consent of both parties. It also provided for a fixed payment to the City in lieu of the license fee per car.

In 1910, negotiations were undertaken for a comprehensive financing of the company's capital requirements and those of its lessee, the Union Traction Co. of Philadelphia, and a plan to that end was presented by Edward T. Stotesbury, Philadelphia (who it provided should become managing director), was submitted for ratification by the stockholders on February 28, 1911. The plan provides that a controlling interest in the stock shall be deposited in a voting trust for five years. The further provisions include the assignment to the Union Traction Co., of the Market Street Elevated Passenger Railway Co. and the other companies owned by this company, the same to be treated as part of the property leased by this company from the Union Traction Co. The last named company shall guarantee an issue of $10,000,000, 5 per cent. bonds of this company, and shall pledge its equity in the Market Street Elevated Passenger Railway Co. as additional security for same. This plan was ratified by the stockholders in February, 1911.

Stock.....Par $50.....Authorized, $30,000,000.....Issued, $30,000,000

The stock is now full paid. It was, when originally issued, $5 per share paid. In May, 1903, a call was made for a second instalment of $5, payable on or before July 6, 1903. The call was made to provide funds for the construction of the Market Street subway and other improvements. In December, 1903, a call was made for a third instalment of $5 per share, payable January 20, 1904. The fourth instalment of $5 per share was payable January 20, 1905, the fifth of $5 July 10, 1906, the sixth, of $5, December 10, 1906, stock $30 per share, or 60 per cent. paid in.

In February, 1907, a plan was ratified whereby the balance due on the stock should be called and paid in at the rate of $5 per share every six months and the money applied to improvements and extensions. A payment of $5 was called for in March, 1907, making the stock $35 per share paid, and two further final payments of $7.50 each were called for September 9, 1907, and September 8, 1908, respectively, completing the payments.

Under the financial plan of 1910 (see above) a majority of the company's stock was deposited in a voting trust for five years, the trustees being Rudolph Ellis, A. E. Newbold and George H. McFadden. Depositary, Fidelity Trust Co., Philadelphia.

Stock is transferred at the office of the company, Philadelphia. Transfer agent, Central Trust Co., New York. Registrars, Land Title & Trust Co., Philadelphia; Guaranty Trust Co., New York.

PITTSBURG COAL CO.

A corporation formed under the laws of New Jersey, September 1, 1899. The company acquired the mines and property of a number of the large producers and shippers by rail of steam and gas coal in the Pittsburg district. A list of the properties included in the company was given in the MANUAL for 1901.

Since its organization the company has purchased undeveloped coal lands adjoining its various properties, making its holdings over 160,000 acres owned, with 150 operated mines.

The properties acquired and taken over comprised over 80,000 acres of coal land and over 7,000 acres of surface land in Allegheny, Fayette, Washington and Westmoreland Counties, Pa. It also has docks and loading plants on the lakes at Chicago, Cleveland, Duluth, Milwaukee, Sheboygan, Green Bay, Ashland, Manitowoc and West Superior, Wis.; Sault Ste. Marie and Escanaba, Mich.; Ashtabula, Fairport, Thornburg O., Amherstburg, Ont., Sandwich, Ont., and Port Arthur, Ont. It also acquired about eleven miles of railroad at the mines, and the Northwestern Coal Railway, Allouez Bay, Wis. In 1910, purchased the Shaw Coal Co., which has been leased. The company owns 17 locomotives and 5,500 railroad cars.

In January, 1902, the company purchased the New Pittsburg Coal Co. and the Greendale Coal Co., and leased the Shaw Coal Co.'s property for forty years. In 1902, purchased the Pittsburg & Castle Shannon Railroad and mines and acquired an interest in the Milwaukee Western Fuel Co. In January, 1903, the Midland Coal Co. was acquired, together with the National Dock & Fuel Co. of Cleveland, and control of the Colonial Coke Co. PRESSED STEEL CAR CO.

A corporation formed under the laws of New Jersey, January 12, 1899. The company was organized to consolidate the Schoen Pressed Steel Co. of Pittsburg and the Fox Pressed Steel Equipment Co., of Pittsburg and Joliet, Ill. These companies combined controlled the manufacture, use and sale of pressed steel freight cars, steel trucks, truck frames and pressed steel specialties for cars. The company has plants at Allegheny, Pa., and McKee's Rocks, Pa., with a capacity of 150 freight cars per day, its passenger car shops have a capacity of 750 steam or street railway cars per annum. The Western Steel Car & Foundry Co., which it controls, has plants at Hegewisch, Ill., near Chicago, and Anniston, Ala. The Canada Car Co., Limited, which has a plant at Montreal, was also controlled, but this company sold its interest therein in 1909 to the Canadian Car and Foundry Co., Limited. The Pennsylvania Car Wheel Co., another controlled company, has foundries at Allegheny, Pa., with a capacity of 250,000 car wheels per annum, and controls the Central Car Wheel Co. and the Pennsylvania Malleable Co.

The preferred stock is 7 per cent., non-cumulative, and has a priority as to the distribution of assets in case of a dissolution. Transfer Agent, Guaranty Trust Co., New York. Registrar, Central Trust Co., New York.

The company began paying regular quarterly dividends of 1¾ per cent. on the preferred stock in May, 1899, and has since paid the same regularly in February (25), May, August and November. The initial dividend on the common stock was 6 per cent. out of the surplus earnings of 1899, being paid 1½ per cent. each in February (25), May, August and November, 1900. In 1901, the quarterly dividends on the common were reduced to 1 per cent., or 4 per cent. for the year. In 1902, 4 per cent. was again paid on the common, but in January, 1903, the directors declared an extra dividend of 1 per cent. on the common out of the profits of 1902, to be paid in four quarterly instalments, in addition to the regular 1 per cent. quarterly dividends. This put the common on a 5 per cent. dividend basis during 1903. In 1904, the quarterly dividends on the common were 1 per cent. each in February, May and August, but the November, 1904, dividend was passed and none have been paid since.

PUBLIC SERVICE CORPORATION OF NEW JERSEY

A corporation formed under the laws of New Jersey, May 9, 1903. The corporation was formed to combine the ownership and management of important traction, power and lighting interests in New Jersey.

The company acquired a large majority of the stocks of the following companies:

North Jersey Street Railway Co.
Elizabeth, Plainfield & Central Jersey Ry. Co.
United Electric Co. of New Jersey.
Jersey City, Hoboken & Paterson Street Railway Co.
Orange & Passaic Valley Railway Co.

It also owns all the stock of the Middlesex Electric Light & Power Co., which was a consolidation of the Middlesex Lighting Co., the Carteret Electric Light & Power Co., the Citizens' Electric Light, Heat & Power Co.; and a majority of the stock of the Elizabeth & Raritan River Street Railway. The latter company and the Elizabeth, Plainfield & Central Jersey Railway Co. were merged as the United Street Railway Co. of Central Jersey. In 1910, it acquired a controlling interest in the Princeton Light, Heat & Power Co.; New Jersey & Hudson River Railway & Ferry Co., and Burlington Electric Light & Power Co.

It leased the properties of the following companies:

Hudson County Gas Co.
Paterson & Passaic Gas & Electric Co.
Essex & Hudson Gas Co.
South Jersey Gas, Electric & Traction Co.
Camden & Suburban Railway Co.
Weehawken Contracting Co.
Citizens Electric Light, Heat & Power Co.
Morristown Gas Light Co.
Ridgewood Gas Co.
Somerset, Union & Middlesex Lighting Co.
New Brunswick Light, Heat & Power Co.
Gas & Electric Co. of Bergen County.
East Newark Gas Light Co.
Nichols Electric Light & Power Co.

In 1907, the Public Service Railway Co. was formed, the majority of the stock of which is owned by the parent company. This organization was a merger of the United Street Railway Co. of Central Jersey, the North Jersey Street Railway Co., and the Jersey City, Hoboken & Paterson Railway Co. See separate statement of the Public Service Railway Co.

The Public Service Gas Co., all the $6,700,000 stock of which is owned by the Public Service Corporation, took over, in 1909, the portions of the leases to the latter company so far as they related to gas business.

The Public Service Electric Co., all the $7,750,000 stock of which is owned by the Public Service Corporation, took over, in 1910, the portions of the leased companies so far as they were related to electric business.

The perpetual interest certificates are $20,200,000, authorized, and were issued in exchange for the stocks of the controlled companies on the terms stated below. They are secured by the deposit in trust of all the stocks purchased. It was provided that 1 per cent. should be paid in cash on the certificates at the time of their issue, and 1 per cent. at the end of the first year, making 2 per cent. for that year, the interest payments thereafter to be semi-annual. Interest is paid at the Fidelity Trust Co., Newark, N. J. The terms as to interest were that certificate holders shall receive payments per annum as follows:

First year, 2 per cent.; second year, 2 per cent.; third year, 2½ per cent.; fourth year, 3 per cent.; fifth year, 3½ per cent.; sixth year, 4 per cent.; seventh year, 4½ per cent.; eighth year, 5 per cent.; ninth year, 5½ per cent.; tenth year and after, 6 per cent. In January, 1905, $2,000,000 of the certificates were offered bearing the indorsement of the Fidelity Trust Co. of Newark, which provides for the payment by that company of an additional amount of interest up to May, 1912, sufficient to make the rate of interest on the indorsed certificates 6 per cent. per annum during that period.

See Manual for 1909 regarding the terms on which stocks of the controlled companies were exchanged for the certificates.

The general 5 per cent. mortgage was authorized in 1909, and is for $50,000,000. They can be redeemed at 105 and interest on any interest day beginning October 1, 1919. Included in the amount outstanding given in above table are $5,000,000, which are held as collateral for the $4,000,000, 5 per cent. three-year notes described below. From August 1, 1913, there is a sinking fund of $209,500 per annum, the bonds to be drawn. Trustee and Agent for payment of interest, Fidelity Trust Co., Newark. Interest is also payable in New York.

The 5 per cent. collateral notes, due, 1913, are dated October 1, 1910, and are secured by deposit with the Fidelty Trust Co., Philadelphia, Trustee, of $5,000,000 of the general mortgage 5 per cent. bonds.

Leases were made by this corporation for 900 years, from June 1, 1903, of the properties of the companies named in the following table. The outstanding stock of each company is given, together with the dividends as rental guaranteed thereon by the Public Service Corporation in successive years. Dividends guaranteed under the leases are payable semi-annually in June and December.

	Amounts of Stocks	Dividends in years, ending June 30, per cent.								
		1904	1905	1906	1907	1908	1909	1910	1911	1912

RAILWAYS COMPANY GENERAL

A corporation formed under the laws of New Jersey, August 25, 1899. The company was organized to operate street railway, gas, electric light and water plants. It acquired control of the Lewisburg, Milton & Watsontown Passenger Railway Co., Montoursville Passenger Railway Co. and Montoursville Electric Light Co.

The company was interested in the Elmira & Seneca Lake Railway Co., and in the Michigan Traction Co., but in 1905 sold its holdings in those companies.

In January, 1908, the company had stocks of subsidiary companies and other securities, amounting to $987,500 par value, but in January, 1910, it was stated that it had disposed of all the securities theretofore owned except its Michigan Traction Extension 5 per cent. bonds. It was stated that the proceeds of above sales had been reinvested, but no specific statement has been made.

THE TEXAS CO.

A corporation formed under the laws of Texas, April 7, 1902. The company's charter authorizes it to store and transport oil, gas, etc., to buy and sell the same, to construct and operate storage tanks and pipe lines and their appurtenances and to acquire and own the real estate necessary for such purposes.

The company owns and operates a system of petroleum pipe lines extending from Port Arthur, Tex., to the oil fields of southeastern Texas, Louisiana and thence to the oil regions of the Indian Territory and Oklahoma. Its pipe lines comprise over 1,000 miles. The tankage owned is of a capacity of over 22,000,000 barrels. It has oil refineries at Port Arthur, Tusla, Okla., West Dallas, Tex., and Port Neches, Tex., with an aggregate capacity of 30,000 barrels per day. It has upwards of 250 depots and distributing stations in various cities and towns of the United States and a storage plant at Antwerp, Belgium, for its European trade. Its rolling stock comprises over 1,000 tank cars and the floating equipment includes 5 ocean tank steamers, ocean going steel tank barges, wooden barges, tugs and lighters.

The company controls by ownership the entire stock of the Louisiana Co., which owns pipe lines in the Louisiana oil fields.

Stock.....Par $100.....Authorized, $50,000,000.....Issued, $27,000,000

No preferred stock is provided for by the company's charter. The authorized stock was originally $3,000,000 and was increased on April 7, 1905, to $6,000,000; on October 7, 1906, to $12,000,000; on October 25, 1909, to $18,000,000; on June 4, 1910, to $36,000,000, and in March, 1911, to $50,000,000. Of the increased stock $9,000,000 was sold from time to time to the stockholders at prices rising from 105 in 1905 to 155 in June, 1909. In October, 1908, $4,000,000 stock was issued to convert $6,000,000 of 6 per cent. convertible debentures at 150 for the stock and in June, 1910, $2,000,000 stock was sold for cash at 190. On June 10, 1910, $9,000,000 of stock was issued as a 50 per cent. stock dividend to the holders of the $18,000,000 of stock outstanding at the time of the last increase in the authorized amount.

Dividends paid on the stock have been as follows for the respective fiscal years, ending April 30; in 1902-03, 10 per cent.; in 1903-04, 6 per cent.; in 1904-05, 12 per cent.; in 1905-06, 12 per cent.; (ending June 30) in 1906-07, 15 per cent.; in 1907-08, 12 per cent.; in 1908-09, 17 per cent., (including 5 per cent. extra); in 1909-10, 12 per cent. THIRD AVENUE RAILROAD CO.

A corporation chartered by the State of New York, October 8, 1853.

Road owned, 14 miles, double track. The installation of underground electric power on the company's main line on Third avenue, New York, was completed in 1899, replacing the cable system installed in 1894. In November, 1895, the company acquired control of the Forty-second Street, Manhattanville & St. Nicholas Avenue Railway Co., and leased the same. In 1897, acquired control of the Dry Dock, East Broadway & Battery Railroad Co., and in January, 1898, of the Union Railway Co. of New York. The Yonkers Railroad Co. and the Tarrytown, White Plains & Mamaroneck Railway were also controlled. Total controlled, 188 miles; total of system, 215 miles of track. The Receiver of the Company in 1909 obtained authority to build in conjunction with the Union Railway Co. a line to the Zoological Garden in Bronx Park. In 1910, arrangements were also made to extend the company's lines over Queensboro Bridge to Long Island City.

In March, 1900, control of the company was acquired by the Metropolitan Street Railway Co., and on April 13, 1900, the property was leased to that company for 999 years. For the first four years of lease the rental was to be interest and net revenue above the charges, for the next two years 5 per cent. on the company's stock, 6 per cent. for next four years, and 7 per cent. dividends thereafter.

On January 6, 1908, the company was placed in the hands of a Receiver on application of the trustee of the consolidated mortgage. Receiverships were subsequently ordered for certain of the subsidiary companies of the system. In March, 1908, free transfers between this company's lines and those of the Metropolitan Street Railway Co. were abolished. It was reported, but not officially confirmed, that the Metropolitan Street Railway Co. and the Metropolitan Securities Co. had disposed of their interests in Third Avenue stock in 1909.

A committee to represent the 4 per cent. consolidated mortgage bonds was formed: Chairman, James N. Wallace, New York. Secretary, Franklin L. Babcock, 54 Wall street, New York. Depositary, Central Trust Co., New York. Suit to foreclose the consolidated mortgage was instituted and a decree granted, the property of the company being sold at foreclosure sale on March 1, 1910, and was purchased for the above bondholders' committee for $26,000,000. See below in regard to plan of reorganization proposed by the committee. A new corporation, the Third Avenue Railway Co., has been organized to take over the property when assent of the Public Service Commission to a plan of reorganization has been obtained.

Stock.....Par $100.....Authorized, $40,000,000.....Issued, $15,995,800

Transfer Agent, R. L. Anderton, Jr., 621 Broadway, New York. Registrar, Central Trust Co., New York.

The last dividend paid, prior to the lease, was 1¾ per cent. quarterly in November, 1899. The first dividend under the lease was 1¼ per cent. paid July 30, 1904, and same rate was paid quarterly until October 31, 1907, inclusive, when the payments were suspended by the Receiver of the Metropolitan Street Railway Co.

Funded Debt

1st mort., 5 per cent. gold, due July, 1937, Jan. and July	$5,000,000
Consolidated mort., 4 per cent., due Jan., 2000, Jan. and July	37,560,000
Total	$42,560,000

The January, 1908, coupons on the 1st mortgage bonds were not paid at maturity, but William A. Read & Co., New York, offered to buy the same. Subsequent coupons have been paid by the Receiver.

The consolidated mortgage, created in 1900, was for $50,000,000, of which $35,000,000 was intended to discharge the $23,000,000 of floating debt and provide for the completion of improvements, $13,443,000 was reserved to retire outstanding bonds of this and the leased companies, and $1,557,000 was reserved for extensions, etc. The bonds are guaranteed by the Metropolitan

Street Railway. Trustee of the mortgage, Central Trust Co., New York, which in consequence of default in payment of the January, 1908, coupons, began a suit to foreclose the mortgage. Kuhn, Loeb & Co., New York, offered to purchase the January, 1908, coupons, but made no similar offer as regards the July, 1908, or subsequent coupons.

In May, 1908, the Receiver was authorized to sell $2,500,000 Receiver's certificates ranking after the 1st mortgage, but having priority to the consolidated mortgage bonds. In 1910, $500,000 additional receiver certificates were authorized and sold.

The consolidated bondholders committee under date of December, 2, 1909, submitted a plan of reorganization to the Public Service Commission of the State of New York, First Division, for the approval of that body. The plan proposed the creation of a new company with $16,590,000 capital stock and $40,000,000 first refunding 50-year 4 per cent. bonds and $22,536,000 adjustment mortgage 5 per cent. income bonds. The plan contemplated leaving the $5,000,000 of old 1st mortgage 5 per cent. bonds undisturbed.

It provided that stockholders on paying 45 per cent. upon the old stock are to receive 40 per cent. in new refunding 4s and 45 per cent. in new stock. Holders of the old consolidated 4 per cent. bonds were to receive 25 per cent. in refunding 4s, 60 per cent. in income 5s and 25 per cent. in stock, and holders of the consolidated 4s, which had been "stamped" were to receive 23 per cent. in refunding 4s, 60 per cent. in income 5s, and 25 per cent. in stock. The plan was not approved by the Public Service Commission. It was then modified and resubmitted, but in September, 1910, the Commission rejected same. An application for a rehearing was also denied in December, 1910.

THE UNDERGROUND ELECTRIC RAILWAYS CO. OF LONDON, LIMITED

A corporation formed under the laws of Great Britain, April 9, 1902. The company controls an extensive system of traction lines in London and its vicinity, consisting of both underground and surface roads. It holds a controlling interest in the common stock of the Metropolitan District Railway Co., the original London underground line, and has installed electric power on the same. Through ownership of their stocks it controls the London United Tramways Co., which has an extensive system of surface lines connecting with the Metropolitan District Railway system at Hammersmith, and the Baker Street & Waterloo Railway Co., the Great

Northern, Piccadilly & Brompton Railway Co. and the Charing Cross, Euston & Hampstead Railway Co. The three latter are deep level underground or tube roads and were amalgamated in 1910 into one company, under the title of The London Electric Railway Co. The total length of the underground lines leased and controlled is 50½ miles. The London United Tramways (surface line), 51½ miles, is also controlled.

A committee to readjust the company's finances was formed in January, 1908, under the auspices of Speyer & Co., New York, and Speyer Brothers, London. This committee submitted a plan dated April 14, 1908, and the company was reorganized thereunder.

The company had profit-sharing notes for £7,000,000 authorized, due June 1, 1908, issued to provide capital for the construction of the new lines and the equipment of the District Railway with electric power and the completion of the power station. In November, 1907, holders of profit-sharing notes were requested to deposit them with the Guaranty Trust Co., New York, under an agreement for the readjustment of the company's affairs. In December, 1907, the coupons of profit-sharing notes were purchased by Speyer & Co., New York, and Speyer Bros., London.

Under the readjustment plan the notes were exchanged for 40 per cent. in new 4½ per cent. bonds, and 70 per cent. in income bonds. The prior lien 5 per cent. bonds were offered for subscription by the stock and noteholders, and were underwritten by a syndicate. The prior lien bonds have been called for redemption on September 1, 1911.

The income bonds may be drawn at par on six months notice: On September 1, 1910, and on March 1, 1911, ½ per cent., or 1 per cent. per annum was paid on the income bonds.

	$50	pref.,	500,000	pref.,	500,000	

The preferred stock is entitled to 6 per cent. dividends and ½ per cent. additional for every 1 per cent. paid on the common, until both classes of stock receive 12 per cent., above which they share equally.

In June, 1903, the common stock, par $50, was increased from $1,000,000 authorized to $2,000,000. In December, 1910, the authorized common was increased to $4,500,000, and $1,500,000 of the new stock distributed as a 60 per cent. stock dividend, the stockholders being offered rights to subscribe for $500,000 common at $75 per share.

Transfer Agent, Union Trust Co., Pittsburg. Registrar, Fidelity Title & Trust Co., Pittsburg.

The company paid 6 per cent. per annum on its preferred stock, but in April, 1900, the quarterly rate was increased to 2 per cent., or 8 per cent. per annum, and the preferred dividends were paid at that rate quarterly, in January (10), April, July and October, until April, 1903, when the rate was increased to 2½ per cent., or 10 per cent. per annum. The January, 1907, dividend was, however, 3 per cent., placing the preferred on a 12 per cent. basis. The first dividend on the common was 1 per cent. in April, 1900, and quarterly dividends at that rate were regularly paid on the common in January (10), April, July and October, until April, 1903, when the quarterly rate was increased to 2 per cent., or 8 per cent. per annum. The dividend paid on January 10, 1907, was again increased to 3 per cent., making the annual rate on the common 12 per cent., which has been the regular rate since then.

Stockholders of record, December 31, 1910, received a 50 per cent. dividend in common stock.

Funded Debt

New gold bonds, 5 per cent., due 1911–13, Jan. and July..... $73,000

In December, 1898, the new 5 per cent. bond issue was authorized for $500,000, with which to purchase the stock of the National Switch & Signal Co. and to provide for improvements and additions to the company's plant. The bonds mature: $29,000, July 1, 1911; $27,000, July 1, 1912, and $17,000, July 1, 1913. The new works, which were completed in 1902, cost $500,000 originally, and $650,000 have since been expended for additional ground and buildings.

UNION TRACTION CO.

(Leased to Philadelphia Rapid Transit Co.)

A corporation formed under the laws of Pennsylvania, September 6, 1895. The company is a consolidation of the Philadelphia Traction, Electric Traction and People's Traction Companies, and in 1898 acquired and leased the Hestonville, Mantua & Fairmount system, which gave it control of the street railways of Philadelphia. Road operated, 514 miles of track.

In March, 1902, a proposition was submitted to lease the properties of this company to the Philadelphia Rapid Transit Co. for 999 years, the lessee to guarantee $1.50 per share or 3 per cent. per annum on the stock for the first two years, 4 per cent. for the third and fourth years, 5 per cent. for the fifth and sixth years, and 6 per cent. for the remainder of the lease. The proposition was ratified, and lease began July 1, 1902. The stockholders of this company also had the right to subscribe for 150,000 shares of the Philadelphia Rapid Transit Co.'s stock. See statement of the latter company for details of the plan for readjusting the finances of the system, including the assignment to this company of the Market Street Elevated Passenger Railway Co. and the guaranty by this company of new bonds to be issued in connection with the plan.

The Philadelphia Traction Co. was formed in 1883. It leased the Philadelphia City Passenger Railway, Philadelphia & Gray's Ferry, Union Passenger Railway, West Philadelphia Passenger Railway, Ridge Avenue Passenger Railway, Thirteenth & Fifteenth Streets, Philadelphia & Darby, Schuylkill River and the Continental Passenger Railway; and owned by a stock control the Empire, Seventeenth & Nineteenth Streets and some small connecting lines, comprising a system of about 210 miles.

The People's Traction Co., formed in 1893, leased the Germantown Passenger Railway, including the Fourth & Eighth Streets and Girard Avenue Railway Companies, and the Green & Coates Streets Railway. It owned or controlled the People's Passenger Railway (Callowhill street line), the Philadelphia, Cheltenham & Jenkintown Passenger Railway, and other lines. Total mileage, 117 miles.

The Electric Traction Co., formed in 1893, leased the Citizens' Passenger Railway, Frankford & Southwark, including Lombard and South, and Second & Third Streets Passenger Railways, and owned controlling interest in the Lehigh Avenue Passenger Railway and in the Omnibus Co. General. Total mileage, 129 miles.

Stock.....Par $50..... .....Authorized, $30,000,000.....Issued, $30,000,000

There had been paid in on the stock to January 1, 1911, $17.50 per share. Stock is transferred at the office of the company, Philadelphia. Registrar, The Land Title & Trust Co., Philadelphia.

The dividends on the stock under the lease are paid half-yearly, in January (1) and July. The dividends were 3 per cent., or 1½ per cent. semi-annually in 1903 and 1904, 4 per cent. or 2 per cent. semi-annually in 1905. In January and July, 1906, each, 2 per cent. was paid. The January, 1907, dividend was 2½ per cent. as were those of July, 1907, January and July, 1908. In January, 1909, and thereafter to January, 1911, inclusive, paid 3 per cent. semi-annually.

The purchased stocks of the People's and Electric Traction Companies were paid for in 4 per cent. collateral trust certificates, not redeemable before October 1, 1945, secured by deposit of purchased stocks with Pennsylvania Company for Insurance on Lives, etc., trustee. The trust certificates are guaranteed, principal and interest, by the Union Traction Co., and are in denominations of $100 and $1,000. The price paid was $76 in said certificates for each share ($30 paid in) of People's Traction stock, $85 per share for each full paid share of Electric Traction, and $76 per share for the shares of the latter company, on which $30 per share had been paid in.

July 1, 1896, the People's Traction and Electric Traction were leased to this company for all charges, including interest on the 4 per cent. stock trust certificates.

Stockholders of the Electric and People's Traction Companies had the privilege of subscribing for the stock of Union Traction Co. to the extent of 77 per cent. of the number of shares held.

The People's Passenger Railway stock trust certificates were issued when practically all the stock of that company was purchased by the People's Traction Co., $75 per share, payable $5 in cash and $70 in trust certificates, being given for the $2,250,000 of People's Passenger Railway stock. The trust certificates are secured by the deposit with The Pennsylvania Company for Insurance on Lives and Granting Annuities, trustee, of 14 2-7 shares of the People's Passenger Railway shares for each $1,000 issued.

Earnings are included in those of the lessee, the Philadelphia Rapid Transit Co.

UNION TYPEWRITER CO.

A corporation formed under the laws of New York, May 25, 1909, succeeding a New Jersey company of the same name formed in 1893. The company owns the majority of the stock of several companies manufacturing and selling typewriter machines, including the Remington, Smith-Premier, Yost, New Century and Densmore typewriters and Seamans & Benedict.

Stock...Par $100...Authorized { com., $10,000,000 ; 1st pref., 4,000,000 ; 2d pref., 6,000,000 } Issued { com., $10,000,000 ; 1st pref., 4,000,000 ; 2d pref., 5,015,000 } $19,015,000

The 1st preferred stock is 7 per cent., cumulative; the 2d preferred 8 per cent., cumulative. Of the 2d preferred an amount of $600,000 remains in the company's treasury.

In 1904, the 2d preferred stock was increased $1,000,000, the additional stock being subscribed at par by all the stockholders on the basis of one new share for each 18 shares held.

Stock is transferred at 280 Broadway, New York. Registrar, Washington Trust Co., New York.

The dividends paid have been as follows: On the 1st preferred, in 1893, 3½ per cent., in 1894, and each year since, 7 per cent.; on the 2d preferred, in 1895, 6 per cent., in 1896, 6 per cent., in 1897, 8 per cent., in 1898, 8 per cent., in 1899, 8 per cent., in 1900, 8 per cent. and 8 per cent. extra, the latter being on account of past due dividends, which were thus reduced to 8 per cent. In 1901, 16 per cent. was paid on the 2d preferred, which completed the overdue dividends and 8 per cent. has been paid from 1902 to 1910, inclusive. The preferred dividends are paid half-yearly, April and October. The first dividend on the common stock was 3 per cent., paid April 1, 1902, and similar dividends were paid half yearly in April and October, the common stock being on a 6 per cent. basis. The April, 1908, dividend was, however, passed, and none have been paid since.

UNITED BANK NOTE CORPORATION

A corporation formed under the laws of New York, February 20, 1906, to acquire the American Bank Note Co. and other properties. Under the plan for the acquisition of the American Bank Note Co., the latter's stockholders received one share of preferred stock and one share of common stock of the new corporation for each share of American Bank Note Co. stock deposited. Any portion of the new stock not taken under this offer might be disposed of at not less than par for the acquisition of stock or property of the American Bank Note Co., and for no other purpose. In addition there was offered to depositing stockholders, at the rate of $75 per share, one share of new preferred accompanied by one share of new common stock to provide working capital and an improvement fund of $400,000. This provided for an issue of $4,000,000 preferred and $4,000,000 common stock, leaving for other purposes $1,000,000 for each class of stock.

The American Bank Note Co. was a New York corporation, originally chartered in 1858 and reorganized in 1879. Its stock consisted of 72,000 shares which had no par value, though it was customary to consider them as being the equivalent of $50 each. For some years prior to 1906, the old company paid dividends of $3 per share per annum on its stock, the payments being 50 cents per share each in March and September and $1 per share each in June and December.

The property of the American Bank Note Co. consists of a large plant at New York for the engraving and printing of bank notes, bonds, stock certificates, etc. It also has branch establishments in Philadelpha, Boston and Ottawa, Canada. It was stated in the plan for the formation of the new company that one of its principal objects was to provide additional capital for the enlargement of the plants and also to extend the operations of the company in the United States and other countries. In 1907, an executive office building was erected by the American Bank Note Co., at Broad and Beaver streets, New York, and in 1909, it began constructing a large working plant in the Borough of the Bronx, New York.

Stock..Par $50.....Authorized { com., $5,000,000 ; pref., 5,000,000 } Issued { com., $4,496,737 ; pref., 4,496,737 } $8,993,474

The preferred stock is 6 per cent., cumulative. No lien on the company's property can be created on any additional stock issued without the consent of 80 per cent. of both classes of stock.

Stock is transferred at the office of the company, New York. Registrar, Bankers Trust Co., New York.

The first dividend on the preferred stock of the United Bank Note Corporation was 1½ per cent., quarterly paid July, 1906, and similar dividends have since been paid, the dividend periods being January (1) April, July and October. On the common stock, quarterly dividends of 1 per cent. are paid in February (15), May, August and November.

There was to be issued under the above plan, $3,600,000 each of the preferred and common stocks in exchange for the shares of the old company and under the offer of subscription at $75 cash for a preferred and common share, $400,000 of each class, leaving $500,000 of each to be held for the acquisition of additional property and $500,000 reserved to be sold at not less than par.

In 1908, stockholders were offered the right to subscribe for $500,000 each of common and preferred stock at par. In 1909, stockholders again subscribed at par for $500,000 each of common and preferred stock.

In 1908, the income of the company was $743,523; surplus over dividends and reserve fund, $223,761. In 1909, income, $706,134; surplus over dividends, etc., $134,972.

UNITED RAILWAYS & ELECTRIC CO. OF BALTIMORE

A corporation formed in 1899 to consolidate all the street railways of Baltimore, Md. The company acquired the entire capital stock of the Baltimore City Passenger Railway Co. and of the Baltimore Consolidated Railway Co. It also controls the Baltimore, Sparrow's Point & Chesapeake Railway Co.

The United Electric Light & Power Co., comprising all the electric light and power plants of Baltimore, was also acquired by the interests which organized this company, and in November, 1899, this company gave $2,000,000 of its common stock for $2,000,000 of the stock of the United Electric Light & Power Co., but these lighting interests were sold in January, 1903. Total mileage of railway lines, 401 miles.

The Maryland Electric Railways Co., is controlled in the interest of this company. That organization acquired the Baltimore & Annapolis Short Line (steam) Railroad, which is to be equipped with electric power. The United Railways & Electric Co. is to purchase the property of the Maryland Electric Railways Co. at the maturity of the latter's bonds for sufficient to retire the latter.

In February, 1911, the company contracted with the Pennsylvania Water & Power Co. for 12,000 horse-power for fifteen years.

The preferred stock is 4 per cent., cumulative. Transfer Agents, for both common and preferred, Alexander Brown & Sons, Baltimore.

Dividends on the preferred stock were ½ per cent. in June, 1899; 2½ per cent. in December, 1899, and 2 per cent. semi-annually since that time, payments being made in June and December. The June, 1904, dividend was, however, passed on account of the Baltimore fire and payments have not been resumed. The dividends on the preferred, but not the interest on the income bonds, are subject to a deduction of ¼ of 1 per cent. for taxes.

In March, 1905, a majority of the stock was deposited in a voting trust for three years, from February 25, 1905. On its expiration in February, 1908, a new voting trust was formed to continue until May 25, 1911. Voting trustees, Alexander Brown, H. Crawford Black and F. A. Furst, Baltimore.

UNITED RAILWAYS CO. OF ST. LOUIS

A corporation formed under the laws of Missouri, March 11, 1898. The company succeeded the Central Traction Co. and in 1899 acquired control of the street railway organizations in St. Louis, except the St. Louis & Suburban, and changed its name to the above style.

The companies acquired were the Lindell Railway Co., Missouri Railroad Co., National Railway Co., Union Depot Railroad Co., People's Railway Co. and Southern Electric Railway Co., with their auxiliaries. In October, 1906, control of the St. Louis Suburban Railway Co. was acquired. The total mileage is 455.81 miles.

In 1899, a lease of the property was made to another organization, the St. Louis Transit Co., but in 1904 the lease was cancelled and the roads were returned to this company, the St. Louis Transit Co. being absorbed. The North American Co. is largely interested in this company.

The St. Louis Transit Co. had $20,000,000 of authorized stock, of which amount $17,264,300 was outstanding. In the readjustment of the two companies, which was proposed in October, 1904, the stock was exchanged for $6,905,720 treasury common stock of the United Railways Co.; of the preferred $7,000,000 was placed in trust to be used for improvements.

On the preferred stock of the United Railways, under the lease, the Transit Co. guaranteed the payment of the 5 per cent. cumulative dividends. The dividends are quarterly, 1¼ per cent. each, in January (10), April, July and October. The first dividend was paid April 10, 1900, and dividends of the same amount were paid regularly until October, 1910, when the dividend due that month was deferred on account of the company having a floating debt of $1,300,000.

UNITED RAILWAYS INVESTMENT CO.

A corporation formed under the laws of New Jersey, February 18, 1902, under the title of United Railways Investment Co. of San Francisco, the name being changed to the present style in September, 1906. The company acquired the stocks, common and preferred, of the United Railroads of San Francisco, except eleven shares of common necessary to qualify directors, and thus controls the railway system operated by the latter. See statement of that company. In 1909, $9,997,500 common stock of the United Railroads was transferred to The Railroads & Power Development Co. in exchange for its stock and the last named company exchanged it for stock of the San Francisco Electric Railways. The United Railways Investment Co. controls the two companies mentioned above.

In February, 1906, the company acquired $21,000,000 of the $30,000,000 common stock of the Philadelphia Co. of Pittsburg in exchange for $8,400,000 of this company's common stock and $15,750,000 of 5 per cent. collateral trust bonds. The stockholders of the Philadelphia Co. were invited to exchange their common stock, receiving for each $50 share $37.50 of the new bonds, and either $20 in stock or $19 in cash. In April, 1907, $3,200,000 additional was acquired by means of a further issue of the bonds in question, making the total Philadelphia Co. stock acquired, $24,200,000.

Stock...Par $100... Authorized { com., $31,000,000 / pref., 25,000,000 } Issued { com., $20,400,000 / pref., 16,000,000 } $36,400,000

The preferred stock is 5 per cent., cumulative, and is preferred also as to assets. It can be retired at any time after three years from date of issue at 110 and accrued dividends. Transfer Agents, Mercantile Trust Co., New York; Guarantee Trust & Safe Deposit Co., Philadelphia. Registrars, United States Mortgage & Trust Co., New York; Fidelity Trust Co., Philadelphia.

In February, 1906, the authorized common stock was increased from $10,000,000 to $25,000,000 to provide for the acquisition of a majority interest in the Philadelphia Co. and other corporate purposes.

The first dividend on the preferred stock was 1½ per cent., paid January 3, 1903, and similar dividends were paid in July, 1903, and January, 1904. In July, 1904, 1¾ per cent. was paid, on January 3, 1905, 2 per cent., July 1, 1905, 2 per cent., January 2, 1906, 2½ per cent., and in March 1906, a dividend of 4¾ per cent. was declared payable May 1, 1906, completing the arrears of cumulative dividends on the preferred. In consequence of the San Francisco earthquake this dividend was paid in interest bearing scrip instead of in cash, the payments being in April. In July, 1906, and January, 1907, scrip dividends of 2½ per cent. were also paid, but the July, 1907 dividend was passed and none have been paid to January, 1911, inclusive. In February, 1911, there were 20 per cent. of accumulated dividends on the preferred.

UNITED SHOE MACHINERY CORPORATION

A corporation formed under the laws of New Jersey, May 2, 1905, in pursuance of the plan for a reorganization of the company of the same name. The latter was a combination of several large concerns engaged in the manufacture of shoe machinery.

Auxiliary companies have been formed in Canada, Great Britain, France and Germany, known respectively as the United Shoe Machinery Co. of Canada, the British United Shoe Machinery Co., the United Shoe Machinery Co. de France, and the Deutsche Vereinigte Schumaschinen Gesellschaft. A branch office of the company is established in Australia. In October, 1910, the company acquired control of the Thomas G. Plant Co., carrying the patents of the Wonder Worker Machinery Co. In January, 1911, acquired the business of Maurice V. Bresnahan & Co., Lynn, Mass.

Stock...Par $25...Authorized { com., $35,000,000 / pref., 15,000,000 } Issued { com., $28,599,350 / pref., 9,502,350 } $38,101,700

The preferred stock is 6 per cent., cumulative. In the event of a dissolution it is entitled to $35 cash per share and all accrued dividends. Transfer Agent, American Trust Co., Boston. Registrar, Old Colony Trust Co., Boston.

The old company had outstanding $10,720,850 of common and $9,937,000 of 6 per cent. cumulative preferred stock. Under the plan of reorganization the old preferred was exchanged at par for new preferred, receiving also 1½ per cent. cash, and the old common was exchanged for 150 per cent. in new common and 3 per cent. cash. All but a small percentage of the old stock has been exchanged for the new under this arrangement.

In November, 1906, common stockholders were given the right to subscribe at par for $1,628,400, new common with which to provide for improvements. In July, 1907, $4,464,500 additional common stock was issued as a stock dividend of 25 per cent. on the common stock. In April, 1909, $2,239,575 common was issued as a stock dividend of 10 per cent. on the common stock. In 1910, $1,500,000 common stock was issued in connection with acquisition of the Thomas G. Plant Co.

The old company paid regular dividends at the rate of 6 per cent. per annum on the preferred and 8 per cent. on the common.

The first dividend on the new preferred was 1½ quarterly, October 15, 1905, and similar dividends have since been paid quarterly in January (15), April, July and October. The first dividend on the new common was 2 per cent. quarterly, paid October 15, 1905, and similar quarterly dividends at 8 per cent. per annum have since been paid, the dividend periods being the same as those for the preferred stock. On July 15, 1907, the common received a 25 per cent. stock dividend. In April, 1909, the common received an extra dividend of 2 per cent. and a dividend of 10 per cent. in common stock. In July, 1910, paid 4 per cent. extra, and 10 per cent. in stock.

UNITED STATES CAST IRON PIPE & FOUNDRY CO.

A corporation formed under the laws of New Jersey, March 13, 1899. The purpose of the organization was to unite the concerns which control the larger part of the cast iron pipe production of the United States.

This company owns some ten plants. The concerns included in this company have a capacity of 450,000 tons per annum out of a total estimated yearly production of 600,000 tons of iron pipe in the United States.

Stock..Par $100..Authorized { com., $15,000,000 / pref., 15,000,000 } Issued { com., $12,500,000 / pref., 12,500,000 } $25,000,000

The preferred stock is 7 per cent., non-cumulative. An amount of $347,555 of stock remains in the treasury of the company.

Stock is transferred at the office of the company, New York. Registrar, Central Trust Co., New York.

The outstanding bonds of the American Pipe & Foundry Co., one of the constituent concerns are $1,194,000, bearing 6 per cent. They mature in 1928, interest January and July, and are provided for by an annual sinking fund for their retirement.

The company began the payment of regular quarterly dividends on the preferred stock with a payment of 1¾ per cent. December 1, 1899, and paid similar dividends in March and June, 1900, but the September, 1900, dividend was passed and none was paid until March 1, 1902, when 1 per cent. was paid on the preferred stock, the same rate on the preferred being paid quarterly, in March, June, September and December, until June, 1904, inclusive. In September, 1904, and December, 1904 the dividends were 1¼ per cent. each, but the March 1, 1905, dividend was increased to 1¾ per cent., placing the preferred upon a 7 per cent. dividend basis, and the subsequent dividends were at that rate, but the September, 1908, dividend, of 1¾ per cent., which was declared out of reserve for working capital, was delayed by litigation and was finally paid in July, 1909. In 1909, also paid 1¾ per cent. in September, and 1¾ per cent. in December. In 1910, paid 1¾ per cent. in March and June and 1¼ per cent. in September and December, making 6 per cent. for the year. The first dividend on the common stock was 1 per cent., paid December 1, 1905, after which time quarterly dividends of 1 per cent. each, or at the rate of 4 per cent. per annum, were in March (1), June, September and December. The March, 1908 dividend was, however, passed and none have since been paid.

Stock.....Par $100.....Authorized, $3,200,000.....Issued, $3,200,000

Stock is transferred at the office of the company, Pittsburg. Registrar, Fidelity Title & Trust Co., Pittsburg.

The company had $4,000,000 of common and $1,000,000 8 per cent., cumulative, preferred stock, on which seven years' unpaid dividends had accumulated, but in September, 1903, the capital was reduced from $5,000,000 to $3,200,000 by the retirement of the entire preferred stock and of $800,000 of the common stock.

An agreement was entered into between the company and holders of the old preferred stock whereby the latter exchanged their holdings for 1st mortgage 5 per cent. bonds at the rate of $110 of bonds for each share of preferred stock.

Following the retirement of the preferred stock in exchange for 1st mortgage 5 per cent. bonds, the company, in February, 1904, declared a dividend of 1 per cent. on its capital stock, payable April 10, 1904. The last previous dividend on the common stock was 3 per cent., in 1892, after which dividends on the common were suspended. It paid 1 per cent. in April, 1904; 1 per cent. in October, 1904; 1 per cent. January 16, 1905; 1 per cent. May 1, 1905; 1 per cent. September 15, 1905, and 1 per cent., December 20, 1905. In 1906 paid 1 per cent. in June and 1 per cent. in October. In 1907, 1 per cent. was paid, in January, April, July and October. The same rate was paid in January, 1908; but none were paid subsequently until December 23, 1909, when there was a quarterly dividend of 1 per cent. Subsequent dividends have been 1 per cent. quarterly.

UNITED STATES RUBBER CO.

A corporation formed under the laws of New Jersey in April, 1892. Its object is the manufacture of rubber goods, principally boots and shoes. The property of the following concerns was acquired by the company:

American Rubber Co., Boston.
The Joseph Banigan Rubber Co., Providence.
Boston Rubber Co., Boston.
Boston Rubber Shoe Co., Boston.
L. Candee & Co., New Haven, Conn.
Colchester Rubber Co., Colchester, Conn.
Goodyear's Metallic Rubber Shoe Co., Naugatuck, Conn.
Goodyear's India Rubber Glove Manufacturing Co., Naugatuck, Conn.
Lycoming Rubber Co., Williamsport, Pa.
Marvel Rubber Co., Woonsocket, R. I.
Meyer Rubber Co., New Brunswick, N. J.
National India Rubber Co., Bristol, R. I.
New Brunswick Rubber Co., New Brunswick, N. J.
New Jersey Rubber Shoe Co., New Brunswick, N. J.
Para Rubber Shoe Co., Boston.
Woonsocket Rubber Co., Woonsocket, R. I.

In May, 1905, this company purchased a large majority of the stocks of the Rubber Goods Manufacturing Co. See below, and also statement of the latter company. In 1910, acquired the Revere Rubber Co. In 1909, acquired an interest in the Canadian Consolidated Rubber Co.

The General Rubber Co., formed in 1905, to deal in crude rubbers, and which has a capital of $3,000,000, is jointly controlled by this company and the Rubber Goods Manufacturing Co.

In 1906, this company organized an English corporation, Wm. Symington & Co., Limited, with an authorized capital of $2,500,000, for the purpose of dealing in crude rubber.

Stock..Par $100...Authorized	com., $25,000,000 1st pref., 40,000,000 2d pref. 10,000,000	Issued	com., $25,000,000 pref., 39,824,400 2d pref., 9,965,000	$74,789,400

The 1st preferred stock is 8 per cent., non-cumulative. The authorized amount was originally $25,000,000, but it was increased in May, 1905, to $40,000,000. The second preferred stock is 6 per cent., non-cumulative, and was created in 1905, in connection with the plan to acquire control of the Rubber Goods Manufacturing Co. Stock is transferred at the office of the company, New York. Registrar, Central Trust Co., New York.

The company from 1893 to 1900, inclusive, paid 8 per cent. per annum on its preferred (now first preferred) stock, except in 1897, when 6 per cent. was paid. In January, 1901, the quarterly dividend on the preferred was reduced from 2 to 1 per cent., and no further dividends were paid from that date until June, 1904, when dividends on the preferred were resumed with a payment of 1½ per cent., further dividends of 1½ per cent. each being paid on September 15, 1904, December 15, 1904, and March 15, 1905. In May, 1905, 2 per cent. and 1½ per cent. extra were paid, and in August and October, 1905, and January, 1906, 2 per cent. was paid, which has since been the regular quarterly rate, paid in January (31), April, July and October on the 1st preferred.

The first dividend on the second preferred stock was 1½ per cent. quarterly, paid October 31, 1905, and similar quarterly dividends being 6 per cent. per annum have since been paid in January (31), April, July and October.

In March, 1895, 2½ per cent. was paid on the common stock, being the first dividend on the common. In December, 1896, 2 per cent. was declared on the common, payable February 15, 1897. In July, 1899, 1 per cent. was paid on the common. Dividends of 1 per cent. each were also paid on the common October, 1899, January, 1900, and April 30, 1900, but the July, 1900, dividend was passed and no dividends on the common stock have since been paid.

The arrangement under which this company acquired the greater part of the common and preferred stock of the Rubber Goods Manufacturing Co., as per plan of May 27, 1905, included the acceptance by the common stockholders of that company of 50 per cent. of the par value of their stock in second preferred stock of this company, and by the Rubber Goods preferred shareholders of an equal amount of the first preferred stock of this company. For this purpose there has been issued $7,937,500 of this company's 1st preferred and $9,965,000 of its 2d preferred stock. In January, 1910, stockholders had the right to subscribe on February 1, 1910, for $3,561,400 1st preferred stock at 110.

UNITED STATES SMELTING, REFINING & MINING CO.

A corporation formed under the laws of Maine, March 10, 1906. The company was organized in pursuance of a plan for the financial reorganization of the United States Mining Co. The company acquired the Jordan and Telegraph mines at Bingham, Utah, the Centennial-Eureka Mining Co. of Tintic, Utah, and the Mammoth Copper Mining Co., of Shasta County, Cal., with an interest in other properties adjoining them, the whole tract being traversed by the Jordan, also known as the Highland Boy, and other veins, and contains gold, silver, copper and lead values. A 1,000-ton smelter was completed in November, 1902, and a lead smelter was constructed in 1904 at West Jordan, near Salt Lake City, Utah.

In February, 1906, the company acquired the Real Del Monte mines at Pachuca, Mexico. It also acquired the Needles Mining & Smelting Co., and has an interest in the Richmond Eureka Mining Co.

See MANUAL for 1909 as to the plan of reorganization completed in 1906.

UNITED STATES STEEL CORPORATION

A corporation formed under the laws of New Jersey, February 25, 1901, the articles of incorporation having been amended April 1, 1901. The corporation was organized to acquire the stocks of companies engaged in the steel and allied industries. The organizations which it acquired were as follows:

The Carnegie Co.
Federal Steel Co.
American Steel & Wire Co.
National Tube Co.
National Steel Co.
American Tin Plate Co.
American Bridge Co.
American Steel Hoop Co.
American Sheet Steel Co.
Shelby Steel Tube Co.
Lake Superior Consolidated Iron Mines.
Union Steel Co.
Troy Steel Products Co.
Clairton Steel Co.
Tennessee Coal Iron & Railroad Co.

Several of the original constituent companies were consolidated in 1903, in order to economize and concentrate the operations of the corporation and other subsidiary companies have been organized. At the end of 1910 the operating companies comprised the following:

Carnegie Steel Co.
Lorain Steel Co.
National Tube Co.
The National Tube Co. (Lorain, O.)
American Sheet & Tin Plate Co.
Union Steel Co.
Universal Portland Cement Co.
Illinois Steel Co.
American Steel & Wire Co.
Shelby Steel Tube Co.
American Bridge Co.
Clairton Steel Co.
Tennessee Coal, Iron & Railroad Co.
Great Western Mining Co.
Indiana Steel Co.
Illinois Steel Warehouse Co.
Edgar Zinc Co.
Minnesota Steel Co.

The Union Steel Co. and its controlled property the Sharon Steel Co. were acquired in 1902, and the Troy Steel Products Co. was also acquired in the same year.

In May, 1904, the Clairton Steel Co. was acquired from the Crucible Steel Co. of America.

In 1906, a subsidiary company, the Universal Portland Cement Co., was formed, which took over the cement plants near Chicago which had been operated by the Illinois Steel Co. The new company constructed two additional plants at Buffington, Ind., and Universal, Pa.

The Elgin, Joliet & Eastern Railway, the Pittsburg, Bessemer & Lake Erie Railroad, Duluth & Iron Range Railroad, Duluth, Missabe & Northern Railway, Chicago, Lake Shore & Eastern Railway, and Birmingham Southern Railroad, with some short railroad lines, are owned or controlled by various constituent companies acquired by this company, the mileage of all such lines December 31, 1910, being 948.10 miles with 710.59 miles of branches and spurs, and the equipment of the same comprised 1,168 locomotives and 47,025 cars.

The united plants of the organizations owned and controlled comprised on December 31, 1910, 127 blast furnaces, 35 Bessemer steel converters, 256 open-hearth steel furnaces, 9 rail mills, 19 sheet and tin plate mills, 17 bridge and structural plants and a large number of other establishments, including bar mills, plate mills, wire rod and nail mills, and Portland cement works.

In addition to the manufacturing plants are Lake Superior and Southern iron mines, the production of which in 1905 was 18,486,556 tons; in 1906, 20,645,148 tons; in 1907, 23,950,558 tons; in 1908, 16,602,715 tons of ore; in 1909, 23,431,047 tons, and in 1910, 25,245,816 tons, the marine equipment operated in conjunction with the ore properties consisting of 81 steamers and 125 barges, etc. The coking interests comprise 81 coking plants, which in 1906 produced 13,295,075 tons of coke; in 1907, 13,544,164 tons; in 1908, 8,169,931 tons; in 1909, 13,590,112 tons, and in 1910, 13,649,578 tons. The coal interests comprise in the northern division of the property 121,717 acres of coking coal, 89,667 acres of steam coal and surface rights to 23,554 acres, besides which the Tennessee Coal, Iron & Railroad Co. have 347,637 acres of coal lands. The corporation also owns water supply plants, natural gas properties, and ore docks on the lakes.

In 1905 it was decided to erect a new large modern steel plant in the Chicago district. To this end The Indiana Steel Co. was incorporated, which is completing the plant, the first units of which went into operation during 1909. The corporation also controls the Gary Land Co., which owns the site of the City of Gary, Ind., where the plant is located, a tract of about 9,000 acres having been acquired with a large frontage on the shore of Lake Michigan. The new plant will include blast furnaces, open-hearth steel furnaces, blooming and rail mills, finishing mills and accessory works. Up to December 31, 1910, $69,978,695 have been expended for these purposes, including payments for real estate, and there was held in a special fund available for the work, $4,796,810.

In October, 1906, arrangements were made to lease a large acreage of iron ore lands belonging to the Great Northern Railway Co., title to which was held by the Lake Superior Co., Limited, a subsidiary organization of the Railway Co. The properties were leased to the Great Western Mining Co., a corporation organized for the purpose and controlled by the United States Steel Corportion, which it was provided should guarantee the lease. Under the lease the lessee was to mine from the properties a minimum of 750,000 tons of ore in the year 1907 and the amount to be mined shall be increased by 750,000 tons each year until it reaches 8,250,000 tons. The annual minimum to be thereafter that amount until the ore is exhausted, unless the lease is terminated on January 1, 1915, under an option reserved by the lessee. The royalty to be paid is $1.65 per ton for ore containing 59 per cent. of metallic iron in the ore mined and shipped in 1907, but this base price is to increase by 3 4-10 cents per ton each succeeding year, the royalty, however, to be increased or diminished on a fixed scale as the ore may prove to be higher or lower in grade than the above 59 per cent. of metallic iron.

In November, 1907, the corporation acquired $30,374,825 par value of the common stock of the Tennessee Coal, Iron & Railroad Co., being all but $220,160 of the amount thereof outstanding. In payment therefor the corporation delivered its 10-60 year sinking fund 5 per cent. gold at the rate of $11,904.76 of said bonds for each $10,000 par value of the stock, the total par value of the bonds issued or purchased in connection with this transaction being $35,317,632. See statement of the Tennessee Coal, Iron & Railroad Co.

In 1907 it was decided to errect an iron and steel plant of moderate size near Duluth, Minn. for which purpose a tract of about 1,580 acres was purchased, and in 1910, $1,715,517 was expended for construction work thereon.

The principal output of the several operated properties in 1907, 1908, 1909 and 1910, was as follows:

	1907 Tons	1908 Tons	1909 Tons	1910 Tons

The preferred stock is 7 per cent., cumulative, with a preference for principal and unpaid dividends in case of a dissolution of the corporation. The charter provides that if in any year dividends amounting to 7 per cent. shall not have been paid on the preferred, the deficiency shall be payable before any dividends shall be payable on the common stock. Whenever all cumulative dividends on the preferred stock for previous years shall have been declared and become payable, and the accrued quarterly instalments for the current year shall have been set aside from surplus or net profits, the Board of Directors may declare dividends on the common stock out of any remaining surplus or profits. See below in regard to the retirement of a portion of the preferred stock from $510,314,100 issued and outstanding in 1902 to the present amount of $360,281,100. The stock may be increased from time to time at the discretion of the directors.

Stock is transferred at the offices of the corporation, 71 Broadway, New York, and 51 Newark street, Hoboken, N. J. Registrar of common stock, Guaranty Trust Co., New York. Registrar of preferred stock, New York Trust Co., New York.

Regular quarterly dividends on the preferred stock at the full rate of 7 per cent. per annum, or 1¾ per cent. quarterly, have been paid, in February (28), May, August and November, from August, 1901, inclusive.

The first dividend on the common stock was 1 per cent. quarterly, paid September 14, 1901, and regular quarterly dividends at the same rate, or 4 per cent. per annum, were paid in March (31), June, September and December until September, 1903, inclusive, the December, 1903, dividend being reduced to ½ per cent., and the March, 1904, dividend was passed and no dividends were paid on the common stock until 1906, when 1 per cent. was paid on October 1, ½ per cent. being for the quarter ending March 31, 1906, and ½ per cent. for the quarter ending June 30, 1906. On December 31, 1906, a quarterly dividend of ½ per cent. was paid and the same continued to be the regular quarterly rate until September, 1909, when ¾ per cent. was paid. In December, 1909, paid 1 per cent., and in March, 1910, 1 per cent. regular and ¾ per cent. extra. In June, 1910, paid 1¼ per cent., which has since been the regular quarterly rate, being 5 per cent per annum.

See separate statement of the Tennessee Coal, Iron & Railroad Co. for its funded debt.

The total funded debt, December 31, 1910, held by the public (including the bonds of the controlled railroads and those of the Tennessee Coal, Iron & Railroad Co.) was $596,351,866. At that date there were also real estate mortgages and purchase money obligations amounting to $3,097,792.

On December 31, 1910, there was held by the trustees of sinking funds for the bonds of the United States Steel Corporation and subsidiary companies $51,641,500 of par value of bonds on which an annual amount equal to the interest thereon was payable.

The collateral trust 5 per cent. bonds, due 1951, were $304,000,000, authorized, secured by the deposit with the United States Trust Co., New York, of the securities of the constituent companies acquired by this corporation. Series A, C and E of the bonds, aggregating $154,000,000, can be called at 115 in whole or part after April 1, 1911. A sinking fund of $3,040,000 per annum began June 1, 1902, to purchase bonds at not above 115 and interest, and after April 1, 1911, bonds of the series mentioned above may be drawn for the sinking fund. On December 31, 1910, the sinking fund held $29,545,000 of the bonds. The purpose of this bond issue was to acquire and retire the $159,450,000 5 per cent. bonds of the Carnegie Co. and to purchase the stock of that company. Coupons of the collateral trust 5 per cent. bonds, due 1951, are payable at the office of J. P. Morgan & Co., New York.

In March, 1902, it was announced that the corporation would issue $250,000,000 of 5 per cent. bonds with which to retire 40 per cent., or $200,000,000, of its preferred stock and to provide $50,000,000 of additional working capital. Suits were, however, brought to enjoin this plan, and it was not until February, 1903, that the Court of Errors and Appeals of New Jersey finally decided in favor of the corporation.

See MANUAL for 1909, in regard to original terms for the conversion of preferred stock into the 5 per cent. collateral trust.

The collateral trust sinking fund 10-60 year 5 per cent. bonds, due 1963, are subject to call at 110 after 1913, the total authorized issue being $250,000,000. There is a sinking fund of $1,010,000 per annum, the bond purchased to be kept alive in the sinking fund which, on December 31, 1910, held $9,222,500 of the issue. No foreclosure suit can be brought until default has continued for two years. Trustee of the mortgage, United States Trust Co., New York. Coupons are paid at the office of J. P. Morgan & Co., New York. The original plan included the issue of $200,000,000 of the bonds against the conversion of that amount of preferred stock, as stated above, and the sale of $50,000,000 at par for cash to provide for improvements and additional working capital. A syndicate managed by J. P. Morgan & Co., New York, was formed to underwrite the preferred stock conversion up to $80,000,000 as a minimum, and also to guarantee the subscription for $20,000,000 of the bonds to be sold for cash.

Under these arrangements the amount of the 5 per cent. sinking fund and 2d mortgage bonds issued was $170,000,000, and the preferred stock outstanding was reduced from $510,314,100 to $360,281,100.

The Union Steel Co. 1st mortgage was created in 1902 and is $45,000,000 authorized. Trustee of the mortgage, New York Trust Co. Principal and interest is guaranteed by the United States Steel Corporation. There is a sinking fund of 2 per cent. of the amount of the

bonds each year, bonds to be purchased at not above 110 after 1907, the bonds to be redeemable at 110 and interest.

See statements of the Elgin, Joliet & Eastern Railway; the Chicago, Lake Shore & Eastern Railway; the Pittsburg, Bessemer & Lake Erie Railroad; the Duluth & Iron Range Railroad, and the Duluth, Missabe & Northern Railroad, under their respective titles in the Railroad Section of the MANUAL, for their funded debts.

By its articles of incorporation the corporation is empowered to manufacture iron, steel, manganese, coke, copper, lumber and other materials, and all articles consisting or partly consisting of iron, steel, copper, wood or other materials, and all or any products thereof.

To acquire, lease, or occupy, use or develop any lands containing coal, iron, manganese, stone, or other ores, oil or wood lands, to mine and buy and sell these or other materials, and to construct bridges, buildings, machinery, ships, boats, engines, cars and other equipment, railroads, docks, slips, elevators, water, gas and electric works, viaducts, canals and other waterways. It is stipulated, however, that the corporation shall not maintain or operate any railroad or canal in New Jersey. The corporation is also empowered to acquire and deal in trade marks, trade names, patents, inventions, improvements, processes, etc., and to acquire and deal in stocks, bonds and other securities of other corporations engaged in the acquisition, manufacture and sale of the products mentioned.

The corporation is also empowered to engage in other manufacturing, mining, construction or transportation business of any kind or character whatsoever, and to that end to acquire, deal in and dispose of all property, assets, stocks and bonds, and rights of any and every kind, but not to engage in any business hereunder which shall require the exercise of the right of eminent domain within the State of New Jersey.

The corporation also may acquire by purchase, subscription or otherwise, and hold or dispose of, stocks, bonds or other obligations of any corporation formed or engaged in the objects or operations indicated. The corporation may hold for investment the securities or obligations of any such other corporation and also aid in any manner any corporation whose obligations are held or guaranteed by this company.

The corporation may conduct its business in any other States or Territories or foreign countries, may have more than one office, and keep the books of the corporation outside of New Jersey, except as otherwise may be provided by law, and it also may have real estate transactions either in or out of the State.

Without, in any particular, limiting any of the objects and powers of the corporation, it is provided that the corporation shall have power to issue bonds and other obligations in payment for property purchased or acquired, or for any other object in or about its business; to mortgage or pledge stocks, bonds or other obligations of any property which may be acquired by it to secure obligations issued or incurred, to guarantee dividends, bonds or contracts, and to make or perform contracts of any description.

It is provided that the number of directors may be increased from time to time.

The directors are authorized to delegate their powers to an executive committee. The board has the power to fix and determine the amount of working capital and to direct and determine the use and disposition of any surplus and net profits over and above the capital stock paid, and to follow out other transactions provided and allowed by law.

By an amendment to the articles of incorporation the corporation accepted the benefit of the New Jersey statute providing that two-thirds of the stock represented at an annual or special meeting may authorize the directors to create mortgages or pledge the assets of the company.

UTAH CONSOLIDATED MINING CO.

A corporation formed under the laws of New Jersey, 1902. The company was organized to acquire and take over the property of the Utah Consolidated Gold Mines, Limited, an English corporation. The latter was the successor of the Sevier Gold Mines, Limited. The property acquired consisted of all the property of the Highland Boy Gold Mining Co. The latter has mines near Bingham, Utah, consisting of 240 acres, with mill, smelter and other improvements. The ore carries gold, silver and copper.

The Utah Consolidated Gold Mines, Limited, had £300,000 stock, the par value of the shares being £1 each. A large proportion of the stock of the English company was deposited with the International Trust Co., Boston, which issued certificates or receipts against the same. These certificates were listed at the Boston Stock Exchange and were traded in the market at that city. The stock of the Utah Consolidated Gold Mines, Limited, was on the formation of this company exchanged share for share for the new stock.

VIRGINIA-CAROLINA CHEMICAL CO.

A corporation formed under the laws of New Jersey, September 12, 1895. The company was formed to consolidate Southern manufactories of fertilizers, sulphuric acid and kindred articles. It has acquired various establishments of this description from Baltimore, Md., to Florida, together with a large amount of phosphate lands in South Carolina, Tennessee, Florida and Arkansas, being the largest owner of phosphate in the world. In February, 1901, it acquired control of the Charleston Mining & Manufacturing Co. It also acquired a number of cotton oil plants, and in 1901 bought a controlling interest in the Southern Cotton Oil Co., and now owns all of its $10,000,000 of stock. The Texas properties of the Southern Cotton Oil Co. were sold in 1905 to the Fidelity Cotton Oil & Fertilizer Co. The company has an interest in the Einigkeit (Potash) Co. of Germany.

This company also owns and operates large pyrites mines, producing a large portion of the pyrites used by it in manufacturing sulphuric acid, and in addition it has various foreign properties and interests.

Stock..Par $100..Authorized { com., $38,000,000 / pref., 20,000,000 } Issued { com., $27,984,400 / pref., 18,000,000 } $45,984,400

The preferred stock is 8 per cent., cumulative, and has a preference in any distribution of assets. The amount of the authorized share capital was in July, 1899, increased to $12,000,000 of each class, and in 1901 the common was increased to $38,000,000 in order to provide for the acquisition of the Southern Cotton Oil Co. and other properties. In May, 1904, the authorized preferred stock was increased from $12,000,000 to $20,000,000, and $6,000,000 of the increase was allotted to and subscribed for by the stockholders of both classes at par to pay off floating debt and provide additional working capital. The remaining $2,000,000 of unissued preferred can be issued only at the rate of $400,000 per annum, unless otherwise ordered by a vote of the stockholders.

Transfer Agent, New York Trust Co., New York. Registrar, Guaranty Trust Co., New York.

The initial dividend on the preferred stock of this company was 2 per cent. paid January 15, 1896, and similar dividends have since been regularly paid each quarter, in January (15), April, July and October.

The initial dividend on the common stock was 1 per. cent., December 1, 1896, and 1 per cent. was paid each ensuing quarter in March (1), June, September and December. The June, 1902, dividend was increased to 1¼ per cent., which was the regular rate until it was decided to suspend the September, 1903, dividend to provide additional working capital for the company's increasing business, and no dividends were paid on the common until August, 1909, when 3 per cent. was distributed out of the earnings of the year, 1908–09. From the earnings of 1909–10, 5 per cent. was declared on the common payable 1¼ per cent. each in August (15), and November, 1910 and February and May, 1911.

VIRGINIA IRON, COAL & COKE CO.

A company formed under the laws of Virginia in February, 1899. The company is a consolidation under one ownership and management of various iron industries of Southwest Virginia. The properties included in the organization comprised ten modern blast furnaces having an aggregate productive capacity of 500,000 tons of pig iron per annum, and the lands and property of ten different coal and coke companies which include 130,000 acres of coal lands and five coal mines in active operation, with coking and mining plants and the complete equipment and accessories of such enterprises. The company also acquired about 60,000 acres of iron ore lands and mines with large deposits of limestone.

In addition to the iron and coal properties the company formerly controlled the Virginia & Southwestern Railway, which connects its various plants owning $1,004,500 of the railway company's stock out of a total of $2,000,000, but in 1906 sold this stock to the Southern Railway Co., at $200 per share payable 25 per cent. June 15, 1906, and the balance in instalments, the last of which was paid in 1908.

The coal, ore and timber properties of the companies are in Washington, Smythe, Wythe, Pulaski, Wise, Dickinson, Russell, Carroll, Montgomery, Roanoke, Bedford and Augusta Counties, Va., and Johnson, Carter, Unicoi and Sullivan Counties, Tenn. In September, 1899, the company acquired additional coal and ore properties in Wise County, Va., and Alleghany and Craig Counties, Tenn. Its total lands comprise upwards of 300,000 acres.

VULCAN DETINNING CO.

A corporation formed under the laws of New Jersey, April 26, 1902. The company acquired the plant and property of the Vulcan Metal Refining Co. of Sewaren, N. J., and of the Vulcan Western Co. of Streator, Ill. The business of the company is the refining of metals and the reclamation of merchantable tin and steel from the scrap tin left from the manufacture of

cans and tinware. It has plants at Sewaren, N. J., and Streator, Ill. In 1906, the Sewaren plant was enlarged and in 1908, it acquired the foundry plant of the Empire Iron & Metal Co., at Sewaren.

Stock.....Par $100.....Authorized { com., $2,000,000 / pref., 1,500,000 } Issued { com., $2,000,000 / pref., 1,500,000 } $3,500,000

The preferred stock is 7 per cent., cumulative. Stock is transferred at the office of the company, New York. Registrar, Lawyers Title Insurance & Trust Co., New York.

The company began the payment of quarterly dividends on both the preferred and common stocks at the rate of 1¾ per cent. on the preferred and 1 per cent. on the common on July 20, 1902, and paid quarterly dividends of the same amounts until the dividend on the preferred stock, payable November 20, 1903, was reduced to 1 per cent. After that time there were no further dividends on the preferred until 1¼ per cent. was paid January 20, 1905, since which time they were paid at the same rate, or 5 per cent. per annum. On January 20, 1906, 1¼ per cent. regular and 1 per cent. extra were paid on the preferred, and similar amounts were paid in April, 1906. In July, 1906, paid 1¼ per cent. regular and ½ per cent. extra. The October, 1906, dividend was, however, 1¼ per cent. regular without an extra division, which was also the case with the dividend paid January 19, 1907, which was also the rate paid in April, July and October, 1907. The January, 1908, dividend was deferred, but 1¼ per cent. was paid in October, 1908, and 1¼ per cent. was also paid on the preferred in January, 1909, which was also the rate in April, July and October, 1909. In January, April and July, 1910, paid 1¼ per cent. and ½ per cent. extra. In October, 1910, paid 1¼ per cent. Also paid 1¼ per cent. January 20, 1911. Dividends on the common were suspended after the one paid in July, 1903.

In the year ending March 31, 1903, profits, $290,150; expenses, $70,926; dividends, $185,000; surplus, $34,224. The expenses for 1902-03 include $35,967 for maintenance, depreciation and special depreciation reserve. The report for 1903-04 gave no figures of earnings, but stated that the company has suffered loss from the destruction of its Streator, Ill., factory by a cyclone, and the rebuilding of same, as well as from the depressed state of the steel industry. The destroyed plant was rebuilt entirely out of earnings, and the company has incurred no indebtedness, either funded or floating. No income account was published in 1904-05, 1905-06 or 1906-07. For 1907–08 the company reported, net, $71,831; surplus, over preferred dividends, $15,581. For 1908-09, net, $182,619; surplus, over preferred dividends, $126,369. In 1909-10, net, $208,685; surplus over preferred dividends, $118,685.

THE WESTERN UNION TELEGRAPH CO.

A corporation chartered by the State of New York in 1851, under the name of the New York & Mississippi Valley Printing Telegraph Co., the title being changed in 1856.

In October, 1887, this company purchased the entire capital stock of the Baltimore & Ohio Telegraph Co., the terms including a rental of $60,000 per year to be paid to the Baltimore & Ohio Railroad Co. for fifty years for the use of the railroad wires.

In November, 1909, the American Telephone & Telegraph Co. acquired a substantial interest in the stock of this company.

Stock.....Par $100.....Authorized, $125,000,000.....Issued, $99,787,000

In 1906, the authorized stock was increased from $100,000,000 to $125,000,000 to provide for the conversion of the convertible bonds.

Stock is transferred at the office of the company, New York. Registrar, Mercantile Trust Co., New York.

From 1887 the company has paid dividends of 5 per cent. per annum in quarterly payments of 1¼ per cent. each, in January (15), April, July and October. The January, 1908, dividend was, however, made payable in stock and the same course was adopted regarding the April, 1908, dividend. In July and October, 1908, cash dividends of ½ per cent. each were paid, and in January, 1909, ¾ per cent. was paid, which has been the quarterly rate to January, 1911, inclusive.

The company guarantees also 5 per cent. on the $14,000,000 of stock of the American Telegraph & Cable Co., 6 per cent. upon the $5,000,000 of the Gold & Stock Telegraph Co., 6 per cent. on the $3,000,000 stock of the International Ocean Telegraph Co., 6 per cent. on the stock ($2,500,000) and 4½ per cent. on the bonds of the Northwestern Telegraph Co. and 5 per cent. on the stock of the Southern & Atlantic Telegraph Co. The company owns $8,615,000 of stocks and bonds of leased companies, which are held in its collateral trust, and $14,138,480 of stocks of other companies not leased.

The 4½ per cent. funding and real estate bonds were authorized and issued in 1900. The total authorized issue is $20,000,000, of which $5,681,000 were to retire the 7 per cent. and 6 per cent. debentures maturing 1900, $2,076,501 to pay for new property and construction, and $2,242,499 to be issued for like purposes in the future. The remaining $10,000,000 was reserved to take up the $1,158,000 building bonds and for extensions and improvements. In 1904, the final $4,000,000 of the latter amount was sold.

In 1906, an issue of redeemable bonds was authorized for $25,000,000, subject to call at 105 on May 1, 1912, or any subsequent interest date, to be issued in series which may be made convertible. The series A of these bonds for $10,000,000 were secured by the company's interest in the stock of the New York Telephone Co. which has been sold to the American Telephone & Telegraph Co. and are convertible in Western Union stock at par between January 2, 1909, and January 2, 1919, and within that time up to 30 days prior to the date of redemption if called.

WESTINGHOUSE ELECTRIC & MANUFACTURING CO.

A corporation formed under the laws of Pennsylvania in 1872. The company manufactures electric apparatus and appliances for lighting and power plants, electric locomotives, motors for all uses, etc. It has a plant at East Pittsburg, Pa., and branches at Cleveland, O., Bridgeport, Conn., Bloomfield, N. J., and Newark, N. J.

In 1899, the British Westinghouse Electric & Manufacturing Co. was incorporated with £1,000,000 preference 6 per cent. stock and £750,000 ordinary stock. The American company acquired all the common stock as a consideration for the right to use its patents in Great Britain and its dependencies, except in North America. The British company has a plant at Trafford Park, Manchester, England.

The company, in addition to its other foreign interests, has a large interest in the Societe Anonyme Westinghouse, a French corporation having a share capital of 20,000,000 francs, and which was organized jointly by this company and The Westinghouse Air Brake Co. to manufacture electrical and air-brake apparatus for France and other Continental European countries.

In October, 1903, the Canadian Westinghouse Co., Limited, was organized. See statement of that company.

On October 23, 1907, Receivers were appointed, who were discharged December 5, 1908, the reorganization plan having been successfully carried out.

The readjustment of the company was effected by a committee representing the bank creditors and merchandise creditors respectively. The plan originally submitted in April, 1908, was modified in October, 1908, when finally adopted by the Readjustment Committee. It provided that the merchandise creditors should accept new assenting (common) stock at par for their claims, which amounted to $5,243,609. The holders of the bank claims, which were $7,919,000, were offered convertible bonds, 5 per cent. notes, due from four to six years, in the proportion of 50 per cent., 30 per cent. and 25 per cent., respectively, and assenting stock. The preferred and assenting (common) stockholders were asked to subscribe for 25 per cent. of new assented stock at par to the extent of $6,000,000.

Stock..Par $50..Authorized	assen'tg, $56,000,000 1st pref., 4,000,000	Issued	assen'tg, $36,720,487 1st pref., 3,998,700	$40,719,187

The preferred stock is 7 per cent., cumulative, and participates with the common in further division of profits when the latter has received 7 per cent. The common stock is denominated "assenting stock" on account of the provisions regarding it, made when the company's capital was readjusted in 1891.

In March, 1906, the authorized common stock was increased from $21,000,000 to $46,000,000 to provide for the conversion of the convertible bonds and future requirements. In November, 1908, the authorized amount of the assenting stock was increased to $56,000,000 to provide for the term of the reorganization.

The company paid 7 per cent. on its preferred stock since 1892, the dividends being 1¾ per cent. quarterly, in January, April, July and October. In May, 1903, the preferred dividend was increased to 2½ per cent., or 10 per cent. per annum, and subsequent dividends were on that basis to 1907 inclusive. Dividends on the preferred were, however, suspended in 1908. But in October, 1909, paid 1¾ per cent. regular and 3½ per cent. on account of accumulated dividends. In January, 1910, paid 1¾ per cent. In April, July and October, 1910 and January, 1911, paid regular quarterly dividends of 1¾ per cent. each. In September, 1910, declared payment of the 8¾ per cent. of back dividends on the preferred payable 3½ per cent. each October 15, 1910, and January 15, 1911, and 1¾ per cent. April 15, 1910.

On the common stock the first dividend was 1¼ per cent. quarterly, February 20, 1900. The May 1, 1900, quarterly dividend on common was increased to 1½ per cent., and similar dividends were paid on the common to May, 1901, inclusive. The August, 1901, quarterly dividend

on the common was increased to 1¾ per cent., which was the rate of the subsequent dividends until July, 1903, when the rate was increased to 2½ per cent., or 10 per cent. per annum, the dividend periods on the common being also changed to January, April, July and October. Subsequent dividends were at the same rate up to October, 1907, inclusive; none paid since.

The Walker Co. has $850,000 of 1st mortgage 6 per cent. bonds, due January, 1916, January and July, which, however, are not an obligation of the company but are guaranteed by it.

In August, 1898, the 5 per cent. debentures were authorized and issued. Part of the issue was used to retire old bonds and part to acquire the Walker Co., of Cleveland. Beginning in 1900, $150,000 of the debentures are retired each year. Trustee and agent for the payment of interest, Mercantile Trust Co., New York.

The convertible 5 per cent. bonds are $25,000,000 authorized and are exchangeable for "assenting" common stock at 200 for the latter after January 1, 1910, at the holders' option and may be redeemed by the company on any interest date after January 1, 1912, at not more than 105 and interest. A sinking fund of $500,000 yearly began December 31, 1907, bonds to be purchased at 105 and interest. Stockholders of record February 5, 1906, had the right to subscribe for the bonds at 98 and interest to the extent of 60 per cent. of their holdings. Trustee and agent for the payment of interest, Standard Trust Co., New York.

The 6 per cent. notes were issued in 1907 for three years and in 1910 were extended for three years. They can be called at par on any interest date with an allowance of interest at 2 per cent., for the unexpired portion of their term.

The ten-year 5 per cent. notes are payable in sterling and dollars, and are secured by debentures of the Russian, French and Canadian Westinghouse Co's. They could be called at 105 on any interest date, from October 1, 1908, to October 1, 1912, and after that at 102½. Trustee, Mercantile Trust Co., New York.

THE WESTINGHOUSE MACHINE CO.

A corporation formed under the laws of Pennsylvania in 1881. The company owns large plants at East Pittsburg and Trafford City, Pa., and Attica, N. Y., and manufactures steam and gas engines, steam turbines, Leblanc condensers and Roney mechanical stokers. In 1906, the Nernst Lamp Co. was acquired.

On October 23, 1907, the company was placed in the hands of Receivers. A "creditors' committee" was constituted in December, 1907, which proposed that the company should issue $7,200,000 three-year 6 per cent. notes, dated January 2, 1908, to be secured by $8,471,000 5 per cent. gold bonds of 1907 with which to pay off the claims. No dividends were to be paid until

the notes have been retired. This plan was declared effective and the receivership terminated March 31, 1908.

The stockholders on March 9, 1911, approved a consolidation with the Westinghouse Foundry Co. and authorized a new mortgage for $10,000,000 covering the combined properties. A voting trust will control the election of directors during the life of the company's 6 per cent. collateral notes, in the interest of the noteholders.

The stock of the company formerly consisted of $150,000 6 per cent., non-cumulative, preferred and $2,850,000 common. In January, 1902, the authorized amount of common stock was increased to $5,000,000, and the preferred stockholders surrendered their preferential rights, making the entire stock of the company of one class. In December, 1905, the authorized stock was increased to $10,000,000.

Transfer agent, Colonial Trust Co., Pittsburg. Registrar, Safe Deposit & Trust Co., Pittsburg.

Dividends on both the common and preferred stock were at the rate of 6 per cent. per annum, and were paid quarterly, in January, April, July and October. Since December, 1902, dividends of 2½ per cent. each quarter, or at the rate of 10 per cent. for the year, were paid on the present stock to October, 1907, inclusive, since which time no dividends have been paid.

Covering Aggregate Debts and the Separate Bond Issues of the Several Countries

THE UNITED STATES OF AMERICA

The figures given below as the amount of each class of United States bonds outstanding are taken from the Debt Statement issued by the Treasury Department as of February 28, 1910.

NATIONAL DEBT

Consols of 1930, 2 per cent., due April 1, 1930, quarterly, Jan.....	$646,250,150
War Loan of 1908–1918, 3 per cent., due Aug. 1, 1918, quarterly, Feb.....	63,945,460
Loan of 1925, 4 per cent., due Feb. 1, 1925, quarterly, Feb.....	118,489,900
Panama Canal Loan, 2 per cent., due Nov. 1, 1916, quarterly, Feb.....	54,631,980
Panama Canal Loan of 1908, 2 per cent., due 1918-38, quarterly, Feb.....	30,000,000
Total	$913,317,490

In addition to the above there was outstanding March 31, 1911, of the old debt, which matured prior to January 1, 1861, $905,515, together with $23,650 of the funded loan, which matured September 2, 1891; $7,000 of the funded loan of 1891, continued at 2 per cent. and called for redemption May 18, 1900; $13,450 of the 5 per cent. loan, which matured February 2, 1904, $907,100 of the 4 per cent. funded loan, which matured July 2, 1907, and $14,920 refunding certificates which matured July 1, 1907, on all of which interest has ceased, making an aggregate of $1,961,635 of debt on which interest had ceased since maturity.

The 2 per cent. consols of 1930 were authorized by the Act of March 3, 1900, known as the Currency and Refunding Act. Of the bonds of this issue $641,954,550 are registered and $4,295,600 coupon. The bonds outstanding were issued in exchange for 3s of 1908, 4s of 1907 and 5s of 1904, under the provisions of the Act named above and the terms designated by the Treasury Department in a circular dated March 14, 1900. The Act provided that the old bonds named above should be exchangeable for new 2s, provision being made for the payment in cash to holders of the old bonds, making the exchange of the difference between their par value and their value computed on a basis to yield 2¼ per cent. per annum. The right to exchange the old bonds was suspended by the Treasury Department, under Section 11 of the Act, on December 31, 1900, but has been resumed from time to time, the latest occasion being under a circular of the Secretary of the Treasury issued April 2, 1907. These bonds are in denominations as follows: Coupon, $50, $100, $500 and $1,000; registered $50, $100, $500, $1,000, $5,000, $10,000 and $50,000.

The 3 per cent. War Loan of 1908–1918 was authorized by the Act of June 13, 1898. The bonds were created and issued to provide for the expenditure caused by the Spanish War. They are redeemable after August 1, 1908, at the Government's option. The bonds were placed by a public subscription under a Treasury circular dated June 13, 1898, the subscription, which closed

July 14, 1900, aggregating $1,325,000,000. These bonds, both coupon and registered, were issued in denominations of $20, $100, $500 and $1,000 and also in registered denominations of $5,000 and $10,000.

The 4 per cent. loan of 1925 was authorized by the Act of January 14, 1875, Resumption Act, and Section 3,700 of the Revised Statutes of the United States, Act of March 17, 1862, the latter empowering the Secretary of the Treasury to purchase coin with bonds or notes of the United States. These bonds are issued in denominations of $50, $100, $500, $1,000, $5,000 and $10,000 registered and $50, $100, $500 and $1,000 coupon.

The Panama Canal 2 per cent. loan was authorized by the Acts of June 28, 1905, and December 21, 1905, the amount authorized being $130,000,000, and the bonds are redeemable at the pleasure of the United States after ten years from date of issue. Bonds can be coupon or registered and may be issued in denominations of $20 or multiples thereof. The original $54,631,980 of these bonds were sold in 1906 and on July 20, 1906, $30,000,000 additional were issued.

UNITED STATES OF MEXICO

External Debt

Consolidated external gold loan, 5 per cent., quarterly, Jan., April, July and Oct...	$103,339,241
4 per cent. gold bonds of 1904 due Dec., 1954, June and Dec.....	38,243,000
Total.....	$141,582,241

There are also various internal loans payable, interest and principal, in silver, amounting to a par value of upwards of $150,000,000.

The Mexican consolidated external 5 per cent. gold loan of 1899 was created to refund and retire outstanding 6 per cent. and 5 per cent. gold bonds aggregating £16,283,000. A majority of the old bonds were exchanged for the new 5s, the balance being called and paid off.

The principal of the 5 per cent. gold loan was £22,700,000, agreed equivalent in United States currency at $4.85 to the £, or $110,095,000; in German marks, 463,000,000. The bonds are coupon, to bearer, and are without provision for registration. They are issued in fixed denominations of £20, £100, £200, £500 and £1,000, or $97, $485, $970, $2,425 and $4,850, respectively, in United States gold coin of the present standard, also in German marks. Coupons are payable quarterly on January (1) April, July and October. Each quarterly coupon of the £200 bonds calls for £2 10s., $12.12½, or 51 marks. Coupons on bonds of the other denominations are in proportion to these amounts. Coupons are payable at holder's option either in London by Morgan, Grenfell & Co.; in New York by J. P. Morgan & Co.; in Berlin by S. Bleichroder or the Deutsche Bank, and in Amsterdam. The first coupon matured April 11, 1900.

No period is fixed for the maturity of these bonds. The Mexican Government, however, obligates itself to pay from January 1, 1900, a semi-annual sinking fund of 0.31 per cent. of the original amount of the loan. By the operation of the sinking fund it is calculated that the entire issue will be retired within forty-five years. Bonds may be purchased for the sinking fund at below par or drawn and retired at par. After July, 1909, the Mexican Government has the right to increase the sinking fund payments or to pay off the loan at par on three months' notice. The bonds and coupons are free from any existing or future Mexican tax. Bonds drawn for the sinking fund are payable at holder's option by any of the firms named above as agents for the payment of coupons at the fixed equivalent amounts in the currencies of the respective countries. As security for the interest and sinking fund the Mexican Government pledged 62 per cent. of its combined import and export duties.

The 4 per cent. gold bonds of 1904 were $40,000,000 in amount, divided into two series A and B respectively. The issue was created to pay off $18,500,000 of 4½ gold treasury notes due June 1, 1905, and June 1, 1906, which were called for redemption February 1, 1905; $15,123,000 6 per cent. silver subvention bonds for the Vera Cruz & Pacific Railway (now Vera Cruz & Isthmus Railroad Co.) and the Mexican Southern Railway and certain amounts of special silver obligations issued for the construction of various railways and harbors. Principal and interest are payable in New York in United States gold coin at the office of Speyer & Co., or, at the holder's option, in London, at the rate of $4.86 per pound sterling, or in Frankfort or Berlin at the rate of 4.20 marks per dollar, or in Paris at the rate of 5.18 francs per dollar. The bonds are in the denominations of $1,000 and $500 United States gold coin or the equivalents in foreign currencies. They are dated December 1, 1904, mature December 1, 1954, and have coupons attached payable June 1 and December 1. The bonds are to be always exempt, both as to principal and interest, from all Mexican taxes already established, or that may in future be established by any authority. A semi-annual sinking fund provides for the gradual retirement of the bonds in fifty years. During the first five years bonds are to be drawn for redemption at par; after that time bonds will be purchased in the market, if the market price be below par; otherwise

they will be drawn at par. Except by the operation of this sinking fund the bonds are not subject to compulsory retirement.

The Mexican Government has guaranteed by indorsement an issue of $7,000,000 1st mortgage 4½ per cent. bonds, due July, 1934, interest January and July, of the Vera Cruz & Pacific Railway Co., now the Vera Cruz & Isthmus Railroad. See statement of the latter in the Railroad Section of the MANUAL.

On April 6, 1908, it was announced that the Mexican Government would guarantee by indorsement both interest and principal of an issue of $160,000,000 in United States gold 4½ per cent. general mortgage sinking fund redeemable bonds of the Ferrocarriles Nacionales de Mexico (National Railways of Mexico), the company organized to consolidate the Mexican Central Railway Co., Limited, and the National Railroad Co. of Mexico. Details of this issue are given in the statement of the National Railways of Mexico in the Railroad Section of the MANUAL.

REPUBLIC OF CUBA

EXTERNAL DEBT

External debt, 5 per cent. gold bonds, due March, 1944, March and Sept	$35,000,000
External loan, 4½ per cent., due Aug, 1949, Feb. and Aug	16,500,000
Total	$51,500,000

The 5 per cent. gold bonds of 1904–1944 were issued in conformity of a law passed by the Congress of Cuba, February 22, 1903, as amended January 25, 1904. By this law the President of the Republic was authorized to issue a 5 per cent. loan in gold, in money of the United States or in sterling, at the rate of $4.86 for each £. The coupons and bonds are payable at the option of the holder in New York in United States gold coin; in London in pounds sterling; in Frankfort and Berlin in reichsmarks, and in Paris in francs. The Republic of Cuba pledges its good faith for the payment of the bonds and the principal thereof, the law authorizing the loan having created special taxes upon wines, liquors, tobacco and other articles, which taxes shall remain in force during the life of the loan or any part of it. Under the contract between the Government of Cuba and Speyer & Co., New York, for the sale of the bonds to that house, dated May 11, 1904, the Government furthermore, as special security for the loan, pledged, with preference over any future pledges or hypothecations, 15 per cent. of the customs receipts of the Republic, a sum equal to which is to be paid weekly to Speyer & Co. in New York, or their agents in Havana, until the amounts received by them are equal to the amount required for the annual charges for the year then current for interest and sinking fund payments. If the 15 per cent. of the customs receipts shall prove insufficient, the Cuban Government agrees to set aside and pledge such an additional amount of the customs receipts as will in eleven months produce the requisite amount.

There is a sinking fund for the redemption of the bonds, which commenced March 1, 1910, the same consisting of $1,020,000 per annum, to be paid to Speyer & Co. in monthly instalments of $85,000 each. These amounts shall be applied to the purchase of bonds at par; otherwise bonds can be drawn by lot for redemption at par and interest.

Coupon bonds may be exchanged at the office of Speyer & Co., New York, for registered bonds. Principal and interest of the registered bonds are payable only in United States money at New York, and such registered bonds may be re-exchanged for coupon bonds.

The 4½ per cent. external loan due August, 1949, is limited to $16,500,000 as the amount authorized by decree of the Provisional Governor of Cuba, with the approval of the Secretary of War of the United States, this authorization having been given in 1909. Under the terms of the decree the proceeds of the loan are to be devoted to the retiring of $2,196,585 6 per cent., bonds of the Republic of Cuba and to pay for sewering and paving the City of Havana, the extension of its water supply, and the installation of a water and sewer system in Cienfuegos. Under agreement between the Republic of Cuba and Speyer & Co., New York, dated August 25, 1909, the government is to deliver only $5,500,000 of these bonds each year. The first instalment of $5,500,000 was so delivered in September, 1909, the second instalment of $5,500,000 in February, 1910, and the third and last instalment of $5,500,000 in February, 1911. Principal and interest are payable in New York, in United States gold coin, at the office of Speyer & Co.; in London, at $4.86 per £1; in Berlin or Frankfurt, at 4.20 marks per dollar, or in Paris, at the rate of 5.18 francs per dollar. They are redeemable on the first day of any month at 105 and interest upon 30 days' notice, and on and after August 1, 1919, will be subject to drawing, at par and interest, for the sinking fund. The Government of Cuba pledged as much of its customs receipts as shall be necessary for the interest and sinking fund requirements. Bonds are in denominations of $1,000 each in coupon form.

The Republic of Cuba also has various internal loans incurred since the formation of the present government of the island.

UNITED STATES OF BRAZIL

STATE OF SAN PAULO

State of San Paulo 5 per cent. bonds, due January, 1919, Jan. and July. £15,000,000

The 5 per cent. bonds of the State of San Paulo, Brazil, are guaranteed by the United States of Brazil under a decree dated December 9, 1908. The bonds are secured by a surtax or export tax of 5 francs per bag on all coffee grown in, or exported from, the State of San Paulo, and also coffee amounting to about 7,000,000 bags belonging to said State and located at ports in Europe and the United States. The bonds are redeemable semi-annually from the revenue derived from the surtax and sales of coffee through the purchase of bonds below par, or semi-annual drawings at par in June and December, drawn bonds to be paid on the first of the following months of January and July. Under the provisions of the sinking fund, a large amouut of the issue had been called and retired to February, 1911, inclusive. The bonds are in coupon form in denominations of £1,000, £500, £200, £100, £50 and £20, and their respective equivalents in francs, marks, guilders and dollars, at the rate of 25.12 francs, 20.40 marks, 12.05 guilders and $4.86 respectively to the pound sterling. Interest and principal are payable in London and other European cities, and at the National City Bank, New York.

ARGENTINE REPUBLIC

Internal gold loan of 1909, 5 per cent., red. after March, 1914, March and Sept., g. pesos.. 50,000,000

The 5 per cent. internal gold loan of 1909 is for 50,000,000 gold pesos; 252,000,000 francs; £10,000,000 sterling; 204,500,000 marks, and $48,650,000 United States gold. Principal and interest are payable in Buenos Aires in gold pesos: in London in pounds sterling, at the fixed exchange of 4 shillings per peso; in Paris in francs, at 5 francs 4 centimes per peso; in Berlin in reichsmarks, at 4.09 per peso, and in New York, at $0.973 per peso; free of all present and future Argentine taxes. Provision is made for a sinking fund of one per cent. By the operation of this sinking fund the loan will be paid off in 36 years at the latest. The contract with the Argentine Government provides that said fund is to be applied half-yearly to the purchase or tender of bonds at or under par or by drawings at par should the bonds be at or over par. The first operation of the sinking fund was in December, 1909. Drawn bonds are payable on March or September 1 following the date of the drawing. The Government undertakes not to increase the sinking fund or to redeem the whole of the loan before March 1, 1914. There was issued in the United States £2,000,000 or $9,730,000 of the bonds, the same being offered in February, 1909, by J. P. Morgan & Co., the First National Bank, New York, and the National City Bank, New York, and associates in other cities at $963.27 per 1,000 peso bond. They are in denominations of 1,000 gold pesos, or $973.

DOMINICAN REPUBLIC

Customs Administration bonds, 5 per cent., due Feb., 1958, Feb. and Aug.....$20,000,000

The Customs Administration 5 per cent. sinking fund bonds are $20,000,000 authorized by a Dominican law, dated September 16, 1907. They are issued under a treaty with the United States of America, dated February 8, 1907, whereby the administration and collection of all customs of the Republic whether imports or exports during the life of the bonds shall be effected by a General Receiver appointed by the President of the United States, and applied to the service of the loan and that out of these collections the General Receiver shall pay to the Fiscal Agent the sum of $100,000 on the first day of each month. The Dominican Government on September 16, 1907, made a Fiscal Agency Agreement with the Morton Trust Co., now the Guaranty Trust Co., New York, which provides that payment of said bonds is secured as to both principal and interest as a first charge upon all customs duties under said Treaty with the United States. The bonds are dated February 1, 1908, and are payable principal and interest in United States gold coin at the office of the Guaranty Trust Co., New York, Fiscal Agent, and in London at the fixed rate of $4.87 to the £1; in Paris at 5 francs, 17½ centimes to the dollar and in Hamburg, Germany, at 4 marks, 20 pfennigs to the dollar. The payments of $100,000 each month by the General Receiver to the Fiscal Agent is to provide for the interest on the bonds and a sinking fund of $200,000 per annum, the General Receiver being also required to pay to the Fiscal Agent for the sinking fund one-half of any surplus customs revenues in excess of $3,000,000. The

Republic may at any time make additional payments for account of the sinking fund. Bonds are to be purchased for the sinking fund at not exceeding 102½, and if they cannot be purchased at that price are to be drawn by lot for same. Bonds in the sinking fund are to be stamped "not negotiable" and to be kept alive for its benefit.

THE UNITED KINGDOM OF GREAT BRITAIN AND IRELAND

The figures given below as the amount of each class of British public funds outstanding, except the terminable annuities, were as of March 31, 1909. The British pound sterling consists of 123.27 grains of gold .916⅔ fine, the equivalent of £1 in United States currency being $4.86⅔.

There are, in addition to the above, local loan stocks created under authority of Act of Parliament and administered by the Commissioners of the National Debt which amount to £71,058,813.

The 2½ per cent. consols were created in 1888 to refund previous issues. They bore 2¾ per cent. until April, 1903, and 2½ per cent. thereafter, but after 1923 may be redeemed at any time at par, as Parliament may decide. Interest is payable quarterly, January (5) April, July and October at the Bank of England. The consols are either "inscribed stock," that is, registered, or bonds to bearer.

In April, 1901, £60,000,000 of consols were issued to provide for the cost of the South African war. The issue price was 94½, and subscriptions were invited in the United States through J. P. Morgan & Co., New York; Drexel & Co., Philadelphia, and Kidder, Peabody & Co., Boston. The American subscriptions aggregated about half the amount of the loan, and allotments of 35 per cent. were made thereon.

The 2¾ per cent. annuity stock was issued in 1884 to refund 3 per cent. consols. Since January, 1905, it may be redeemed as Parliament shall decide. Interest is payable quarterly, January (5), April, July and October, at the Bank of England. The stock is either "inscribed" or in the form of coupon bonds to bearer.

The 2½ per cent. annuity stock was created in 1853, and various amounts have been issued to refund old obligations. The stock matured in 1895, but was extended to January, 1905, since when it may be redeemed on one month's notice, as Parliament decides. Interest is payable quarterly, January (5), April, July and October, at the Bank of England.

The terminable annuities represent a description of sinking fund by which a portion of the British national debt is paid off, and, after a certain time, the capitalized sum entirely extinguised. Under various Acts of Parliament, the Treasury is empowered to grant annuities for a term of years in exchange for permanent stock. A holder of £1,000 of 2¾ per cent. consols, for example, can surrender them to the Treasury in return for a fixed payment for a term of twenty years, the consols being cancelled by the operation.

Interest upon the various classes of British funded obligations is subject to the regular income tax of 5 per cent., which is deducted from the coupons at the time of payment thereof.

IMPERIAL JAPANESE GOVERNMENT

The currency of Japan is gold standard, the yen of that country consisting of 100 sen, and weighing 25.72 grains of gold, 900-1,000 fine. Its value is 99.7 cents.

Sterling loan of 1905, 4 per cent., due Jan., 1931, Jan. and July	£25,000,000

The 4½ per cent. sterling bonds were created in March, 1905, and were offered for subscription in London and New York, one-half of the amount being allotted to each city. The bonds are in coupon form in denominations of £100, £200 and £500. Interest and principal are payable in sterling at London at the office of the Yokohama Specie Bank, Limited, or at its agency in New York, at the fixed rate of exchange of $4.87 per £1. This loan is repayable at par, February 15, 1925, but the Japanese Government reserves the right to redeem at par all or any of the bonds on or at any time after February 15, 1910, on giving six months' previous notice, partial redemption to be effected by drawings at the office of the Yokohama Specie Bank, Limited, London, and the New York agency of the same bank, in the usual manner. The loan is secured both as to principal and interest by a first charge upon the annual net revenues of the Imperial Japanese Government Tobacco Monopoly. The Imperial Japanese Government has the exclusive right to control the cultivation and production of the leaf, and to purchase, import, manufacture and sell tobacco. It thus possesses the entire monopoly of the tobacco trade within the limits of the Japanese Empire. The estimated net revenue for the fiscal year 1905–06 from this source was 32,011,-072 yen, which, at the exchange of two shillings and halfpenny per yen, is equal to £3,267,796 18s. 8d.

The 4 per cent. sterling loan of 1905 was offered in November, 1905, for subscription in London, New York, Paris and Berlin, £3,250,000 being allotted to New York; Kuhn, Loeb & Co., New York; the National City Bank, New York, and the National Bank of Commerce, New York, offering the same for subscription in November, 1906, at 87 and interest. The authorized amount of the loan is £50,000,000, the unissued balance of £25,000,000 being reserved to convert or redeem the two series of 6 per cent. sterling bonds. The bonds are in coupon form, in denominations of £10, £20, £100, and £200. Interest is payable in sterling at the office of the Yokohama Specie Bank, Limited, London, or at its agency in New York, at the fixed rate of exchange of $4.87 per £1. Interest is also payable at Paris, through De Rothschild Freres, and at Berlin, through the Deutsch-Asiatische Bank. The loan is divided into series of £1,000,000 each and is redeemable at par on January 1, 1931, but the Japanese Government reserves the right to redeem at par all or any of the series of bonds on or at any time after January 1, 1921, on giving six months' previous notice; partial redemption to be effected by drawings of complete series in the usual manner at the office of the Yokohama Specie Bank, Limited, London, and notice of the distinctive number or numbers of series drawn will be given by advertisement in two newspapers in each place where the coupons are payable.
